Between 1885 and 1902 1,759 Homestead Leases were granted in the Western Division of New South Wales. From 1903 many of these Homestead Leases were converted into Western Land Leases.

Starting out on my Family History I looked for Tarangara and was directed to Tarangara run on Para Pastoral Holding and told that this was all that I needed to know. It took time and patience in those days to get to the story of Tarangara - Homestead Lease. The history of all the Homestead Leases is there at the State Archives but to uncover their stories and those of the people who changed western New South Wales we needed the names of the Homestead Lessees and the Homestead Lease numbers. By providing all the original Homestead Lessees and now the transfers of the Homestead Leases and their conversion into Western Land Leases I hope that the full history of the development of western New South Wales can now be told.

Between 1885 and 1902 **1,759 Homestead Leases** were granted in the Western Division of New South Wales. In sharp contrast to the previous land system, every aspect of these Homestead Leases was highly regulated and policed. In August 1885, on the first day of issue, over a million acres of land was taken up as Homestead Leases. From 1903 the majority of the Homestead Leases were converted into Western Land Leases which offered greater security of tenure.

In 1884 most of western New South Wales was made up of vast Pastoral Holdings, each Holding being divided into runs. The Crown Lands Act of that year required that half of each of those runs in the Western Division be offered as Homestead Leases (HLs). A Homestead Lessee could hold a maximum of 10,240 acres. A large run could become several Homestead Leases. Usually a Homestead Lessee held only one lease, however I did come across one case where a person held three Homestead Leases - but the total area of these three HLs was still under the 10,240 acre limit. Also at a later stage some Homestead Lessees were able to obtain small Additional Homestead Leases, these leases being counted in the total number of 1,759 leases given above.

So alongside those potentially halved Pastoral Holdings, now called Pastoral Leases, held by a wealthy man, with their almost self-sufficient communities made up mainly of male workers, we had developing the smaller 10,240 acres Homestead Lease - a man and his family (or a woman under certain conditions), often holding land for the first time, and having to pay a deposit, usually equal to a year's rent in advance, pay for a survey of his land, tackle the 12 plus miles of fencing within 2 years, living on the lease for at least 6 months of each of the first 5 years, and having enough income to support his family. The first leases were usually granted for 15 years, broken into three periods of 5
years. At the end of the first 5 year period if the lessee had fulfilled all the required conditions he could claim the land as his own lease, although it still remained totally subject to Government regulations and leasehold conditions.

The records tell us all the negatives about being a Homestead Lessee - when they were driven off their land by drought or flood or rabbits, or when they failed to pay the rent or do their fencing. It is easy to talk about the difficulties involved and so overlook the tremendous benefits to be gained in taking up a HL. THEY HAD LAND. My ancestors and those of the people with whom I have corresponded with on NSW-West were all genuine lessees, who were successful enough to raise families and live a hard but good life on that land. Go out West today and see just how many of the families in the area owe their start to their ancestors taking up a Homestead Lease.

The vast majority of the Homestead Leases worked well enough to survive to become Western Land Leases from 1903.

The issuing of these 1,759 Homestead Leases permitted the influx of smaller leasehold property holders into western New South Wales, into the territory formerly dominated by vast Pastoral Holdings. Because the story of these numbered, but unnamed, individual Homestead Leases, very often further hidden under the name of a mortgagee, has not been collated until now, their contribution and their impact has largely been ignored.

By providing all this information on the Homestead Leases I hope that others will be able to find out about their ancestors who were Homestead Lessees, and that historical and environmental researchers will be able to use this as the basis for further work revealing the true record of the development of western New South Wales.

The introduction of the Homestead Leases made an enormous difference to the Western Division of New South Wales. My ancestors were Homestead Lessees. Please don't continue to ignore them and others like them.

HOW TO USE THIS WEBSITE TO FIND YOUR ANCESTOR

RUSHEEN CRAIG,  November 2016.

1. Read the Introduction to Homestead Leases.

2. Check the Homestead Lease Index of each of the 10 Land District Registers.

Look under the section "Transfers of these Homestead Leases and their Conversion into Western Land Leases." This lists all names mentioned in each Land District Register. If you find a name of interest there it could mean that this person was a Homestead Lessee. Note the Homestead Lease number. However a name in the Index does not necessarily mean that this person held a Homestead Lease [HL]. He might have held a mortgage over a HL, had Grazing Rights on a HL, been mentioned in relation to paying for shared fencing costs or making an objection to a HL, or be looking after the deceased estate of a Homestead Lessee. So be sure to go to step 3.

3. Check the Homestead Lease Transfers of the Matching Land District for that Homestead Lease Number.

This will show you what has happened on that Homestead Lease since it was originally granted and in most cases show its conversion into a Western Lands Lease. Note the Homestead Lease Number and the year in which it was Gazetted and the original holder of the HL. Note also the Western Lease Number.

4. Match these Listings with the Information from the Gazettes.

The information from the Government Gazettes has been listed year by year. It should show when the HL was originally granted and if it was accepted or refused by the applicant, if it was forfeited etc. What it also shows is the Land District, County and Parish of the HL, its size - usually the top permitted limit of 10,240 acres, its annual rental at that time. The Government Gazettes do not show the transfers of the HLs.

Check also the information from the Government Gazettes on the Western Land Lease [WLL]. Granted from 1903 these WLL numbers get you a little closer to finding the land on a map.

5. Check the Information from Gazettes for Names not in the HL Transfer Registers.

Not everyone mentioned in the Government Gazettes in relation to Homestead Leases has their names in the Homestead Lease Transfer Registers. If a person applied for a Homestead Lease and his application was refused then his name will not be in the Registers that I used. If a person applied for a HL and it was granted but he did not accept it his name might not be in the Registers I used.
The Registers that I used show when a HL was forfeited if that was the end of the tenure of that person. However if a HL was forfeited and the forfeiture was reversed then the Register just shows the reversal of the decision without giving the actual forfeiture itself. The Gazette might have these details.

See also the HLs that I accidentally missed when first doing the information from the Government Gazettes.

6. The Western Land Leases.

Under the Western Lands Act of December 1901, the Homestead Leases, Pastoral Leases and some other forms of land tenure in the Western Division of New South Wales could be converted into Western Lands Leases [WLLs] that offered greater security of tenure. These WLLs came to be issued from 1903.

The names of every holder of a Western Lands Lease is given along with the number of that Western Land Lease [WLL] from the first WLL in 1903 to 1910. However if the Homestead Lease, Pastoral Lease, or other land tenure was mortgaged then the lessee is shown as the person or bank that holds the mortgage over the property. The trick is to look for the Homestead Lease number (or Pastoral lease or whatever) which doesn't change and match this with a WLL. e.g. This means that although you might be searching for someone with a name starting with "S" he might be listed under "A" for the Australian Land and Finance Company Limited.

This is your way to link your HL of the 1800s onto a map of today.

Then go on to look at the rules and regulations that were the basis for your ancestor holding that Western Lands Lease. And then the limited information I have given on the results of the WLLs. Western Lands Act of 1901.docx Western Lands Act Regulations.docx Enactment of the Western Lands Act of 1901.docx

7. Finding the location of the Homestead Lease on a Map.

At long last I have found the map showing the position of the Homestead Leases - or to be more exact I've found the copy of 4 of the 6 large sections of the enormous original map. This is the main source: Maps of HLs in Land Districts.docx

For detailed maps of the districts, see section: MAPS SHOWING THE HOMESTEAD LEASES.

Other methods of trying to locate your Homestead Lease or Western Land Leases

This gives you the location in NSW and then zooms into that area. This serves to define where your county is in western NSW - an area very much lacking in easily definable features.

On NSW-WEST I have also provided another map:
The 1884 Crown Lands Act divided New South Wales into three Divisions - the Eastern, Central and Southern Divisions. This map shows the Western Division. All the Homestead Leases were in this Western Division.

Look at information from Gazette listings of the HL you are interested in; this time note the County. This map shows the Counties in the Western Division. So you will have a fairly good general idea of where the HL was located.

The online Parish Maps are a good way to see the Homestead Leases. http://images.maps.nsw.gov.au/pixel.htm

Keyword: Put in the county in which your HL is situated.

Search only for Historical Maps.

From the results pick only those ones that also match your Parish.

Sometimes you will still be able to see the HLs, in other cases there are the WLLs, but often the maps show features that come after our HL - WLL period. The name that appears on a portion of a map refers to the first holder of that exact piece of land; if the boundaries are altered then the first holder of the altered land is named on the map. Sometimes details from a later period can be added to a map.

8. Now go back and take the time to find out all about the Homestead Leases.

So that you will better understand what it meant to be a Homestead Lessee read through the other information I have provided.

9. *** State Records.

If you have the opportunity go out to Kingswood to State Records, starting with that all important Homestead Lease number, see if you can track down the actual individual record of your ancestor's Homestead Lease.

It has been a real journey of discovery finding the story of my Byrnes Family Homestead Lessees, I wish you luck in being equally successful in your quest. I hope that I have helped a little in your search.

RUSHEEN CRAIG, November 2016.
Maps to show how the Homestead Leases affected the area of land between the Lower Darling River and the South Australian border, in the far south west section of New South Wales. The Darling River is on the east, and the Anabranch flows through the central section.

The first map (Figure 1) shows that all this land as held by six Pastoral Holdings - Lake Victoria station, Moorna station, Avoca (almost in 3 sections), Bunnerungie, Cuthero, and another station Para that is not named on this map.

In the second map (Figure 2), half of the runs on these Pastoral Holdings have been offered as Homestead Leases as required by the Crown Lands Act of 1884. Along with the 6 Pastoral Holdings, now called Pastoral Leases, there are now 77 Homestead Leases.
Figure 1: Pastoral Holdings from the Lower Darling River to the SA border before Homestead Leases.

Figure 2: The same area showing the inclusion of the Homestead Leases

The third map (Figure 3) shows the properties that exist in that area today.

The late A. W. Smith, formerly of "Birdwood", Pooncarie, knew the area well and shaded in each of the properties in this Lower Darling area. We owe him a great debt for his contribution to our understanding of today's properties.

Oft times I've heard repeated the assertion that the Homestead Leases could really be ignored because they lasted for such a short time, they weren't successful, and soon afterwards property ownership returned to very much the same as it was before. This map shows how wrong that statement is!!!!!!

Homestead Leases did not just disappear. Along with the Pastoral Leases most of the Homestead Leases were successful enough to be converted into Western Lands Leases from 1903.

Because of the difficult conditions all people on the land struggled in the latter part of the 1800s - not just the Homestead Lessees. Today some former Homestead Leases operate as successful properties in their own right, but is true that the 10,240 acres of a Homestead Lease is now usually not large enough to be viable so several Homestead Leases might have to be joined together to make a going concern.

What has not happened - The land hasn't reverted back into those large Pastoral Holdings of pre 1885.

Look at all the properties that exist in the area today compared to the SIX original properties that had once occupied the entire area.

The introduction of Homestead Leases changed the Western Division of New South Wales.
Figure 3: All the properties that exist in that area today. Compare this with the first Map of 6 properties.
Wentworth Administrative District, Western Division, N.S.W. The late Arthur Smith, formerly of "Birdwood," Pooncarie, shaded in and named the current properties in the area in 2009.
HOW THE HOMESTEAD LEASE SYSTEM WORKED.

The Homestead Lease system, that potentially affected half of western New South Wales, was based on the Crown Lands Act of 1884. Details of this Act are given on my website and it is these details that should form the basis of your understanding of the Homestead Leases.

What was a Homestead Lease.
Don't think of a Homestead Lease as a House and Land package, rented because the person didn't have enough money to buy land. Nothing could be further from the truth.

The land in question was Crown Land that could not be purchased. It was available only as a Homestead Lease - and it didn't come originally with a home.

As a result of the Crown Lands Act of 1884 the Governor could grant Homestead Leases [HLs] in the Western Division of New South Wales within the land resumed from half the area of the Pastoral runs or on vacant land. The area of the HLs could not exceed 10,240 acres or be less than 5,760 acres. It was granted originally for a term of 15 years with the same rights of extension as Pastoral Leases.

Applicants had to pay for a deposit and for a survey of the proposed HL. If their application was successful they had to pay an annual rental, their HL had to be enclosed with the prescribed fencing within two years, and they had to live on the HL for at least six months of each of the first five years.

Western Division of New South Wales.
The Crown Lands Act of 1884 divided New South Wales into three sections, Eastern, Central and Western Divisions. The Homestead Leases were all in the Western Division under what became a highly regulated system of management of Crown Lands.

Land Districts.
This Western Division came to be further divided into ten Land Districts:
Balranald
Bourke
Brewarrina
Cobar
Hay North
Hillston North
Walgett
Wentworth
Wilkannia
Willyama (Broken Hill area)

If searching in the Register of Homestead Leases for additional information on your ancestors you should not confine your search to the land district of the original Homestead Lease given in the Gazette since the district boundaries were sometimes changed and new districts, like Willyama, were added.
Rusheen Craig, January 2016.

The additional information below has been taken from a digital copy of "New South Wales, Statistics, History, and Resources", Executive Commissioner for New South Wales, World
Columbian Exposition, Chicago, 1933 [attempted transcription also on my website]. As such it should be used only as a guide rather than an authority on any particular detail.

Local Land Boards.
A Land Board was set up to administer each Land District, consisting of a salaried chairman, who automatically became a Justice of the Peace, and two others, appointed by the Governor, and paid for each sitting they attended. If they sat on a case in which they were directly or indirectly interested they were liable to a penalty of up to £500.

These Local Land Boards dealt with cases concerning compensation, arbitration, appraisement, and non-fulfilment of conditions of the HLs under the terms of the Act. Cases were heard in open session. Counsel attorneys or agents were permitted. Witnesses were compelled to attend and produce documents, such witnesses being entitled to allowances and travelling expenses.

Complaints or cases to be brought before the Board were made by lodging a prescribed form verified by a statutory declaration to the Land Agent along with £10 as security for any costs that might be awarded against him by the Board [a large sum at that time].

District Surveyor.
A District surveyor was appointed for each Land District by the Governor along with such other officers as were necessary.

They had the massive job of surveying every Homestead Lease, noting size, boundaries, natural features of the property, existing vegetation, sometimes access to markets, and most importantly assessing the carrying capacity of the HL so that rate of rental could be determined.

Where the Homestead Leases Came From.
In 1884 at the time of the Crown Lands Act, a large portion of western New South Wales was occupied by large Pastoral Holdings, each Holding being made up of smaller runs. The Act decreed that:
"the runholder shall divide by a line or lines the entire area of all Crown Lands within any Pastoral Holding into two parts as nearly equal as practicable. and after receipt of the plan mentioned the Governor may by notice in the Gazette reserve from sale any land within such Pastoral Holding divided as aforesaid, pending a determination of which part shall be converted into a Resumed Area."

In this way the runs on the Pastoral Holdings of the Western Division of New South Wales were divided in half; one half being retained by the holder as a 15 year Pastoral Lease, and the other half, the Resumed Area, being available for selection as Homestead Leases. This meant that potentially the Homestead Leases could take up half of all the used land in western New South Wales.

An example of the division of a (relatively small) Pastoral Holding.
PARA PASTORAL HOLDING, No. 261.
Western Division

Leasehold Area. Land District of Wentworth; County of Wentworth. The Crown Lands within the boundaries of South Tulrigo, Para, and Sturt's Billabong North Runs, and those parts of Tulrigo, Cutpy,
Salt Lake, and Illingerry Runs lying to the south and west of the dividing line as notified in Gazette, 5th August, 1885.

**Resumed Area.** Land District of Wentworth; County of Wentworth. The Crown Lands within the boundaries of Tarangara Run and those parts of Tulriga, Cutpy, Salt Lake, and Illingerry Runs lying to the north and east of the dividing line, as notified in Gazette, 5th August, 1885.

**Leasehold:** 176,912 acres.
**Resumed:** 160,522 acres - this area available as Homestead Leases.

One run in the Resumed Area could become several 10,240 acre Homestead Leases e.g.

Tarangara Run (above), became

HL 281 Garrett Byrnes 10240 acres
HL 536 George Walker 10240 acres
HL 1416 George Reid 10240 acres.

**Area which may be held as a Homestead Lease.**
The area of a Homestead Lease could **not exceed 10,240 acres or be less than 5,760 acres.** If the land was measured it could be applied for in portions as measured, but measured and unmeasured land could be applied for together.

If the land was unmeasured and had a frontage, the depth should not be less than twice the width; but if the land was unmeasured and has no frontage, it should be in the form of a rectangle, the length of which should not exceed twice the width, and the boundaries, other than the frontage, should, so far as is practicable, be directed to the cardinal points.

Later Additional Homestead Leases could be granted. An additional lease may comprise less than 3,560, though not less than 640 acres, if a larger area is not available, or if available, would, with the area already held, exceed 10,240 acres.

The Land Board had the power to vary or modify the land applied for.

**Who could hold a Homestead Lease.**

**No minor** was permitted to accept or hold a Homestead Lease.

The addition to that statement in the Act has me puzzled:

"124: No minor shall be capable of accepting or **holding any lease** or license under this Act except in so far as a minor not less than 16 years of age is permitted to hold a conditional lease by virtue of a conditional purchase or by way of inheritance."

Does it mean - Except in so far as a minor not less than 16 years of age obtains the HL by inheritance. Or the "by way of inheritance" might just apply to the conditional lease / conditional purchase and therefore have nothing to do with Homestead Leases? Rusheen Craig, April 2016.

The "New South Wales, Statistics, History, and Resources" directs:

*Any person of or over sixteen years of age, if not a female minor, may apply for a Homestead Lease.*
A married woman could not hold a Homestead Lease except as a separate estate. Further clarification is given in the "New South Wales, Statistics, History, and Resources": A married woman, if living apart from her husband under an order of judicial separation, may, out of moneys belonging to her separate estate, apply. A married woman not so situated cannot do so, but is not prevented from acquiring a lease under the will of intestacy of a deceased holder.

In my recording of the Homestead Leases I found that if a single woman held a HL and then married she could usually on application be granted permission to retain her lease.

A holder of a Pastoral Lease during the currency could not hold a Homestead Lease; A holder of a Homestead Lease could not take up a Pastoral Lease.

A mortgagee could hold the mortgage over more than one Homestead Lease or Pastoral Lease. Because it was a very difficult period of drought and rabbit plagues many Homestead Lessees found that they had to borrow money to survive. When money was borrowed the name of the person or the Bank lending the money officially became the Homestead Lessee and the name of the true lessee no longer appeared on official papers. The HL had to be tracked by its number.

This resulted in the paper records showing many banks or lending institutions holding multiple HLs. It was even more confusing when it was a person lending the money; it then appeared that that person was able to hold multiple HLs at the one time, when in fact all that was happening was that he held the mortgage over these HLs.

When the HL was to be transferred to another person, it would briefly appear in the name of the true holder of the lease, be given into the name of the new lessee, and then if that person also borrowed money it would go into the name of his lender.

An overview of the situation of borrowing in NSW at the time (as distinct from the rural situation) is given by Arthur W. Jose in History of Australia (Angus and Robertson, Sydney, 1924). He states that during the eighties prosperity continued, and, on the whole, increased, being stimulated to an extent previously un-thought of by enormous public borrowings. This stimulus, however, was for the most part artificial; from 1885 onwards the price in Europe for Australian products began to fall, and the wool-growers - who still remained the main source of the country's wealth - found themselves pinched for money. Consequently they borrowed from the banks, and the banks secured money from English capitalists, in far greater amounts than had hitherto been customary. ... The mining boom of the mid-eighities, such as the silver at Broken Hill, concealed for some time the falling off of the pastoral industry. After 1885 employers, besides borrowing from the banks, tried to reduce wages. A period of strikes began, culminating in the seamen's and shearers' strikes of 1890, and the Broken Hill strike of 1892.

The Australian employer found his production decreasing because of the strikes, the European price of products still falling, and his expenses steadily rising as he borrowed more money and had to pay more interest on it. The banks found themselves forced to go on lending to men already deeply in debt, in a vain hope that things would some day and somehow improve. And so came the crisis of 1892-3. There was much less borrowing, for very few would lend; there was much less speculation, for no one dared risk the little money they had left; but there was much more and more varied genuine production. As it happened, the wool industry, which had been Australia's chief reliance, suffered heavily in the nineties from bad seasons, and the consequent loss of sheep; to compensate for that in part, a new
trade in frozen meat and butter sprang into being, and soon became of permanent importance. By the end of the century Australia was again prosperous, and no longer had all its eggs in one basket.

Another article in *Arid Lands of Australia* outlines what was happening on the land out West during this period: The greatest calamity of all was the deterioration of the grazing potential of the New South Wales west and the South Australian north-east. The area west of the Darling attracted a major share of speculative attention in the expansion of the sheep industry in the early eighties. Boom prices were paid for the right to occupy land; vast sums were spent on improvements; heavy debts were incurred; and in 1891 half of all Western Division leases (and probably a higher percentage of leases west of the Darling) were mortgaged to banks or pastoral finance companies (Butlin, 1964: 141). From the beginning carrying capacity was overestimated. Prime stands of saltbush and mulga and the oaten grasses first seen by new settlers existed because past seasons had been good and because there had been no grazing but the kangaroo's. They were deceptively inviting. But even if pastoralists had realized that their sheep were eating a haystack whose replacement was in the best of times a slow process, it is unlikely, once settlement had taken place, that they would have stocked any less heavily. Wool prices continued falling, with few interruptions; the property boom died. To make their investments pay, later to meet the interest charges or debts, and later still to prevent debts rising, they were driven to make the soil pay.

By 1894 there were just under eight million sheep west of the Darling - one-seventh of the whole of the colonies sheep and nearly half as many as there were in all Queensland's vast arid sheep walks. From the late eighties, moreover, the sheep were sharing their feed with uncountable rabbits. In the early nineties the grasses and bushes had been eaten thin and low. Then the long drought of 1895-1902 carried the deterioration to a climax. Starving stock grubbed out grass roots, stripped saltbush and mulga irreparably. Bared of vegetation, surface soil was eroded by winds to create man-made deserts. In only a handful of years since has the region carried as many as half the stock run there in 1894; the restraint imposed on stocking rates by nature was reinforced by government regulation of lessees, imposed in the hope that regeneration could be encouraged.

There is often raised the question of whether the economic difficulties of the squatters [and I am projecting this view to include Homestead Lessees] in the last quarter of the nineteenth century caused them to lose both ownership and control of their properties to the financial companies.

In the Royal Commission of Inquiry into the Conditions of the Crown Tenants in the Western Division of New South Wales 1880-1900, N. G. Butlin (Company Ownership of N.S.W. Pastoral Stations, 1865-1900), puts forward the view: The interests of the mortgagee companies in pastoral enterprise was basically a financial one. Though their powers may have been, and probably were, used harshly at times, nevertheless, their attitude on the whole almost certainly increased the security of pastoralists in practice. Far from mass evictions occurring, it would seem that individuals were often enabled, and sometimes were forced, because of their indebtedness, to continue working stations which they would otherwise have lost entirely.

Giving another view to the Commission, Mr. Hatten asserted that the pastoral companies were anxious to take over ownership, and, before eviction, to exercise a tight control over the management of the station. The evidence of J. Aitken, the managing director of Dalgety and Co. Limited, to the same Royal Commission shows the reluctance of the companies to evict the landholder.
The Crown Lands Act of 1884 stated that a person could hold only one Homestead Lease [at any one time] under penalty of forfeiture of every lease held by him. This was later amended to allow for small Additional Homestead Leases to be granted. I have 130 Additional Homestead Leases [ADLs] being granted - but I might not have recorded all the ADLs as such, merely having them as HLs.

The report of the Homestead Lease system that appeared in 1933 in "New South Wales, Statistics, History, and Resources" shows how the rules were amended for these Additional Homestead Leases: "The maximum area is 10,240 acres, and the minimum 3,560 acres, and may be acquired by one lease or a series of leases. An additional lease may comprise less than 3,560, though not less than 640, acres, if a larger area is not available, or if available, would, with the area already held, exceed 10,240 acres."

In my recording of the names of the Homestead Lessees they held only one HL at any one time until the later period when these much smaller Additional Homestead Leases were sometimes added. There was one isolated case in which a Homestead Lessee held 3 HLs but the combined total of land held by him was still within the 10,240 acre limit. Rusheen Craig, April 2016.

**Procedure in Applying for a Homestead Lease.**

Applications were made in the prescribed manner upon any Land Office day. The priority of conflicting applications was determined by ballot.

A sum of one penny per acre for the proposed lease was to be lodged at the same time as the application. For a 10,240 acre property this equalled £42-13-4 which was often the rate of the original annual rental for a HL of that size.

Each application was given a number based on the year in which the application was made, and then the order of that application within that year it was received within that Land District. HL 85.21 referred to Garrett Byrnes' application in 1885. His was the 21st application in the Land District of Wentworth for that year. However others shared that number in other Land Districts:

- HL 85.21 Andrew Stewart Anderson - Land District Balranald
- HL 85.21 Alexander Lee Cameron - Land District Hillston North
- HL 85.21 William Church - Land District Hay North
- HL 85.21 John Horton - Land District Bourke
- HL 85.21 John Nelson Ploughman - Land District Brewarrina
- HL 85.21 Jans Nilsson - Land District Walgett North

The notice of approval of a Homestead Lease Application was announced in the Government Gazette.

An example of such an announcement:

New South Wales Government Gazette (Sydney, NSW) 7 Aug 1897; Issue No.631 (Supplement) Page 5585.

NOTICE OF APPROVAL OF HOMESTEAD LEASES.

NOTICE is hereby given that, in accordance with the provisions of the Crown Lands Acts, His Excellency the Governor and the Executive Council have approved of the granting of Homestead Leases of the Crown Lands specified in the annexed Schedule, in satisfaction of the applications particularised therein.
Any balances of rent due must be paid to the Colonial Treasurer within sixty days from this date, and the rent for subsequent years must be paid yearly, in advance, to the Colonial Treasurer, subject, if not so paid, to the penalties imposed by the Crown Lands Acts.

The applicants must enter into occupation of the land within ninety days from this date, and also within sixty days of the date hereof pay to the Crown Land Agent of the District the sum specified for the cost of survey of such leaseholds.

J. H. CARRUTHERS.

Reg. No. 97-6202  ik  [see below for meaning]

HL 1563
Application No. 96-3  [provisions: i  k]; Applicant: Garrett Byrnes
Land District Wilcannia; County Tandora; Parish Weinteriga
10,240 acres
Rent per acre:  80/100 pence; Annual Rent £34-2-8
Amount now called for: £2-0-11
Date at which rent is called for: 11 Aug 1897
Term of Lease: From 12 Aug 1897 To 11 Aug 1924
Cost of Survey: £11-15-4
i  Five-wire fence, posts not to be more than 14 feet apart.
k  The rent from 12th August 1896 to 11 Aug 1897 is £34 2s 8d. The amount paid as deposit and survey fee, viz., £52-13-4, has been applied in part payment of the said rent, and cost of survey amounting in all to £54 14s 3d, which leaves a balance still due to the Crown of £2 0s 11d.

Provisions required for 6 other Homestead Leases that were announced at the same time:
HL 1559  John Martin Byrne [no relation to my Garrett Byrnes]  [provisions: a b]
HL 1560  John Griffith  [provisions: c d]
HL 1561  Helena Mary Egan (spinster)  [provisions: g h]
HL 1564  Angus Kindley  [provisions: i m]
HL 1565  Hugh John Clune  [provisions: n o]

a  A substantial sheep-proof fence to be erected on exterior boundaries, with posts no more than 15 feet apart, sunk not less than 20 inches into the ground.
b  The amount paid as deposit and survey fee, viz., £52-13-4, has been applied as payment of two year's rent from 27th May 1896, to 26th May 1898, and cost of survey amounting in all to £42 14s 11d which leaves a balance of £8 9s 8d to the credit of lessee.
c  Class of fencing described under "a".
d  The amount paid as deposit and survey fee viz., £52-13-4, has been applied in payment of two year's rent from 27th May 1896 to 26th May 1898, and cost of survey amounting in all to £44 3s 8d which leaves a balance of £8 9s 8d to the credit of the lessee.
e  Class of fence described under "a".
f  The deposit lodged with the application, viz., £43 13s. 4d., has been applied in payment of rent from 3rd March, 1897, to 2nd March, 1898, and the amount paid on account of survey fee, viz., £10, has been applied in part payment of that service leaving a balance of £11 13s. 7d. still due for Survey.
g  For the boundaries a six-wire fence, posts not more than 11 feet apart or three-wires and rabbit-proof netting.
h  The rent from 29th July, 1896, to 28th July, 1898, (two years), is £61 8s 10d. The amount paid as deposit and survey fee, viz., £52 13s. 4d., has been applied in part payment of the said two year's rent,
and cost of survey amounting in all to £78 58. 9d., which leaves a balance still due to the Crown of £25 12s. 5d.
l The class of fencing is to be the existing fences on the northern and western boundaries on other rectilinear boundaries substantial five-wire fences, posts not more than 14 feet apart.
m The amount paid as deposit and survey fee, viz., £52 13s 4d has been applied in payment of rent from 18th November, 1896, to 17th November, 1897, and cost of survey amounting in all to £43 13s. 11d., which leaves a balance of £8 19s. 5d to the credit of the lessee.
n The class of fencing is to be the existing fences on all the boundaries except the eastern one, and for that boundary a substantial six-wire fence, posts not more than 14 feet apart.
o The amount paid as deposit and survey fee, viz, £23 15s. has been applied in payment of rent from 10th February, 1897, to 9th February, 1898, and cost of survey amounting in all to £18 34. 4d which leaves a balance of £5 11s. 8d. to the credit of the lessee.

**Homestead Lease Number.**

When a Homestead Lease was granted it was given an identifying Homestead Lease number. As a researcher or family historian it is essential that you have this actual Homestead Lease Number. This is the only way to track it through its history. Pastoral Leases had a name and a number, Homestead Leases officially had just this Homestead Lease number.

e.g. Application HL.21 Wentworth - Garrett Byrnes when granted a Homestead Lease the number of that HL was HL 281. This Homestead Lease number HL 281 is the number that must be remembered to track what happened to Garrett's HL. The Homestead Lease number is unique to that lease.

The leases were numbered in the order in which they were granted, so unfortunately they are not laid out neatly geographically. Patience is required if searching on an old map.

**Term of the Homestead Lease.**

Homestead Leases were granted for a term of 15 years with the same rights of extension as Pastoral Leases.

The Homestead Lease Registers that I used gave the details of the terms of the HLs. However since I was collecting the information for general use I thought that listing the term of the HL would confuse people into thinking that their ancestor held that lease for the full term of the HL. Instead I gave the information as to when the HL was mortgaged and when it changed hands. In hindsight it would have been useful to record the term of the lease as well.

**Survey of the Homestead Lease.**

Prior to occupation of the land applicants had to pay a deposit plus money for a survey of the proposed HL.

**Obligations of a Homestead Lessee.**

If an application for a HL was successful notification of the HL and its number and the name of the lessee was made in the Government Gazette. This also gave the Land District, County and Parish of the HL, specified the term of the lease, the annual rent to be paid, and the conditions under which the HL was granted.

Payment had to be made for the annual rent of the lease. The applicant then had to enter into occupation thereof within 90 days. He had to continue to reside on that land for at least 6 months of every year for the first 5 years. Within 2 years he had to fence the boundaries of his lease with the prescribed fencing. Based on the survey done before occupancy the value of any improvements on
that land were determined by the Local Land Board and notification of the Homestead Lease was made in the Government Gazette.

**Money towards survey costs of the proposed Homestead Lease:** Applicant had to make payments within 60 days of notification in the Gazette towards the costs for the survey of the proposed HL, not exceeding £1 per linear mile of boundary fencing. If in default of such payment his HL may be liable to forfeiture.

[If you have the opportunity to get to State Records at Kingswood to get the full file on your ancestor's HL this often contains the surveyor's report which is very informative. It gives the HL boundaries (which doesn't help much to pin pointed the exact location but does show the size in miles of each side of the HL), AND the natural features that appear on the HL, the soil type, the vegetation that exists on each section of the area, the carrying capacity of the land, and sometimes the distances and cost of transport to the nearest markets for the stock. This could also prove to be a good source for environmental researchers to compare of the state of the land then with its condition today. Rusheen Craig, April 2016]

**Fencing:** The Homestead Lease boundaries had to be fenced with the prescribed fencing within 2 years. If one of those boundaries was a river then dispensation could be sought so that the riverside land need not be fenced. This happened on my Byrnes ancestor's HL 281 Tarangara on the Darling River between Wentworth and Pooncarie.

If the fencing was not done at the end of the two years the HL could be forfeited unless an acceptable reason was given. The accepted reason given by my ancestor for not having Tarangara HL fenced was that the level of the Darling River was so low that he was unable to have the wire for the fencing brought up to his land. Improved river flow and the fencing was done and that condition of HL fencing was fulfilled.

The fencing had to be exactly as prescribed in the Gazette - the correct number of wires and the posts the correct distance apart and to the correct depth into the ground. Every section of fencing was inspected after two years, any failures to meet the required standards were noted, and the Homestead Lessee was asked why he should not have to forfeit his HL because he had not fulfilled ALL of the requirements of his lease.

If the required fencing marked a common boundary the neighbour had to pay half the appraised value of that part of the fencing.

If any person wilfully destroyed or damaged any fencing or improvement made by any holder of a Homestead Lease such person shall be liable to a penalty not exceeding £50 or to be imprisoned with or without hard labour for any term not exceeding 6 months and to pay in addition such fine by way of compensation to the person injured as the Court may order.

**Improved lands are not excluded.**
If the improvements are not Crown property the Homestead lessee and the owners are left to mutually arrange as to their value and the mode of payment. If the parties cannot, within six months after notification of the approval of the lease, come to an agreement in writing, the Board (on application accompanied by a deposit of £10 being made to the parties interested to the Chairman), will appraise the improvements and determine what amounts and within what time payments will be made. If the
improvements belong to the Crown, the question of value and mode of payment will in every case be determined by the Land Board.

[There were very few existing improvements when a HL was first taken up - perhaps a shared boundary fence or very rarely a tank (well). Any that were there I have recorded from the Homestead Lease Register, although it does not go into details. Rusheen Craig, April 2016]

The HL was defined by general description and the lease will not be void because of any imperfection of such description. If the Minister directs that a survey of the boundaries of a HL is necessary, then the lessee must make payment not exceeding 20/- towards the cost of that survey within 60 days of notification in the Gazette or risk forfeiture of the HL.

No person occupying land under a Homestead Lease shall be entitled to bring any action for trespass, other than a willful trespass, on such land until he shall have fenced as required by the Act.

Residency for 6 months of first 5 years.
Again this condition was closely inspected. Rigidly enforced. But again the Board seemed reasonable in its enforcement of this condition. My ancestor Daniel Byrnes, elderly at the time, was shown not to be in required residence on his HL. The reason - because of the prevailing drought there was no water on the HL "for man or beast"; he had transferred himself and his stock to his son's HL. Time was given not just for the drought to break but also for the grass to grow before he was required to go back to his HL. In the information I recorded on Hls I saw this consideration being given to many Homestead Lessees.

Expiration, Forfeiture or surrender of a Homestead Lease.
After expiration, forfeiture or surrender of a HL the land therein may again be leased as a Homestead Lease by auction or tender, but the outgoing tenant is not entitled to compensation for improvements.

Forfeiture for non-payment of rent could be prevented by payment thereof with the additional sum equal to 5% of the rent due within 3 months of date due, or 10% within 6 months of due date of rent, but no forfeiture shall operate to extinguish any debt to the Crown in respect of such rent.

Transfers of Homestead Leases.
The holder of a Homestead Lease shall have no power to transfer his lease until he shall have fulfilled the conditions of residence (at least 6 months of every year for the first 5 years).

Ringbarking by Lessees.
Permission must be sought to ringbark on a HL, giving all particulars and a sketch of the locality. Penalty for not doing so for the first offence was not less than one shilling or more than 10 shillings for each tree. A second offence could result in a like penalty or forfeiture of the HL. When permission was granted checks could be made by the Board to enquire if the requested conditions had been fulfilled.
[If permission was granted to ringbark on a HL I have included it from the Registers in my online information for that HL. It certainly didn't seem to be all that common. Rusheen Craig, April 2016]

**Appeals.**
Appeals against the decision of the Land Board could be made within 28 days to the Minister, along with £10 as security for the costs of the appeal. The decision of the Minister would, if necessary, be remitted to the Board to deal with and carry into execution.

**If someone thought the HL conditions were not being met or were being violated.**
A complaint form, accompanied by a statutory declaration could be lodged with the Land Agent. This was to accompanied with £10 as security for any costs that might be awarded against him by the Board.

**Crown Lands Act of 1901.**
Application form to convert a lease into a Western Lands Lease.
Both Homestead Leases and Pastoral Leases applied to become Western Land Leases [WLLs] under the Western Lands Act of 1901.

**Application Forms under the Western Land Act of 1901.**
To bring their already held lease or licence under the Act, and to have it become a Western Lands Lease (WLL), the applicant had to lodge Form 1, initially by 30 June 1902. The form was to be accompanied by a fee of one pound.
Form 1
Name, address, Lease/Licence No. of Holder.
Name and address of all persons with any legal or equitable interest in the lease.
What interest they hold and where the documentation is held.

Form 2
An applicant to lease Crown Land as a Western Land Lease had to complete Form 2 and accompany it with a deposit of 20% of the first year's provisional rent. The availability of this Crown Land was advertised by the Western Land Board.

Form 3
To apply for an extension of the area of a Homestead Lease or to get permission to hold one or more Homestead Leases under the Western Lands Act the applicant had to fill in Form 3.

Application for extension of an area or for permission to hold one or more Homestead Leases.

Schedule
1. What was the date of your birth?
2. Are you single, married, widow, or widower?
3. What lands do you hold in the Western Division?
4. What lands do you hold elsewhere?
5. What lands are you in bona fide and exclusive occupation of?
6. How long have you been in bona fide and exclusive occupation of all or any of the lands referred to in questions 3 and 4?
7. Are any of the lands referred to in question 3 subject to any mortgage or encumbrance? If any, specify which.
8. Who is the holder of the mortgage or encumbrance referred to in question 7?
9. When did you become possessed of the lands referred to in questions 3 and 4?
10. Are the lands referred to in questions 3 and 4 sufficient in area to enable you to maintain your home thereon, or to make a livelihood thereby?
11. Have you at any time sublet the land mentioned in question 3 for grazing purposes? If so, to whom and for what periods?

Form 4.
Application for certificate that the condition of residence on Homestead Leases has been complied with.
I being the holder of homestead lease No......, in the Land District of ........... , applied for by .............., on the......day of ......18...., and having complied with the condition of residence attached to such lease, hereby apply for a certificate that such condition of residence has been duly complied with.
Signature........................Address........................Date...........

1136 Homestead Leases apply to become Western Land Leases by December 1902
The Western Land Commissioners have completed the work of determining the provisional rental for the whole of the Pastoral Leases and Occupation Licences, with a few exceptions, and for several hundred Homestead Leases.
Out of 309 Pastoral Holdings in the Western Division of New South Wales, applications were made to bring 298 under the Western Lands Act, and out of 1311 Homestead Leases 1136 applications were made*.
All lessees were invited to fill in comprehensive returns. The result shows appalling losses in stock and an extremely low carrying capacity at the present time. The revenue derivable under the provisional rental** will be much less than the rental now derived, and especially is this the case in the far outlying districts. It is expected that the provisional rental will be notified in the Government Gazette next week.
The Age (Melbourne, 2 Dec 1902.

** Under the system a Homestead Lease and the Additional Homestead Lease held by the same person were combined to become one Western Land Lease. There were at least 130 Additional Homestead Leases, so 1136 applications could represent 1266 Homestead Leases and Additional Homestead Lease applications (depending on when those Additional Homestead Leases were granted). This could then equate to out of 1311 Homestead Leases 1266 HL and AHL applications were made. Note also that further applications were made and granted at a later date.

December 1902 Why the Western Land Leases hadn't been issued.
Many of the applicants were wondering why their drafts and counterpart leases under the Western Lands Act had not been delivered. The answer they were given was that it was necessary for all parties concerned that careful searches should be made in the Registrar-General's office and other offices of

December 1902 Why the Western Land Leases hadn't been issued.
Many of the applicants were wondering why their drafts and counterpart leases under the Western Lands Act had not been delivered. The answer they were given was that it was necessary for all parties concerned that careful searches should be made in the Registrar-General's office and other offices of
records to ascertain the exact condition of each case with regard to mortgage and non-mortgage cases before any lease was issued.
Riverina Recorder (Balranald, Moulamein, NSW), 31 Dec 1902.
CROWN LANDS ACT OF 1884 AND ANNEXED REGULATIONS OF JANUARY 1885.

Homestead Leases came into effect as a result of the Crown Lands Act of 1884 and the Annexed Regulations of January 1885. Details of that Act as they applied to Homestead Leases.

The Crown Lands Act of 1884 was an Act to regulate the alienation, occupation, and management of Crown Lands and for other purposes. I have selected out only those regulations that apply to or are associated with Homestead Leases.

The Maitland Mercury and Hunter River General Advertiser, 21 Oct 1884 to 8 Jan 1885

The Crown Lands Act of 1884 came into force on 1st January 1885. It was divided into 7 parts:
1. Preliminary and General Provisions
2. Establishment of Divisions; Local Land Boards; Hearings and Appeals.
4. Occupation; Division of Runs; Pastoral Leases; Occupation Licenses; Homestead Leases; Annual Leases; Annual Leases for Pastoral Purposes; Special Leases; Ring-barking by Lessees; General Provisions affecting Leases, Lessees and Licenses.
5. Dedications; Reserves; Roads.
6. State Forests; Timber Reserves; Licenses; Permits.
7. Transfers; Legal Provisions; Miscellaneous Provisions.

PART 1  PRELIMINARY AND GENERAL PROVISIONS
In the Act the term:
"Pastoral Holding" means the area included within the continuous boundaries or reputed boundaries of any station worked or used for grazing purposes whether such station includes more than one run or includes lands held by or in the interests of the run-holder otherwise than under pastoral or preemptive lease or not.
"Leasehold area" means that portion of a Pastoral Holding for which a Pastoral Lease may be granted under this Act.
"Run" means Crown Land held under Pastoral Lease at the commencement of this Act and also any land which by the operation of this Act may have reverted or may revert to such lease.
"Resumed area" means that the portion of a Pastoral Holding for which a Pastoral Lease may be granted under this Act.
"Vacant Land" means that that portion of a Pastoral Holding for which a Pastoral Lease may be granted under this Act.

PART 2  ESTABLISHMENT OF DIVISIONS, LAND DISTRICTS, LOCAL LAND BOARDS, HEARINGS AND APPEALS.
Land Divisions.
For the purposes of this Act, New South Wales shall consist of three Divisions namely:- The Eastern Division, The Central Division, and The Western Division.

Land Districts.
These Land Divisions are further divided into **Land Districts**. The Governor may appoint a Land Agent either for each Land District or for several adjoining Land Districts.

**Local Land Boards**

There shall be a **Local Land Board** for every Land District or for several Land Districts and the members of such a Board shall not exceed three in number and shall be appointed by the Governor. One of such members shall be the chairman who shall be appointed in like manner and shall be paid such salary as Parliament sanctions. Every member paid a fee for each sitting. If they sit or act in a case in which they are directly or indirectly interested they shall be liable to a penalty not exceeding £500.

A majority of members shall constitute a forum. The chairman shall have the casting vote on any question on which the votes are equal.

The Board will deal with such matters under the Act that might be **subject to compensation or arbitration, appraisement or complaint**; Any complaint concerning non-fulfilment of any **condition** or improvement by conditional purchaser; complaints concerning conditional purchases.

Every Board shall have the power to hear and determine all complaints and other matters brought before it in open court, its procedure while sitting being the same as before a Court of Petty Sessions. The chairman of the Board shall be a Justice of the Peace by virtue of his office, and may exercise like powers as a Court of Petty Sessions to summon and compel the attendance of witnesses to give evidence and produce documents. Such witnesses are entitled to like allowances and travelling expenses.

Every party proceeding before such Board shall have the right to be heard by counsel attorney or agent and to enforce the attendance of witnesses before the Board and to examine such witnesses as upon summary proceedings before Justices.

Any person not authorized in that behalf by the Minister desirous of prosecuting any complaint before such Board shall do so by lodging with the Land Agent a notice in the prescribed form verified by a statutory declaration setting forth the grounds of such complaint and shall at the same time deposit with such agent the sum of £10 as security for any costs which may be awarded against him by the Board. [Many other provisions concerning the working of the Land Board]

**District Surveyor**

For every Land District the Governor may appoint a District Surveyor and such other officers as he may think necessary for the purposes of the Act.

**PART 3  ALIENATION** - Mainly concerns Conditional Purchases and Leaseholds.

**PART 4  OCCUPATION.**

[How the Runs on the Pastoral Holdings were divided in half; one half being retained by the holder as a Pastoral Lease, and the other half being made available for selection as a Homestead Lease. - Rusheen Craig, January 2016]

**Occupation: Pastoral Holdings and Runs.**

All Pastoral Holdings shall be subject to the provisions of this Act.
[Pastoral Holdings were already made up of runs.] Under the Act every runholder shall within 120 days after commencement of the Act lodge with the Minister a written application for a Pastoral Lease in the prescribed form of whichever portion of his run may be converted into a leasehold area under this part and with such application shall furnish a plan of his Pastoral Holding on the prescribed scale showing to the best of his knowledge and ability the boundaries and area of such holding together with all ranges, watercourses, lakes, or other natural features within such boundaries, and shall also mark on such plan the position of all lands held or occupied by him under any tenure other than Pastoral Lease and of all improvements upon such holding made by him or of which he claims to be the owner, and shall furnish in the prescribed form a statement of the average grazing capabilities of the holding, the nature and value of the improvements thereon, together with any other information required by the Minister; and the runholder SHALL DIVIDE BY A LINE OR LINES THE ENTIRE AREA OF ALL CROWN LANDS SITUATED WITHIN SUCH PASTORAL HOLDING INTO TWO PARTS AS NEARLY EQUAL IN AREA AS PRACTICABLE and after receipt of the plan mentioned the Governor may by notice in the Gazette reserve temporarily from conditional sale any land within such Pastoral Holding divided as aforesaid, PENDING A DETERMINATION OF WHICH PART SHALL BE CONVERTED INTO A RESUMED AREA.

When the same portion of land appears to be included within different Pastoral Holdings the Minister shall decide upon a line or lines which shall be the boundary between the two Holdings.

The Minister may accept any application for a Pastoral Lease as sufficient or he may call on any runholder to amend or supplement any application or document. Every runholder who shall refuse or neglect to supply further information as may be required within such time as the Minister shall prescribe may be deemed not to have made the required application.

If any runholder shall fail or neglect to make such an application or shall in any way fail to comply with any of the requirements of the preceding sections he shall not be entitled to a Pastoral Lease of the leasehold area of his run unless he can satisfy the Minister that such failure was not due to any willful negligence on his part.

After receipt by the Minister of any application he shall cause to be marked upon the plan of the Pastoral Holding all portions of alienated land not already shown thereon within such Holding and shall thereafter notify to the runholder which part is to be Resumed Area and which the Pastoral Lease.

If it shall appear to the Minister that by reason of insufficient area of any run held as one holding on 25th June 1884 a division is not expedient, the Governor may proclaim the whole area thereof a leasehold area.

In the Western Division every Pastoral Lease shall have a term 15 years.

[Various provisions regarding rent for Pastoral Leases]

**Occupation - Homestead Leases**

82 In the Western Division the Governor may grant Homestead Leases within the resumed areas or vacant lands subject to the provisions following:

(1) The area of a Homestead Lease shall not exceed 10,240 acres, nor be less than 5,760 acres, and shall be granted for a term of 15 years with the same right of extension as herein before provided for Pastoral Lessees.
(2) Applications for Homestead Leases may be made in the prescribed manner upon any Land Office day and with such application there shall be lodged a sum equal to one penny per acre for the area proposed to be leased. Provided that applications for such leases may, after report by the Local Land Board, be by the Minister refused or the position and boundaries thereof may be altered, varied, or modified, and where more than one applicant shall apply for the same land or for any portion thereof, on the same day, the right of lease shall be determined in the prescribed manner, and all provisions as to rest and otherwise under which Pastoral Lease in the Western Division may be issued forfeited, surrendered, extended, or otherwise dealt with, shall apply to such Homestead Leases.

(3) Every applicant for a Homestead Lease shall after the survey of his land subject to the provisions of the preceding sub-section and to the payment in the prescribed manner of the value of the improvements upon the land to be determined by the Local Land Board, enter into occupation thereof within 90 days after the notification in the Gazette of the approval of the issue of the lease. Provided that within 2 years after such entry he shall fence the outside boundaries of such land by a fence of the prescribed character. But for sufficient cause shown the time for completing such fencing may be extended by the Local Land Board. Should the Minister recommend the issue of a lease in a form other than applied for, the applicant may within the period mentioned, notify in writing to the Local Land Board his intention of not accepting it and he shall thereupon be entitled to a refund of the deposit paid, but in default of any notice of such intention or of occupation within the time specified for either purpose the deposit shall be forfeited. In the event of the non-acceptance of the lease the land shall revert to the holding from which it was taken until leased under this part.

(4) The holder of a Homestead Lease shall reside upon the leased land for at least 6 months during each of the first 5 years of his lease.

Expiration, Forfeiture or Surrender of a Homestead Lease

83 On the expiration, forfeiture or surrender of a Homestead Lease the land comprised therein may again be leased as a Homestead Lease by auction or tender but the outgoing tenant shall not be entitled to compensation for improvements.

Pastoral Leases and Homestead Leases

84 No holder of a Pastoral Lease shall during the currency thereof hold or cause to hold on his behalf or in his interest a Homestead Lease, nor shall the holder of a Homestead Lease during the currency thereof hold or cause to hold on his behalf or in his interest a Pastoral Lease.

Nor shall any person hold or cause to hold on his behalf or in his interest more than one Homestead Lease* under penalty in every case of forfeiture of every lease held by him or on his behalf or in his interest and any rent paid thereon.

* Later this condition was amended and a person was permitted to apply for and hold an Additional Homestead Lease.

And for the purposes of this section every owner or part owner of any lease shall be deemed to be the holder thereof. Provided that any bona fide mortgagee for value may on application to the Minister be registered as the holder of more than one Homestead Lease subject to such regulations as may be made in that behalf although such mortgagee is the registered holder of one or more Pastoral Leases.

93 Ring-barking by Lessees
Every Lessee of Crown Lands desiring to **ring-bark trees** upon his leasehold land **shall obtain permission** to do so from the Local Land Board, and in his application on the prescribed form addressed to the Land Agent describe the boundaries and area of land he proposes to ring-bark and in regard to any land not within a timber or forest reserve the Board at their discretion refuse or grant permission for the same after such inquiry and upon such conditions as to them may seem necessary.

Any lessee who shall **without permission ring-bark trees** on a leasehold or shall cause or knowingly permit or suffer the same to be done shall on conviction before any two Justices of the Peace at the Court of Petty Sessions nearest to such leasehold be liable for the **first offence to a penalty of not less than one shilling or more than ten shillings for each tree** so ring-barked, and on a **second or subsequent offence be liable to a like penalty and to forfeiture of his lease.**

General Provisions affecting Leases, Lessees, and Licensees.
96 Every lease shall be subject to forfeiture if any rent is not paid within the prescribed time or upon breach of any conditions annexed to such lease, but **forfeiture for non-payment of rent may be prevented by payment thereof with an additional sum equal to five per cent of the amount of rent due within 3 months of the date due thereof, or ten percent of such amount within six months of the date** but no forfeiture shall operate to extinguish any debt to the Crown in respect of such rent.

98 No Homestead Lessee can remove material from their lease or sublet their land for other than grazing purposes.

Lessees may take from their land such timber and other material for building and other purposes as may be required by the lessee.

99 Land exempt from Pastoral Lease and Homestead Lease.
(a) Town and suburban lands reserved or set apart by notice in the Gazette for towns or villages or suburban settlements.
(b) Lands under lease or lawful occupation for mining leases.
(c) Lands dedicated for public purposes.
(d) Lands temporarily reserved from sale for commonage.
(e) Lands reserved from lease under any of the hereby repealed Acts until the reservation thereof shall have been revoked under the provisions of the Act.

100 If a lessee should consider that by reason of the inferior grazing capabilities of his land such prescribed minimum rent is excessive he may apply to the Local Land Board for a reduction of such minimum rate.

PART 5 DEDICATIONS RESERVES AND ROADS.

PART 6 STATE FORESTS; TIMBER RESERVES; LICENSES; PERMITS.

PART 7 TRANSFERS, LEGAL PROVISIONS, MISCELLANEOUS PROVISIONS.
118 The holder of a Pastoral, Homestead, or Conditional Lease may transfer his right of lease in the prescribed manner but the holder of a **Homestead Lease shall have no power to transfer his lease until he shall have fulfilled the conditions of residence.**

124 **No minor** shall be capable of accepting or **holding any lease** or license under this Act except in so far as a minor not less than 16 years of age is permitted to hold a conditional lease by virtue of a
conditional purchase or by way of inheritance; **nor shall any married woman** be capable of holding any lease or license except as a separate estate by virtue of any law in force protecting the property of married women.

130 No person occupying land under a Homestead Lease shall be entitled to bring any action for trespass, other than a willful trespass, on such land until he shall have fenced such land pursuant to the provisions of this Act.

132 If any person **willfully destroys or damages any dam, tank, well, excavation, boring or other work lawfully constructed sunk or made or in the course of lawful construction for the purpose of impounding or supplying water on any land ...** shall be guilty of a felony and be **liable to penal servitude** for any term not exceeding 10 years, or to imprisonment with or without hard labour for any term not exceeding 3 years.

If any person **willfully destroys or damages any fencing or improvement made by any holder of a Homestead Lease ...** such person shall be liable to a **penalty not exceeding £50 or to be imprisoned with or without hard labour for any term not exceeding 6 months and to pay in addition such fine** by way of compensation to the person injured as the Court may order.

134 If any person shall unlawfully and willfully remove or deface any boundary or survey mark ... erected by the authority of the Surveyor-General or by direction of any authorised Government officer such person shall be guilty of a misdemeanor.

135 If a **written statement or statutory declaration** is proved by the Local Land Board to be **misleading** any officer, authority or person in the exercise of their duty, then the Minister may declare the **Homestead Lease to be forfeited** together with all moneys paid on account of or in connection with the lease. Provided that no forfeiture shall be held to affect any transferee unless declared within 12 months after the issue of the certificate herein before provided by the Local Board. Provided also that the Governor may reserve such forfeited land from lease or may annex it to the holding within the boundaries of which it may be situated.

Miscellaneous Provisions

141 **Fencing** within the meaning of this Act shall be deemed an improvement common to the land on either side of the line of such fencing and whenever land adjoining that which forms a homestead lease has been or shall be alienated or leased by the Crown conditionally or otherwise the person who shall fence his land may demand and enforce from the purchaser or lessee of such adjoining land or his alienee a **contribution of one half the appraised value** thereof but **only so far as such fencing marks a common boundary**. Contribution must also be made to the maintenance of the fencing. Disputes to be heard by the Local Land Board whose adjudication is final. No holder of any lease having **less than 5 years to run** shall be liable towards the original cost of fencing but shall be liable as a contributory towards the cost of maintenance.

142 For the purpose of a Homestead Lease under this Act it shall be sufficient if the land and boundaries be **defined by general description** and the lease will not be void because of any imperfection of such description.

143 The Minister may direct a survey of the boundaries of any Pastoral Lease or Homestead Lease and, upon such survey being made, may demand from the lessee towards defraying the costs of such survey, **payment of any sum not exceeding twenty shillings for each linear mile** of the boundary so
surveyed and **if in default** of such survey payment of such sum **within 60 days** after notification of the demand in the *Gazette* the lease **may be liable to forfeiture**.

---

**Crown Lands Annexed Regulations to Crown Lands Act of 1884, 2 January 1885.**

Once again I have **only shown those regulations that seem to apply to Homestead Leases**.

Rusheen Craig, January 2016

It is hereby announced that His Excellency the Governor, with the advice of the Executive Council, has made the annexed regulations for the purpose of carrying into effect the Crown Lands Act.

James S. Farnell.

1. 'The land agent' means the land agent of the district.
   'The Board' means the Local Land Board.
   'The form' with a number added means the form of that number appended to these regulations.
   'The *Gazette*' means the *Government Gazette*.

3. New South Wales shall be divided into Land Districts, the respective boundaries of which shall be notified by proclamation of the Governor in the *Gazette*, together with the names of the places at which the respective land offices are situated.

4. Land Districts may be increased or reduced in number, or the boundaries thereof may be modified, or the place at which the Land Offices are established may be changed from time to time* by proclamation by the Governor in the *Gazette*.

[* If searching in the Register of Homestead Leases for additional information on your ancestors you **should not confine your search to the land district of the original Homestead Lease** given in the *Gazette* since the district boundaries were sometimes changed and new districts, like Willyama, were added. Rusheen Craig, January 2016]

5. Any land district, or number of land districts, upon notification in the *Gazette*, shall constitute a land board district, with a head office at such place as may be named in notification. But any board district may be altered from time to time, and the position of the head office changed.

All proceedings in open court shall be conducted at some convenient place within the land district where the land forming the subject of the investigation is situated, but all caveats, papers, or documents addressed to the board shall be lodged at or forwarded to the head office of the board.

   Every land agent shall keep separate registers for conditional purchases, improvement purchases in gold-fields, conditional leases, homestead leases, purchases under preferment right, after-auction purchase of leases, and other matters respectively. The said registers shall contain particulars of all applications, deposits, and declarations in connection with the several matters aforesaid, and shall be kept in such form and manner as shall be directed from time to time by the Minister.

7. Every land agent shall, if required by the form, record on each application received by him, a note of the day, hour, and so far as possible the minute on which the same was received by him.
8. Every application received by a land agent, and every document relative to any such application, shall be transmitted under cover by such land agents to the chairman of the board in whose district his office is situated, not later then the following Monday after the receipt thereof respectively.

9. Every land agent shall transmit to the Colonial Treasurer all moneys received by him.

10. A list of applications for Homestead Leases shall be exhibited by the land agent in a conspicuous part of his office within two days after the lodgment of the applications, and shall be kept so exhibited for 14 days thereafter.

11. Land agents may not refuse to receive any application for a Homestead Lease, however illegal it may appear to be, if tendered on the proper form and accompanied by the proper deposit, if any is required; but in all such cases the land agent must warn the applicant of any objection thereto, and make a marginal note of such objection on the application, to be forwarded to the Land Board.

12. The Land Offices will be opened to the public for the transaction of business between the hours of 10 a.m. and 1 p.m. and 1.30 p.m. and 4 p.m. on each of the business days of the week except Saturday, when the offices will close at 1 p.m.; but the "land office day" will be such as may be notified in the Gazette, upon which land agents are required to attend their land offices for the purpose of receiving applications for sale or lease of Crown Lands. The offices will be closed on all public holidays. Land agents will on all occasions during the office hours afford information and assistance to applicants for purchases or lessee free of charge. Any alterations or erasures in applications should be verified by the initials of the land agent.

Local Land Boards
13. The number of members shall not be less than two.

14. Meetings shall be held as often as may be required for the dispatch of business, and at such times and places within the Board district as the chairman shall appoint.

15. Every meeting, whether for conducting an inquiry or otherwise, may be adjourned from time to time and from place to place.

16. Minutes of the proceedings of the Board shall be taken regularly at each meeting, and signed by the chairman at such meetings.

17. Every member of the Board, except the Chairman, shall be entitled to a fee for attendance, as follows:- For every sitting of not more than 3 hours' duration, not exceeding £1 1s.; For a whole day, not exceeding £2 2s., together with an allowance for travelling expenses, to be approved of by the Minister.

18. A list of all applicants, transmitted by the land agent to the Board, shall be brought before the Board at the meeting next after receipt of same, or as soon thereafter as practicable. Applications of the same class shall be considered, so far as possible, in the order of receipt by the land agent.

19. All inquiries by the Board into the fulfillment of conditions and obligations attached to any land, either freehold or leasehold tenure, ... shall be conducted in open court, at a time and place whereof not less than 14 days notice shall be given to the person or persons whose acts or omissions are the subject of the inquiry, and to all persons who have lodged a complaint in the proper manner.
20. All hearings of the Board will be in open court, and in any case the Board can call witnesses and demand the production of such evidence as they may see fit.

21. All appraisements by the Board as to value of land or improvements, or money to be paid in compensation, shall be heard in an open court.

22. All questions referred to the Board for arbitration under section 13 (L) of the Act, or for report, shall be conducted in open Court, at a time and place to be determined by the local chairman, of which not less than 14 days notice in writing shall be given to all parties interested.

23. All questions given to the local land board shall be in writing

24. If after proof that due notice of the time and place of hearing has been given, any person shall fail to be present, the inquiry, appraisement, arbitration, or other proceeding may proceed in his absence.

Homestead Leases.

118. Applications for Homestead Leases shall be lodged with the land agent, during the hours specified in regulation 12, or any day not being a public holiday, and notified in the Gazette for the purpose. Such applications should be signed by the applicant, and attested by a land agent, magistrate, notary public, or commissioner for affidavits, and may be lodged in person, or by an agent authorised in writing, and such authority shall be delivered to the land agent with the application.

119. Every application for a Homestead Lease shall be on Form 49, accompanied by a statutory declaration, stating that, except as bona fide mortgagee, the applicant does not, nor does anyone on his behalf, or in his interest, hold either wholly or in part, any Homestead Lease or any Pastoral Lease, and stating whether as such mortgagee he is the registered holder of any Homestead Lease or Pastoral Lease, and if so, specifying the dates of such respective leases, the dates of the respective mortgages held by him, the amounts secured by such mortgages, and such other particulars as are thereby required.

120. With his application the applicant must deposit at the office of the land agent a sum equal to one penny per acre as the minimum of the rent for one year.

121. If the land has been measured, it must be applied for in portions as measured; but measured and unmeasured land may be applied for. If unmeasured, the applicant should, as far as possible, in specifying the boundaries of the land applied for, use parish and county boundaries, make external lines run north, east, south or west, follow natural features, and avoid monopoly of water.

122. The Minister may refuse any application, alter the boundaries proposed to make them run north, east, south, and west, or follow any natural feature so as to exclude water necessary for the adjoining land; or vary them in any way that may be recommended by the Board.

123. If more than one application for Homestead Lease comprising the same land either wholly or in part is received by the land agent on the same day, he shall immediately after 4 o'clock of the day on which the applications are lodged, determine by lot in manner mentioned in regulation 31* which of such applications shall be received and dealt with.

* Regulation 31, dealing with Conditional purchases, states: More than one applicant ... The land agent shall write on tickets of equal size the name of several applicants, which tickets shall be placed by the
parties, should they desire to do so, in the box supplied to the land agent for the purpose; and the land agent shall, without looking, and in the presence of the parties, draw one ticket from the box, and the application to be received shall be that of the applicant whose name may be on the ticket so drawn, and the deposit paid by the remaining applicants shall be forthwith returned.]

124. Subject to the last regulation, every application for Homestead Lease shall be dealt with in the manner mentioned in Regulations 37 and 38; and caveats in the form 5 may be lodged in the manner and within the time mentioned in Regulation 36 and 37 against the issue of any Homestead Lease.

125. The Board shall report to the Minister the course recommended by them, and such report shall state shortly the ground on which their recommendation is based.

126. The Board may at any time inquire, in the same manner as mentioned in Regulations 45 and 46, whether the holder of the Homestead Lease has observed the conditions attached thereto.

127. Previously to granting any extension of a Homestead Lease the Board shall satisfy by inquiry and all statutory conditions and obligations have been observed and performed by the lessees, and the Board shall report to the Minister the result of such inquiry, and if any special course is recommended by them shall state shortly the reasons on which such recommendation is based.

128. Should the rest of the Homestead Lease be appraised at a higher rental than the minimum sum deposited, the balance due shall be paid to the Colonial Treasurer within one month after notification in the Gazette of approval of the issue of a lease and subject, as aforesaid; all rents shall be paid yearly, in advance, to the Colonial Treasurer or the land agent; if the above-mentioned amounts are not paid on the day on which the same are due, the additional sums mentioned in section 96 of the Act will be payable.

129. Within 90 days after the notification in the Gazette of the approval of the issue of a lease the applicant shall pay to the land agent the amount determined as value of improvements. No lease will be issued till such amount, if any payable, has been paid, and if not paid within the time aforesaid the applicant shall forfeit his right to a lease, together with any deposit paid in respect thereof.

130. The fencing to be erected by the lessee shall be such one or more of the classes specified in the schedule of classes of fencing hereto, as the Minister shall direct, and the kind of fence or fences to be erected shall be mentioned either directly or by reference.

131. As the application for a Homestead Lease shall convey no authority to occupy any portion of the land applied for until notice of granting the lease shall have been published in the Gazette; but should the applicant thereafter enter into occupation by depasturing stock on any part of the land comprised in the lease, he will be held to have accepted the lease, and his deposit will be credited on account of rent. His deposit will be refunded should he not enter upon his lease and give notice in the form 50 of non-acceptance of an altered form of lease within 90 days after the notification in the Gazette of the approval of the lease.

132. Notice of intention to surrender a Homestead Lease at the end of any term of five years shall be in the form 42, and shall be lodged with the Minister not less than three months before the end of such term of five years.
133. Every application for the extension of a Homestead Lease for five years shall be in the form 41, and shall be lodged with the Minister not less than eighteen months before the expiration of the lease.

Reduction of rent or license fee.
134. Applications for reduction of rent or license fee under section 100 of the Act shall be in the form 51, and if any reduction of rent be allowed it shall be notified in the Gazette, and should it therefore be restored to the minimum rate notification therefore shall be similarly given.

Auction and Tender.
139. Where any Homestead Lease has expired, been forfeited or surrendered, the land comprised in such a lease may be leased by auction unless such lands are by the Act exempted from being so leased.

141. No such auction shall be held until the expiration of 30 days after notice of the sale has been published in the Gazette. Such notices shall state the time and place of the sale, the upset rental, and the conditions subject to which leases will be granted.

142. Any lease bid for, but the price for which is not forthwith paid, shall thereupon be again offered for sale at auction.

143. Any lease not sold by auction may either be put to auction on some future occasion or may be disposed of by tender in manner herein mentioned.

144. Whenever it is intended to let by tender any Homestead Lease, notice thereof shall be inserted in the Gazette at least 30 days before the date up to which tenders may be lodged, which date shall be specified in the notice together with the minimum rent for the land to be let. Tenders for such leases shall be made to the Board either by depositing the same in a box, to be kept for that purpose in the office of each Board, or by sending them to the Board by post, sealed and endorsed "Tender for Homestead Lease". Such tenders will, on their receipt, be placed in the box unopened.

145. At the expiration of the time specified for lodgment of tenders, the tender box shall be sealed by an officer duly authorised on their behalf, and the box shall be opened, and the tenders examined by the Board at the first meeting thereafter.

146. If there is only one tender for any land, the tenderer shall be entitled to the lease if the rent offered be not below the minimum specified. If there are two or more tenders for the same land opened on the same day the lease shall be granted to the person whose tender contains the offer of the highest rent; but if no one tender be higher than all the others a fresh day shall be named on which the persons making the highest tenders shall be at liberty to send fresh tenders which shall be dealt with as hereinbefore provided.

147. Tenders shall be made in the form 55, and shall clearly describe the land applied for in terms of the notice calling for tenders, and shall be accompanied by a receipt showing the sum of £2 10s has been paid to the Land Agent as a deposit thereon. The deposit paid by the person whose tender may be accepted shall be credited on account of the first year's rent; all other deposits will be refunded.

148. Particulars of all tenders received by the Board shall be recorded in a tender-book for that purpose, and upon the acceptance of any tender the name shall be notified in the Gazette.

Leasing of Scrub Lands.
154. Any Homestead Lessee who desires that any portion of his leasehold should be proclaimed Scrub Lands, and thereafter granted to him as a Scrub Lease, must make application for the same in the form 56, addressed to the Minister, supplying all the particulars required thereby.

157. A Scrub Lease converted from a Homestead Lease shall not be for a longer period than the determination of the lease from which it has been resumed.

[The Act then goes into details regarding the regulations concerning Scrub Leases.]

Ringbarking.

164. Persons desirous of ringbarking trees on their leased land must make application on form 58, with all the particulars thereby required correctly filled in, accompanied by a sketch of the locality, and a separate application must be made for each detached area for which permission is sought. Such applications shall be addressed to the Land Agent, accompanied by a fee of £2 for each 1920 acres or portion of that area. Should the cost of inquiry be less than the sum deposited the balance will be refunded.

165. The Land Agent shall enter the particulars of all such applications in a book to be kept by him for that purpose, and shall transmit the applications to the Board.

166. The Board may, at any sitting thereof, upon giving 14 days notice to the lessee to whom permission to ringbark has been granted, inquire whether the conditions imposed in the permission are being fulfilled, and if the Board be not satisfied that such conditions are being fulfilled, it may withdraw the permission.

167. Every person engaged in ringbarking must hold the permission in the form 59, or authority in writing from the lessee to whom the permission was granted.

Appeals

176. Any person who desires to appeal to the Minister from the adjudication or decision of any land board shall, within 28 days after the same has been given, lodge with the chairman a notice of appeal in the form 62, together with the sum of £10 as security for the costs of the appeal, and shall also give similar notice to the other party or parties to the proceeding, if any, in the form 63. The notice to the chairman may be left at the head office of the board, or forwarded to the board by registered letter through the post to such head office; and the notice to the other party or parties may be given in like manner mentioned in regulation 23.

177. The decision of the Minister upon appeal may, if necessary, be remitted to the board to deal with and carry into execution.

Miscellaneous.

178. Any person who is of the opinion that any holder of land, whether freehold or leasehold, under the provisions of this Act, or any of the Acts repealed by this Act, has not fulfilled, or is not fulfilling, the statutory conditions of residence, fencing, or improvements attached thereto, or that any such holder of land has obtained the same in violation or fraud of the provisions of this Act or any repealed Act, or that any of the offences mentioned in section 135 or this Act has or have been committed, may lodge with the Land Agent a complaint form 64, verified by statutory declaration, setting forth the grounds of such complaint, and accompanied by the sum of £10 as security for any costs which may be awarded against him by the Board; and the Board shall deal with such complaint in manner mentioned in regulation 19.
179. An application for the issue of a fresh certificate in lieu of one that has been lost or destroyed shall be in form 65, accompanied by a statutory declaration in support of the application, and the Board shall, upon receipt thereof, publish in the Gazette a notice of such applications, and of the time and place when the same will be heard. After the expiration of 14 days from the date of such publication, the Board may, if satisfactory evidence is produced to them of the loss or destruction of the original certificate, and also showing who is entitled to such certificate, issue a fresh one in the form 66 in lieu thereof.

180. Whenever land intruded upon within the meaning of the 131st and 133rd sections of the Act is not under lease or promise of lease or license, it will be the duty of the proper officer to prosecute the trespasser; but on its being made to appear to the Board by the lessee, or lawful holder of any land, that any portion of his holding has been intruded on by an unauthorised person, such lessee or lawful holder may be empowered to prefer an information against the offender.
DIVISION OF PASTORAL HOLDINGS AS A RESULT OF THE 1884 ACT.

Half of the area of each Pastoral Holding had to be nominated by the lessee for selection as Homestead Leases. These were the runs offered.

The 1884 Crown Lands Act stipulated that Pastoral Holdings in the Western Division of New South Wales had to nominate half their runs as being available for selection for such purposes as Homestead Leases. This article was written to enable an understanding of how the various runs have been divided.

The lessees of Pastoral Holdings were allowed 120 days to send in the proposed divisions of their runs.

The Homestead Leases were to be taken up on the Resumed portions of the runs.

The New South Wales Government Gazettes give a very full explanation of the name of the Pastoral Holding and the names of its runs; the Leasehold area number, Land District, the runs within that area; the Resumed area [available for selection as Homestead Leases] number, Land District, the runs within that area; Very detailed description of the dividing line between the Leasehold and Resumed areas.

The listings for the Western Division start in the New South Wales Government Gazette of 11 July 1885 [Issue No.278 (Supplement), pp 4416 - 4446 (available on Trove).

The newspapers gave a condensed version of this information on just the Resumed areas, giving the name, number, runs, Land District of the Resumed areas, and on which side of the dividing line the resumed portion lies.

Shown is:-
(1) Name and number of the Pastoral Holding (The number has been added by me from the Government Gazettes)
(2) The name of the runs within that Pastoral Holding
(3) The Land District in which it is situated;
(4) On which side of the dividing line the resumed portion of the run lies.

WESTERN DIVISION.
Wangaroa Pastoral Holding, No. 1
Comprising Wangaroa Run; Hillston North; N.

Tarella Pastoral Holding, No. 2
Comprising Questa, Questa South, Questa South-west, Yungnulgra, Yoonnulgra East, Kerndombie, Yerndambool, Coontwundy, Germano East, Kerno, and Yungnulgra Plains North runs; Wilcannia; N.

Weilmoringle Pastoral Holding, No. 3
Comprising Kiengal Back, Kiengal, Frederick's Land, Bomba, Booranbirra, Booranbirra West, Yarrangal West, Noe East, Neo West, Namoon, North Darling Back run No. 18, North Darling Back run No. 17, North Darling Back run No.22, Yamby West, and Yamby run, Block No. 1; Brewarrina; S.

Innesowen Pastoral Holding, No. 4
Comprising Innesowen, Cadzow Forest, and Birnam Wood runs; Bourke; N.

North Peak Pastoral Holding, No. 5
Comprising Crowl Creek Block No. 8 run; Cobar; N.

Beemery Pastoral Holding, No. 6
Comprising East Bogan No. 23, East Bogan No. 24, East Bogan No. 25, East Bogan No. 26, East Bogan No. 28, East Bogan No. 29, East Bogan No. 30, Haradon, Stonehenge, West Bogan No. 23, West Bogan No. 24, West Bogan No. 25, West Bogan No. 26; West Bogan No. 27 and West Bogan No. 28 runs; Brewarrina and Bourke; S.

Wilga Pastoral Holding, No. 7
Comprising Outer Glenariff Block A and Outer Glenariff Block B runs; Cobar; SE.

Fort Grey Pastoral Holding, No. 8
Comprising Fort Grey No. 1, Fort Grey No. 2, Fort Grey No. 3, Fort Grey No. 4, Fort Grey No. 5, Fort Grey No. 6, Frome Block D and Frome Block F runs; Wilcannia; E.

Buckanbee Pastoral Holding, No. 9
Comprising Mary Mary, Mary Mary Back, Wigillur, and Greenough's Hill No. 3 Block 3, runs; Bourke; E. and S.

Moolah Pastoral Holding, No. 10
Comprising Outer Back, Wangaron Yallock North and Yallock North Block A runs; Hillston North; E.

Ticehurst Pastoral Holding, No. 11
Comprising Miparo or Manfred, Waiko East and Ticehurst runs; Hillston North; N.

Meadows Pastoral Holding, No. 12
Comprising Rankin's Hill East No. 4 block C, and Rankin's Hill East No. 4 block D runs; Cobar; NW.

Nelyambo Pastoral Holding, No. 13

WAMELL PASTORAL HOLDING.
Comprising Wamell Run.
Leasehold area, No. 254; Land District of Walgett North; County of Finch.
The Crown Lands within the boundaries of that part of Wamell Run lying to the north and east of the dividing line hereunder described.
Resumed area, No. 254; Land District of Walgett North; County of Finch.
The Crown Lands within the boundaries of that part of Wamell Run lying to the south and west of the dividing line hereunder described.
Description of the dividing line referred to:
Commencing on the marked and fenced south-eastern boundary of the holding on the south boundary of portion 10, parish of Queega, county of Finch;
Thence along the south boundaries of that portion, portions Nos. 9, 8, 7, and their prolongation bearing west to the south-east corner of portion No. 6;
Thence along the east boundary of that portion and its prolongation bearing north to the south-east corner of portion No. 13, parish of Wamell;
Thence along the east boundaries of that portion and portion No. 15, bearing north to the north-east corner of the latter portion;
Thence along the north boundary of that portion and the northern boundary of portion No. 14 bearing westerly to the east boundary of reserve No. 895, notified 23rd July 1883;
Thence along the southern side of a road passing through that reserve bearing north-westerly to the north-east corner of portion No. 11;
Thence along the north boundaries of that portion and portions Nos. 6 and 7 to the north-west corner of portion No. 7;
Thence along the west boundaries of that portion and portion No. 8 bearing south to the south-west corner of the latter portion;
Thence a line bearing west 1 mile;
Thence a line bearing north to the fenced north-western boundary of the holding.

MOURABILLA PASTORAL HOLDING.
Comprising Back Morella, Bundabulla East block No. 1, Bundabulla East block No. 2, and Morella Runs.
Leasehold area, No. 255; Land District of Brewarrina; County of Narran.
The Crown Lands within the boundaries of those parts of Bundabulla East, block No. 2, Morella and Back Morella Runs lying to the north-east of the dividing line hereunder described.
Resumed area No. 255; Land District of Brewarrina; County of Narran.
The Crown Lands within the boundaries of Bundabulla East block No. 1 Run and those parts of Bundabulla East block No. 2, Morella, and Back Morella Runs, lying to the south-west of the dividing line hereunder described.
Description of dividing line referred to:
Commencing on the north-western boundary of the holding, on the Bokhara River, at the north corner of reserve No. 88, notified 13th February, 1872;
Thence along the north-eastern boundary of that reserve bearing east 30 degrees south of its east corner;
Thence along part of the south-eastern boundary of that reserve bearing south-westerly 34 chains;
Thence a line bearing east 30 degrees south to the marked and fenced south-eastern boundary of the holding.

TARA PASTORAL HOLDING.
Comprising Tara No. 4, Tara No. 5, and Guapa No. 1 Runs.
Leasehold area, No. 256; Land District of Hillston North; County of Blaxland.
The Crown Lands within the boundaries of Tara No. 5 Run and those parts of Tara No. 4 and Guapa No. 1 Runs lying to the north and east of the dividing line hereunder described.
Description of dividing line referred to:
Commencing on the marked and fenced east boundary of the holding at a point bearing north about 8 chains from a post marked broad-arrow over 5 at the south-west corner of Urambee;
Thence along a fence about west about 4 miles 6 chains to a cross fence;
Thence along that fence bearing about north about 6 miles to the fenced south boundary of Tara No. 5 Run;
Thence along part of that south boundary bearing west to its south-west corner;
Thence along the fenced west boundary of that run bearing north 4 miles;
Thence a line bearing west to the fenced west boundary of the holding.

TOORALE AND DUNLOP PASTORAL HOLDING.
Comprising Ballina, Wentworth No. 5, Wentworth No. 1, Outer-Dunlop North-west No. 3, Outer Dunlop North-west No. 4, Dunlop North-west No. 2, Mere, Outer Mere No. 1, Outer Mere, Talowla, Outer Mere No. 2, Outer Mere No. 3, Blarney, Balli Castle, Gonnerry, Yundaroo, West Barronna No. 2, Maghera, Dargle, West Barronna No. 3, West Warrego No. 7, Warrego No. 10, West Warrego No. 6, Warrego No. 9, West Warrego No. 5, Warrego No. 3, West Warrego No. 4, Warrego No. 7, West Warrego No. 3, Warrego No. 6, West Warrego No. 2, Warrego No. 5, West Warrego No. 1, Warrego No. 4, Back Arapilis, and Toorale Runs.

Leasehold area, No. 257; Counties of Barrona, Landsborough, and Gunderbooka.
The Crown Lands within the boundaries of Toorale, Back Arapilis, Warrego Nos. 4, 5, 6, and 7, West Warrego Nos. 1, 2, 3, and 4, Outer Mere No. 2, Yundaroo, Balli Castle, and Gonnerry Runs, and those parts of Mere, Talowla, Outer Mere, Outer Mere No. 1, Outer Mere No. 3, Outer Dunlop North-west No. 3, Wentworth No. 1, Blarney, Dargle, Maghera, West Barronna, West Warrego No. 6, West Warrego No. 5, and Warrego No. 8 Runs, embraced by the lines hereunder described.

Resumed area, No. 257; Land District of Bourke; Counties of Barrona, Landsborough and Gunderbooka.
The Crown Lands within the boundaries of Dunlop North-west, Outer Dunlop North-west, Wentworth No. 5, Ballina, West Barronna No. 3, West Warrego No. 7, Warrego No. 10, and Warrego No. 9 Runs, and those parts of Mere, Talowla, Outer Mere, Outer Mere No. 1, Outer Mere No. 3, Outer Dunlop North-west No. 3, Wentworth No. 1, Blarney, Dargle, Maghera, West Barronna, West Warrego No. 6, West Warrego No. 5, and Warrego No. 8 Runs, lying to the eastward and westward of the dividing line hereunder described.

Description of dividing line referred to:
Commencing on the southern boundary of the holding on the Darling River, at a point 32 chains below its confluence with the Warrego River;
Thence a line bearing 52 degrees west (magnetic) 15 miles;
Thence a line bearing west (true) 13 miles 8 chains;
Thence a line bearing north (true) about 24 miles to a point bearing south (true) from the fenced north boundary of Dargle Run;
Thence a line bearing easterly and distant 20 chains from the north boundaries of Dargle and Maghera Runs to a point on the east boundary Maghera Run bearing southerly 20 chains from the north-east corner of that run;
Thence a line bearing east (true) about 6 miles 20 chains to a cross fence;
Thence along that fence bearing southerly about 3 miles 40 chains to a cross fence;
Thence along that fence bearing about east (true) to the fenced eastern boundary of the holding.

CORRONG PASTORAL HOLDING.
Comprising Benelkey, Bomarthong, Kitcho, Bulgarbugerygam, Bungerra, Corrong, Culparling, Lake Walgiers, Matamong Plains, Nattue, North Walgiers, Tarawong, Ten-mile Plain, and Waljier Plain Runs.
Leasehold area, No. 258; Land Districts of Hay and Balranald; Counties of Manara, Kilfera, and Waljiers.
The Crown Lands within the boundaries of Corrong, Kitcho, and Bomarthong Runs, and those parts of Benelkey, Culparling, Bulgarbugerygam, Tarawong, Bungerra, Ten-mile Plain, Waljier Plains, Matamong Plains, and Lake Waljier Runs lying to the south and the west of the dividing line hereunder described, exclusive of lands within population boundaries, or reserved from lease or otherwise exempt under the provisions of the Crown Lands Act of 1884, or any Act thereby repealed.
Resumed area, No. 258; Land Districts of Hay and Balranald; Counties of Manara and Waljiers.

Commencing on the north-western boundary of the holding on the Darling River at a small gum-tree
marked broad-arrow on four sides at the west corner of Kerie Run;
Thence a line bearing south 37 degrees east 21 miles;
Thence a line bearing south 45 degrees east 21 miles;
Thence a line bearing south 45 degrees east to the fenced south-eastern boundary of the holding.

PARA PASTORAL HOLDING.
Comprising Tulrigo, Salt Lake, Tarangara, Illingerry, Para, South Tulrigo, and Sturt's Billabong North
Runs.
Leasehold area, No. 261; Land District of Wentworth; County of Wentworth.
The Crown Lands within the boundaries of South Tulrigo, Parra, and Sturt's Billabong North Runs, and
those parts of Tulrigo, Cutpy, Salt Lake, and Illingerry Runs, lying to the south and west of the dividing
line hereunder described.
Resumed area, No. 261; Land District of Wentworth; County of Wentworth.
The Crown Lands within the boundaries of Tarangara*, and those parts of Tulrigo, Cutpy, Salt Lake,
and Illingerry Runs lying to the north and east of the dividing line hereunder described.
Description of dividing line referred to:
Commencing on the eastern boundary of the holding on the right bank** of the Darling River at a fence
situated north of the yards above the north boundary of a village reserve No. 18, notified 18 April,
1866;
Thence along that fence bearing north-westerly to the north boundary of Illingerry Run;
Thence along part of that north boundary bearing west about 4 miles 64 chains;
Thence a line bearing north 6 miles;
Thence a line bearing west 10 miles 64 chains to the west boundary of the holding.
* My Byrnes family had their first Homestead Lease on Para which the family called Tarangara even
though it went over into other parishes.
** The "right bank" must mean coming downstream towards the Murray. Para Pastoral Holding was at that stage totally on the western side of the Darling River (although originally it was on both sides of the river.)

WHITTABRANAH PASTORAL HOLDING
Comprising Sturt Block No. 4 and Hermitage No. 2 Runs.
Leasehold area, No. 262; Land District of Wilcannia; County of Tongowoko.
The Crown Lands within the boundaries of Hermitage No. 2 Run and that part of Sturt Block No. 4 Run lying to the south of the dividing line hereunder described.
Resumed area, No. 262; Land District of Wilcannia; County of Tongowoko.
The Crown Lands within the boundaries of that part of Sturt Block No. 4 Run lying to the north of the dividing line hereunder described.
Description of dividing line:
Commencing on the eastern boundary of the holding at a point bearing north (true) 2 miles from the south-east corner of Sturt Block No. 4 Run;
Thence a line bearing west (true) to the western boundary of the holding.

CANALLY PASTORAL HOLDING.
Comprising Benongle, South Benongle, Tararie, Windomal, Laurie Park, Meilman, Carringy, Lower Lettee, Outer Manie Lower, Turlee, Kungaie, Manie Upper, Loocalle, Kungaie Plains West, Manie Lower, Kungaie Plains, Merowa, and Back of Turlee Runs.
Leasehold area, No. 263; Land District of Balranald; Counties of Caira and Taila.
The Crown Lands within the boundaries of Tararie, South Benongle, Bonongal, Windomal, Kungaie, Kungaie Plains, Kungaie Plains West, Manie Upper, Manie Lower, Outer Manie Lower, and Loocalle Runs, and that part of Lower Lettee Run lying to the east of the dividing line hereunder described.
Resumed area, No. 263; Land District of Balranald; County of Taila.
The Crown Lands within the boundaries of Laurie Park, Carringy, Meilman, Merowa, Turlee, and Back Turlee Runs, and that part of Lower Lettee Run lying to the west of the dividing line hereunder described.
Description of dividing line referred to:
Commencing on the southern boundary of the holding on the Murray River, at a point about 49 chains down that river from the south-east corner of portion No. 3 of 640 acres, parish of Lower Manie, county of Taila;
Thence along a fence bearing north to the south-east corner of portion No. 19 of 328 acres;
Thence along the east boundary of that portion and its prolongation bearing north to the south-east of portion No. 24;
Thence along the east boundary of that portion bearing north to its north-east corner;
Thence a fenced line bearing north about 13 miles and 14 chains to a cross fence;
Thence along that fence bearing west 1 mile;
Thence a line bearing north to the northern boundary of the holding.

COOLABAH PASTORAL HOLDING.
Comprising Glenariff block C and Glenariff Mid Runs.
Leasehold area, No. 264; Land District of Cobar; County of Canbelego.
The Crown Lands within the boundaries of those parts of Glenariff block C and Glenariff Mid Runs lying to the north-east of the dividing line hereunder described.
Resumed area, No. 264; Land District of Cobar; County of Canbelego.
The Crown Lands within the boundaries of those parts of Glenariff block C and Glenariff Mid Runs lying to the south-west of the dividing line hereunder described.
Description of dividing line referred to:
Commencing on the fenced north-western boundary of the holding at the northern corner of railway reserve No. 912;
Thence along the north-east boundaries of that reserve and railway reserve No. 706, notified 12th July 1882, bearing south-easterly to the east corner of the latter reserve;
Thence a line bearing south 45 degrees east 48 chains;
Thence a line bearing south 45 degrees west 4 miles 32 chains;

Resumed Area within the boundaries of those parts of Mount Poole and Mount Poole West Runs lying to the north of the dividing line.

MULURULU PASTORAL HOLDING No. 310
Comprising Mulurula and Kilfera block C Runs; Land District of Balranald; County of Manara.
Resumed Area within the boundaries of Kilfera Run and that part of Mulurula Run lying to the north and east of the dividing line.

**New South Wales Government Gazette, 8 Sep 1885, page 5877.**
Pastoral Holdings that would remain as a Leasehold Area.
EUABALONG PASTORAL HOLDING
Leasehold Area, No. 311; Land District of Hillston North; County of Blaxland.
The Crown Lands within the boundaries of Enebalong and Outer Enebalong Runs.

NORTH PEAK PASTORAL HOLDING
Leasehold Area, No. 312; Land District of Cobar; County of Mouramba.
The Crown Lands within the boundaries of Crowl Creek, Block No. 8 Run.

**New South Wales Government Gazette, 14 Oct 1885 [Issue No. 481 (Supplement)]**
Pastoral Holdings that have been divided into Leasehold Areas and Resumed Areas. The Gazette does give the full details of the dividing line (view on Trove).

CARYAPUNDY SWAMP No. 2 PASTORAL HOLDING No. 313.
Comprising Caryapundy Swamp No. 2 Run.
Land District of Wilcannia; County of Tongowoko.
Resumed Area within the boundaries of that part of Caryapundy Swamp No. 2 Run lying to the west of the dividing line.

CARYAPUNDY WEST PASTORAL HOLDING No. 314.
Comprising Caryapundy West Run.
Land District of Wilcannia; County of Tongowoko.
Resumed Area within the boundaries of that part of Caryapundy West Run lying to the east of the dividing line.

MOOCULTA PASTORAL HOLDING No. 315
Comprising West Bogan No. 30, West Bogan No. 29, Booda, and Mialora Runs.
Land District of Bourke; County of Cowper.
Resumed Area within the boundaries of those parts of West Bogan No. 30, West Bogan No. 29, Mialora, and Booda Runs, lying to the east, south, and west of the dividing line.

**New South Wales Government Gazette, 2 Dec 1885, page 7759.**
BOUNDARY PASTORAL HOLDING No. 316
Comprising Boundary Run.
Land District of Wentworth; County of Tara.
Leasehold Area, No. 316; Crown Lands within the boundaries of that part of Boundary Run lying to the north of the dividing line hereunder described.
Resumed area, No. 316; Crown Lands within the boundaries of that part of Boundary Run lying to the south of the dividing line hereunder described.
Description of dividing line referred to:
Commencing on the west boundary of the holding, at a point on the territorial boundary between the Colonies of New South Wales and South Australia, bearing north 37 chains from the 7-mile post on that marked boundary;
Thence a line bearing east to the east boundary of the holding.
FIRST DAY OF HOMESTEAD LEASES - AUGUST 1885.

On the first day of the release of Homestead Leases in August 1885 over a million acres of land were taken up.

Australian Town and Country Journal (Sydney), Saturday 15 Aug 1885.

Under the Crown Lands Act of 1884 the first Homestead Leases began to be issued in 1885. On the first day of release in August 1885 over a million acres of land was taken up

Australian Town and Country Journal (Sydney), Saturday 15 Aug 1885.

Homestead Leases Applied For.

Wednesday, the day for Homestead Leases, saw the first trial of the new Land Act in its really novel and most important provisions, namely the attempt to settle small pastoralists in the Western Division. Appended will be found particulars of the result, showing that in all there were 105 applications received for an aggregate of 1,057,160 acres, and money deposited amounting to £4404-7s-8d. It now only remains to be seen whether these applications are generally genuine. Time alone can prove this.

Bourke.

Our Bourke correspondent telegraphed:
At the Bourke Land Office on Wednesday twenty-four homestead lease applications were received, each for 10,240 acres. Deduct from this one application within a reserve, which was withdrawn, two rejected applicants under the age, and four conflicting applications thrown out by ballot, and we have a total of seventeen applications accepted, comprising 174,080 acres; and £725 6s 8d passed to the revenue.

Hay.

At the Land Office on Wednesday, 101,440 acres were taken up under the Homestead Lease clause. There were fifteen applicants, and two ballots had to be taken, there being five applicants for one lot. The office was not closed until 5 o'clock.

Balranald*.

Six Homestead Leases were applied for on Wednesday at the Lands Office, but only five of them were accepted, that of John Byrnes, Balranald, for 10,240 acres, clashing with two others, and on being balloted for, one was thrown out. The following were the applicants:-

- Thomas Anderson, Swan Hill
- Charles Anderson, Swan Hill
- F. M. H. Parker, contractor, Wentworth
- Thompson, publican
- Townsend, farmer
- Dwyer, farmer, all of Balranald.

The acreage applied for in every instance was the full amount of 10,240 acres. The deposit money received was £213 6s 8d. More applications are expected next Wednesday.

* The Riverine Grazier (Hay), 13 Aug 1885, lists the Homestead Lessees as:

Thomas F. Anderson, Charles S. Anderson, F. M. H. Parker, W. K. Thompson, Townsend, and Duryea (sic), each taking up 10,240 acres.
Brewarrina.
During the last few weeks the presence of a good number of homestead applicants have been noticed in the neighbourhood, and from an early hour on Wednesday these commenced to collect in town. Considerable excitement was manifested throughout the day, more especially toward the hour of 4 o'clock, when great interest was shown as to the result of the day's operations. As soon as the Land Office opened the applications began to come in, and continued until shortly before 4 o'clock, several of the applicants reserving themselves until just prior to that hour. The majority of applicants waited outside the Land Office after it was closed until the balloting was ready. On the reopening of the office an announcement was made that there were seventeen applicants for five blocks of land. There being no ballot-box in the office, the agent proceeded to use a hat, which, however was objected to after two or three drawings had taken place. A proper box having been procured, the drawings recommenced, and as the winners of the first contest were not again successful, sundry protests were recorded amidst considerable warmth of feeling. The total number of applications amounted to twenty-nine; the total area applied for 294,480 acres; and the amount received £1,226 11s. 0d.

Cobar.
No business was transacted at this Land Office on Wednesday.

Hillston.
200,600 acres, representing 21 applications, were taken up as Homestead Leases. An area of 85,920 acres, representing nine applications, were thrown out by ballot. The runs operated upon are Moolbong, Wyndra, Bell's, Uranaway, Booerboi, Hyandra, North Merrowie. There is great excitement, and the result of the ballot was popularly received. The competition for the Homestead Leases was keen on Wednesday. There was a very large amount of balloting. There did not appear to be much, if any, attempt at dummying on the part of the pastoral tenants. The Crown Land Agent and Police Magistrate were behind the counter. They were occupied until late in the evening.

[Kempsey - conditional leases]

Wilcannia
There were no applications for Homestead Leases at the Land Office.

Walgett
Following are the names, area, and amount of money collected at the local Land Office. The land selected was all in the county of Finch, with the exception of W. H. Moore, who took up 10,000 acres in the parish of Wilby Wilby, Bangate run.
Robert Hamilton, parish of Hungerford
Terence O'Connor, Dungalear
Joseph Morris, Eurumbah
A. Breneger, Eurubah
Peter Thompson, Dungalear
C. B. Francis, Dungalear
(In all six on Dungalear, the property of J. A. Campbell, Melbourne)
H. C. Louis, Lolliep
R. Duggan, Lolliep
(Milrea run, the property of J. A. Murray)
John Stuart, Burben
P. Hawker, Burben
W. H. Moore, Wilby Wilby
(Above 3 on Bangate run, property of Langloh Parker)
W. G. Ferris, Rose
J. F. Akers, Plumbolan
(both on Lianillo run, property of Gilchrist, Watt and Co.)
Marriott, Murebun
W. P. Griffiths, Murebun
H. Austin, Gurrilly
Jacob Dennewald, Murebun
L. Dunnewald, Currall
Chas. E. Webb, Murebun and Gurrilly
C. Norman, Currall
(Seven on Boorooma, property of P. and G. A. Mein)
J. McKendry, Coombarrah
(Wilkie, property of Mackay Bros.)
Total: 214,806 acres; £895.

No balloting took place. On Dungalear and Boorooma runs there have been applications for the same blocks. Owing to the rush of business which took place, Mr. Daly, the land agent, had to enlist the services of two assistants, who were kept busily employed, the principal rush being after 2 o'clock. There were two withdrawals of Homestead Lease applications, viz., those of Messrs. Norman and Morris, representing 20,480 acres.

[Cootamundra - Conditional Purchases]

The Official Returns of first day of Homestead Lease Applications.
Following are the official returns, compiled from telegrams, showing the number and area of Homestead Lease applications received at the undermentioned land offices on Wednesday:-

At Walgett two applications were withdrawn, and no balloting was necessary.

At Bourke 24 applications were made for the maximum area, viz., 10,240 acres. One application, being for land within a reserve, was withdrawn; 2 were rejected, the applicants being under age; and 4 conflicting applications were thrown out by ballot, leaving a total of 17 received.

At Hay 15 applications were made, but 5 were thrown out by ballot, leaving a total of 10 received.
At Brewarrina the Land Agent reports "balloting was kept up till late, there being a great rush of applicants and considerable excitement."

At Hillston there were six ballots between 9 applicants for 85,920 acres.

At Balranald all the applications were for land on the Tupra Pastoral Holding.

Homestead Lease Applications - Hay Land District*.  
*Note that from the official figures above there were another five applications for Homestead Leases in the Hay District - these five being knocked out by ballot.

RUSHEEN CRAIG,    May 2016.
MR. CARRUTHERS' CROWN LANDS BILL OF 1894.

The Crown Lands Bill of 1894 made further amendments to the workings of the Homestead Lease system.

_The Maitland Weekly Mercury, 22 Sep 1894_.

RUSHEEN CRAIG, May 2016.

I have copied only those parts that I thought pertained to the Homestead Leases.

**Power of withdrawal from Western Division Pastoral Leases.**

Clause 5: The same power of withdrawal as proposed in Clause 3* with respect to Central Division pastoral leases in the Western Division, except that the least area capable of withdrawal will be 1-16th of the total leasehold. Withdrawal will be followed by the same compensation in regard to extension of term and preferential occupation license as is provided in connection with the Central Leases.

The exercise of this power will admit of provision being made for extra urban settlement.

* Clause 3 of Central Division Leases.

**Pastoral and Homestead Leases in Western Division.**

Clause 6: So far as these are concerned, the provisions of Section 43 of the Act of 1880 will be superseded by lessees receiving an absolute extension of seven years, **making the present term 28 years in all**. The rent for the last seven years will be at the same rate as that for the preceding seven years. These provisions will not apply to leases not brought under Section 29 of the Act of 1880. The leases not brought under that Act include only 7 pastoral leases and 21 homestead leases.

On the expiration of any of the pastoral or homestead leases the lessees will have tenant rights in his improvements.

**Attachment of Resumed Areas to Leasehold Areas.**

Clause 7: In recognition of the fact that in some parts of the Western and Central Divisions the division of the Pastoral Holdings was unnecessary, and has led to the neglect or deterioration of the Resumed Areas for which the demand (except under Occupation Licence) has sprung up, or is likely to spring up, provision is made to place such Resumed Areas again under Pastoral Lease, an arrangement calculated to benefit lessees to be of advantage to the public estate and revenue.

The Resumed Area may be added to the Leasehold Area at the same rate as the Leasehold Area if the Minister and the lessee agree, or, failing such agreement, at the license fee rate or at any appraised rate, according as the Minister may determine.

**Reappraisement of Rents in the Western Division.**

Clause 8: It has to be acknowledged that in consequence of the existence of rabbits, the expense of destroying or checking them, and in consequence of the fall in prices of stock, etc., etc., the rents which pastoral and homestead lessees and occupation licensees are required to pay have become in some instances excessive. To remedy this grievance provision will be made for the reappraisement on the application of the lessee, which will take in the rent (of a lease) for about the next 10 years.
The application must be accompanied by a deposit as security for half the cost of reappraisement, which will be charged against the applicant.

Lessees who brought their holdings under the Act of 1889 started a new term of 21 years (divided into three seven-year periods), commencing from the end of the year of the lease current at the commencement of the Act (1st December 1889). Most of the leases had, under the Act of 1884, commenced about July 1885. The new term under the Act of 1889, therefore commenced about July 1890, so that the first period of seven years would end about July 1897, when under the Act of 1889, a new reappraisement of the second period would take place.

The Bill anticipates this reappraisement by providing an reappraisement of the residue of the first period with the second period - about 10 years in all.

**Homestead Grants out of Leases.**

Clause 26: Holders of the following leases are offered the privilege of a Homestead Selection within their holdings. The minimum area which may be purchased is 40, the maximum 640 acres, except in the case of a Settlement Lease, when the maximum is 1280 acres:

- Pastoral Leases in Western Division
- Homestead Leases
- Scrub Leases not within Pastoral Homestead Leases.
- Leases of Inferior Lands
- Improvement Leases.

The land to be purchased must contain the place of residence of the lessee. Application cannot be made until the last year of the lease.

The land must also be improved to the extent of £1 per acre, except in the case of Settlement Lease, where due performance of the conditions of the lease will be sufficient.

The capital value of the land will be taken as £1 per acre, unless it shall have been fixed at a lower rate.

**Limitation of Privilege of Selecting, etc.**

Clause 39: When a person obtains any one of the following classes of holdings his right is exhausted, that is to say that if he obtains a Homestead Selection he shall not obtain a second one or a Settlement Lease etc. Homestead Selections, Settlement Leases, original Homestead Leases, original Conditional Purchases.

In the case of a Settlement Lease or a Homestead Leases the restriction shall cease after the original term of the lease (whether forfeited in the meantime or not) has ceased; that is to say, if he takes a Settlement Lease with a term of 28 years, and forfeits after he has held it for three years, it will be 25 years before his disqualification will cease unless he has obtained a certificate of abandonment.

A further disqualification will be found in the next clause.

**Disqualification from Selecting.**

Clause 40: This clause provides that none of the following holdings shall be taken by any person who held in fee-simple, or conditional purchase and conditional lease at least 2500 acres, at or within six months prior to the date of application, or who, having owned the area referred to, divested himself...
of it to defeat the clause: Homestead Selections; Settlement Leases; Original Homestead Leases; Original Conditional Purchases.

None of these holdings can be taken by a person who is not a natural-born or naturalized subject of Her Majesty.

Application to be Made in Good Faith.
Clause 41: This is a very necessary Clause, expressed in positive terms, laying it down absolutely that every Homestead Selection, Conditional, or Homestead Lease, must be applied for bona fide in the interest of the applicant; and providing that the Board may, if not satisfied as to the bona fides of the applicant, disallow the application and forfeit the deposit. The provisions in the Acts now in force have been found in this respect less ample and more circuitous than is desirable; and, moreover, do not appear in the positive form in which they are embodied here.

Forfeiture for want of Good Faith.
Clause 42: This clause follows up the previous one by providing that where the application has advanced beyond confirmation, etc., the question of bona fides may be investigated, and if necessary the land, &c., forfeited.

The holders of certificates of conformity and transferees without notice of the previous holder's shortcomings are protected, but persons who accept transfers before issue of certificate of conformity will be deemed to have had notice of any violation of the law, as it is found that selectors, who have incurred forfeiture, endeavour to block enforcement of forfeiture by transferring to friends, who set up the plea that they took the land without notice of default. Some amount of abuse promises to be checked by the provisions of this clause.

Validation of Purchases and Leases.
Clause 43: The provisions of this clause promise to be very beneficial. It is a matter of too frequent occurrence that the titles of persons, who having acquired Crown Lands in good faith, are shaken by different interpretations of the Law, and when this happens there are persons always on the alert to dispossess the previous occupants. This leads to a great deal of hardship, and often involves the Crown in large expenses for compensation to the injured parties.

To meet the difficulty the Bill proposes to treat such invalid holdings not as void but as voidable, and to give the Governor power (after referring the matter to the Land Board or Land Appeal Court for investigation when necessary) to rectify the transaction.

In connection with future purchases or leases (i.e. made after the Bill became Law) notice of the Governor's intention to validate them must be before both Houses of Parliament for at least 90 days without being objected to by specific resolution.

Exchanges and Surrenders
Clause 44: The Governor will, it is proposed, be invested with a general power to exchange Crown Lands for private lands after report by the Local Land Board. The lands must be as nearly as practicable of equal value. No money can pass from the Crown, but when the Crown lands are of the higher value the difference will be payable to the Crown. It would simplify the present provisions as to exchange which, as far as pastoral leases in the Eastern Division are concerned, have become inoperative through the leases having expired and the law requiring the exchange to be effected during
the currency of the lease. Many cases of this kind have unfortunately been blocked, although on the eve of completion.

In connection with exchanges between pastoral lessees and the Crown, under Section [40] of the Act of 1889, it may be a condition that the lessees shall surrender the improvements on the land. That Act does not require them to do so.

**Regulations.**
Clause 50: Empowers the Governor to make regulations.
CROWN LANDS 1862 TO 1893.

This is an overview of the alienation of Crown Lands in all Divisions, not specifically the Western Division of NSW.

This article shows the alienation and occupation of Crown Lands in New South Wales from 1862 to 1893.

When making comparisons of figures presented here it must be remembered that Homestead Leases had only been taken up from 1885 - so were only in operation for eight years at the time of this article.

The acreage held under Pastoral Lease and Occupation Lease refers to land held in the Eastern, Central and the Western Divisions combined. Homestead Leases were only in the Western Division of New South Wales.

The amount of land held under Homestead Lease was divided into leases with a maximum size of 10,240 acres. Pastoral Lease Holdings were much larger. So when you look at the figures they represent many more Homestead lessees per acre than Pastoral Lessees.

In connection with the Crown Lands Bill introduced by Mr. Carruthers last week, there have been issued a number of returns representing the operation of existing land laws.

The total area of the province of New South Wales is 195,882,000 acres. Of this area, prior to the year 1862 there had been sold and granted 7,146,579 acres.

Since that time and to the end of last year the alienation has been 50,044,946 acres.

14,297,754 acres had been sold by auction, etc.;
2,342,351 acres was the area represented by conditional purchase for which the deeds had been issued;
20,214,361 acres were under process of alienation by conditional purchase;
12,707,423 acres were under conditional lease;
The small remainder is covered by Volunteer Land Order alienations and dedications for public purposes.

The area held under lease of some kind is 114,770,284 acres:

Pastoral Lease 58,157,745 acres;
Occupation license 40,485,742 acres;
Homestead lease 9,690,340 acres;
Annual lease 5,207,292 acres;
The rest are scrub, snow, special, mineral, &c.,

Church and School lands represent 272,757 acres

23,911,191 acres are neither alienated nor leased, or are reserves from lease or license.

[The article continues with information concerning properties in the Eastern and Central Divisions of NSW.]
RULES REGARDING HOMESTEAD LEASES

My attempt to make sense of a machine generated translation; Use only for additional information not as a primary source.

This should be used just as additional information on Homestead Leases, the main sources being the 1884 Crown Lands Bill, the Annexed Regulations of 1885, and Mr. Carruther's Crown Lands Bill of 1894. This is my attempt to make sense of a machine generated translation of a digital copy when I have not seen the original so be wary of what I have "transcribed."

Land in the Western Division excluded from becoming a Homestead Lease
Lands under lease or lawful determination for mining purposes.
Lands dedicated for any public purpose.
Lands temporarily reserved from sale for commonage.
Lands reserved from Homestead Lease or lease generally.
Lands within the limits of proclaimed towns or villages or defined suburban limits.

Improved lands are not excluded.
If the improvements are not Crown property the Homestead lessee and the owners are left to mutually arrange as to their value and the mode of payment. If the parties cannot, within six months after notification of the approval of the lease, come to an agreement in writing, the Board (on application accompanied by a deposit of £10 being made to the parties interested to the Chairman), will appraise the improvements and determine what amounts and within what [time] payments will be made. If the improvements belong to the Crown, the question of value and mode of payment will in every case be determined by the Land Board.

Who may apply for a Homestead Lease
Any person of or over sixteen years of age, if not a female minor, may apply.
A married woman, if living apart from her husband under an order of judicial separation, may, out of moneys belonging to her separate estate, apply. A married woman not so situated cannot do so, but is not prevented from acquiring a lease under the will of intestacy of a deceased holder.
A pastoral lessee cannot apply for an original homestead lease.
One and the same person cannot hold or cause to be held on his behalf or in his interest more than one homestead lease, except by way of bond or mortgage; and every owner or part owner of any lease is deemed to be a holder for the purpose of this limitation.

Area which may be Leased.
The maximum area is 10,240 acres, and the minimum 3,560 acres, and may be acquired by one lease or a series of leases. An additional lease may comprise less than 3,560, though not less than 640, acres, if a larger area is not available, or if available, would, with the area already held, exceed 10,240 acres.
Procedure in Applying.
Application on a prescribed printed form with a prescribed declaration should be made in person to the Crown Land Agent of the district, and a deposit of 1d per acre ... If for an additional lease the declaration is dispensed with, and the application may be tendered by a duly authorized agent.

Conflicting Applications.
The priority of conflicting applications is determined by ballot in the same way as the priority of Conditional Purchase applications.

Rights Created by a Homestead Lease Application.
The effect of a valid application, made since 1st December 1889 [probably should read "1884" since that was the date of the Crown Lands Act], is to immediately withdraw from any annual lease or occupation licence such of the land applied for as may be available for homestead lease; in other words, the application cancels the lease or licence so far as the land applied for is concerned. The title of the homestead lessee to the land thereupon commences, but he cannot during the first three months impound the lessee's or licensee's stock. It is the duty of the Crown Land Agent to forward to the annual lessee or licensee notice of any homestead lease application within one week after it has been made.

When land is allotted which was not specifically applied for in the first instance, the land so allotted and not described is not withdrawn from annual lease or occupation licence until notification of approval of the lease has been published, and the homestead lessee is debarred from impounding the lessee's or licensee's stock with ... [Minister of Lands??] during the first three months of following notification of approval.

Rules of Measurement.
If the land has been measured it should be applied for in portions as measured, but measured and unmeasured land may be applied for together.

If the land is unmeasured and has a frontage, the depth should not be less than twice the width; but if the land is unmeasured and has no frontage, it should be in the form of a rectangle, the length of which should not exceed twice the width, and the boundaries, other than the frontage, should, so far as is practicable, be directed to the cardinal points.

Additional homestead leases should, in conjunction with any previous of the same series, give a figure of the general form and dimensions aforementioned; but the intervention of a road or a creek will not be in any objection if the land is otherwise adjoining.

In all cases the boundaries of the land applied for, whether with or without frontage, and whether measured or unmeasured, may be varied or modified by the Board, although such variation or modification may have the effect of altering the frontage, depth, or form of the lands, or the direction of the boundaries. Whenever more leases are applied for in the same locality their boundaries may be altered by the union so as to conform to the design which is most suitable for the said division of the country and the distribution of natural advantages.

Applications Dealt with by the Land Board and the Minister.
Upon receipt of an application for a homestead lease the Land Board will deal with it, and if the facts warrant, direct a survey of the land, or take such action as the circumstances of the case suggest. The Board will furnish a report upon the application to the Minister, who is "cmi)Owcred" to refuse the
application, or vary or modify the boundaries of the land applied for. If the land is approved (for which the approval of the Governor is necessary) notice in the Government Gazette will be published to that effect; and within sixty days from this notice, the lessee is required to pay such charges for the survey as demanded.

If the Minister should recommend to the Governor the issue of a lease in the form other than as applied for, the applicant may, within ninety days after notification in the Gazette of approval of the lease, notify to the Board, his intention of not accepting the notice.

**Terms of the Lease.**
The lease will have a term of 31 years from the date of the application [My observation of terms of Homestead Leases was for 15 years tenure from date - Rusheen Craig, August 2015]. This term will be divided into three "seni*" [??] year periods, and the rent of each period will be subject to appraisement by the Local Land Board, or the Land Court on appeal. The term of any additional lease, if not running beyond that of the original lease, will expire at the same time as that of the original lease, without regard to that of the term of the additional lease may be shorter "ii a 21," and the first period shorter than 7 years. [don't know what that means].

If the lessee improves his land to the satisfaction of the Board, he may obtain an extension of his term, not exceeding seven years. The possibility therefore exists of the land being held for "Stt" years. [This is NOT how the Homestead Lease system worked. Land had to be lived on, fenced, and rent paid - BUT the land itself did NOT have to be improved - Rusheen Craig, August 2015]

**Payment of Rent.**
The rent is payable annually ... to the ... Treasurer on or before the recurring date of application. A term of three months grace with 6 per cent, or "ii" months with 10 per cent, is allowed.

**Conditions to be Fulfilled**
The conditions to which the lessee is liable are conditions of payment of rent, residence, and "teeingivd A" for the purposes of these conditions on original and additional leases are treated as one area. Within ninety days after the notice in the Gazette of the approval the holder must enter into occupation of the [lease], during the first five years must reside continuously ... [??] After this residence is not required. Before commencing residence for any year the Lessee is required to the Land Board notice of his intention to reside. In case of drought, flood, illness, etc., the Board is authorized (if application is made) to grant lessee leave of absence (for a period not exceeding six months) on condition that the full term is afterwards completed. In case of death or lunacy the lease may be held without residence by the original holder's representatives or their assignees.

Every homestead lessee is **required to erect on the boundaries of his land such a fence** as the Land Board may prescribe within two years after he has entered in occupation; but the Board are empowered to grant an extension of time and to exempt the lessee from fencing any natural or other boundary.

An original lease cannot be transferred absolutely until completion of the full term of residence; nor can an original be transferred from an additional, or vice versa, until this condition has been fulfilled; but a transfer by way of a bond vide mortgage may be made during or after the term of residence, subject, in the former case, to the mortgagor residing for the required term. Transfers should be lodged with the Land Agent of the district, with a fee of £2 and stamp duty at the money rate of 10s. for each £100 of the consideration money.
The Situation before Homestead Leases
Occupation Licences and Pastoral Leases.
Prior to the Act of 1884 coming into operation, a large proportion of the Crown land in the colony was comprised of pastoral leases or runs. These leases were free from conditions other than payment of rent, but they carried no security of tenure, and were therefore constantly open to Conditional Purchase etc. As a matter of fact, it would have been possible for any run-holder to have several thousands of acres one week and to be deprived of the whole of the un-alienated, unimproved or unreserved land the next.

Pastoral Lessees and Conditional Purchasers thus gradually came to stand in mutual opposition to each other, the former anxious to preserve as large an area as possible, the latter desirous of selecting the choicest positions in the run. In this way both parties occupied a disadvantageous position, and there is no room for doubt that run-holders too frequently employed their servants as Conditional Purchasers in their own interest, while a class of Selectors ... whose ulterior object was not to retain the land for their own benefit, but to compel the run-holders to buy them out for profit.

It was part of the policy of the Act of 1884 to make provision for these difficulties, by sub-dividing the leaseholds, granting the run-holder an absolutely secure tenure over one half (called the leasehold area) [note -Pastoral leasehold - not Homestead Leasehold. Rusheen.] and leaving the remainder (called the Resumed Area) open to the public as before. [These were the areas that could be applied for as Homestead Leases. Rusheen, August 2015]

As, however, an immediate demand for the whole of that Resumed Area was not to be anticipated, the run-holder was left in temporary occupation, in which he was at liberty to remain until the land was gradually absorbed. His tenure of the Resumed Area termed an Occupation Licence and his tenure of the Leasehold area - a Pastoral Lease.

It will thus be understood that the existing pastoral leases and licences are merely a continuation of the previous tenure under altered conditions, and that, therefore, an opportunity for acquiring land under either tenure from the Crown does not, except in comparatively rare cases, exist. The only lands that may now be obtained from the Crown under licence are lands within any licence or pastoral lease that may be surrendered or that may expire or be forfeited. In such cases the lands may be submitted to auction or tender. Forfeited or Surrendered Pastoral Leases may be submitted to auction or tender for the expired term.

There are no pastoral leases in the Eastern Division. They had a term of five years under the Act of "1884" commencing in "188fi", and this term has expired. The lessees were allowed the privilege of continuing in occupation under what is termed Preferential Occupational Licence - a privilege which has been largely availed of. Broadly speaking, therefore, the whole of the land formerly held under pastoral lease in the Eastern Division is now held under Occupation Licence.

Occupation Licences in any of the three divisions run from January to December, but may be renewed from year to year on payment of rent in advance. The rent is determinable by the Land Board (subject to appeal), and is liable for re-appraisement whenever the Minister considers such action desirable. Any improvements effected by the licensee remain his property during the currency of the licence.

Pastoral leases are now confined to the Central and Western Divisions, and in connection with these the Act of 1889 has introduced important concessions. Under the Act of 1884 leases in the Central
Division had a term of ten years, commencing, for the most part, about 1886. In each case the lessee might obtain an extension of five-years, providing the Minister did not exercise a power conferred upon him of withholding extension. The rent in both cases was fixed by the Minister after appraisement by the Land Board. This rent applied to the first five years, and was subject to a statutory increase of 25 percent for any balance of the term.

By the Act of 1889 [pastoral] lessees in the Western Division were, by merely applying, given a new term of 21 years, with a right of extension, by virtue of improvements, of an additional term up to seven years, and thus were enabled to calculate upon a possible term of 28 years, which included no part of the term already expired. This term is divided into seven-year periods, and the rent for each period is subject to fresh appraisement by the Land Board or the Land Court on appeal.

With regard to the Central Division pastoral leases, the term was not altered, but the question of extension beyond the original term of ten years was made dependant upon the lessee effecting improvements to earn it, and this extension may be granted up to, but cannot exceed, five years. In connection with Central Division leases the arbitrary increases of rent have also been cut away, and a separate appraisement provided for each five-year period. The Act of 1889 left it to the option of the lessee to benefit from its provisions. If they failed to apply they remained under their pre-existing conditions. A Central Division [pastoral] leaseholder has the option of applying for an extension of lease or fix a Preferential Occupation Licence.

Neither pastoral lessees nor occupational licensees are subject to any obligation except payment in rent in advance, unless the necessity for improving pastoral leaseholds to earn an extension of term (which is purely voluntary) may be classified as such.

Any forfeited lands within the ambit of leasehold or resumed areas revert to them subject to payment of rent for the additional area.

A transfer of [pastoral] lease or licence may be made at any time upon payment of a fee of £2 for the former and £1 for the latter, together with stamp duty at the rate of 10s. for each £100 or fraction thereof of the consideration money.

A pastoral lease may be subdivided upon application by the holder to the Under-Secretary of Lands, and may be surrendered on giving this officer twelve months notice, specifying the date on which the surrender is intended to take effect. ...
**ORIGINAL HOMESTEAD LEASES 1885 TO 1914 FROM THE GOVERNMENT GAZETTES.**

Names of people who were granted or refused Homestead Leases [HLs]; their Homestead Lease Number; Land District, County and Parish of the HL and its size and rental; the acceptance, refusal and forfeiture of those HLs; re-appraisement of rentals.

Listed in work done previously, based on the NSW Government Gazettes, are the names of people who were granted or refused Homestead Leases [HLs]; their Homestead Lease Number; Land District, County and Parish of the HL; its size and rental; the acceptance, refusal and forfeiture of those HLs; and re-appraisement of rentals.

This information appears at: http://homepages.rootsweb.ancestry.com/~surreal/NSWW/Leases/index.html#WLL

My thanks to Linda and her off-sider Peter for having my information on this site.

The Government Gazettes do not give the Homestead Lease transfers.
Homestead Leases

**Homestead Leases Omitted in Original Listing from the Government Gazette.**

*Names of people* who were granted or refused Homestead Leases [HLs]; their *Homestead Lease Number*; Land District, County and Parish of the HL and its size and rental; the acceptance, refusal and forfeiture of those HLs; re-appraisal of rentals. Transfers of HLs are not shown here.

Homestead Leases from Government Gazette omitted previously. These HLs were omitted from my original listing of HLs from the Government Gazette.

**TRANSFERS OF THESE HOMESTEAD LEASES AND THEIR CONVERSION INTO WESTERN LAND LEASES.**

In 1884 the Western Division of New South Wales was divided into ten Land Districts, each District having its own Homestead Lease Register that was indexed with all of the names that appeared for whatever reason in that Register.

Each Register gives details:
The date and the name of the original holder of the Homestead Lease [HL],
The date and the name of the person or institution that took up a mortgage over that lease;
The date and the name when the HL was transferred to another person or the mortgage was changed;
When the conditions of fencing and residency were completed;
Forfeiture (sometimes the reason is given) and reversals of Forfeitures;
Grazing Rights granted to other individuals over some HLs;
Additional land granted to some HLs;
Loans to Settlers made to HLs and repaid (different to mortgages)
Conversion into a Western Lands Lease [WLL] and the number of that WLL.

Details such as size and rentals are in each Register, but because I have given this information from the Gazettes I have not repeated it here.

BALRANALD LAND DISTRICT

*INDEX TO NAMES MENTIONED IN THE HOMESTEAD LEASE REGISTER OF THE LAND DISTRICT OF BALRANALD.*

RUSHEEN CRAIG, May 2016.

'Register of Homestead Leases c1886-1898' [actually 1886 to 1906];
Occupation Branch, Department of Lands;
Series CGS 8374;
Balranald - 7/11098.
State Records, Kingswood.

I would like to thank the Staff at State Records for their assistance in accessing these records and for their permission to make the information contained in these records available for public use.

The Homestead Lease Index for the Balranald District lists all of the names that appear in the Homestead Lease Register for the Balranald District, directing you to the number of the Homestead Lease in which this name appears in that Register.

It must be noted that this does NOT MEAN that these people all held a Homestead Lease [HL]. Names of the people who held mortgages over one or more Homestead Leases are included, as are those who looked after the wills of deceased Homestead Lessees. The name might refer to a person being given
Homestead Leases

Copyright © 2017 Rusheen Craig

Grazing Rights over the HL. He might be the holder of an adjoining Pastoral Lease negotiating payment for improvements. It is essential that you look at the details I give from the Register itself to find out the significance of the name in the Index.

If you found from my original listings from the Government Gazettes, of the granting, acceptances and forfeitures of the original Homestead Leases, that a person applied for but did not accept a HL then this name will not appear here in Balranald Homestead Lease Register or Index.

Names in the Index are alphabetical only by the first letter of the surname; this is how they appeared in the Index itself.

Many of the names in the Index are listed only by surname and initial. To aid in the identification of ancestors I have given the full names as they appear in the Register itself. It also helps in the identification of females within the Homestead Lease system along with their marital status e.g. spinster.

Rusheen Craig, January 2016.

All names refer to the Homestead Lease number.

Homestead Lease Transfers in the Register of the Land District of Balranald.

Rusheen Craig, May 2016.

'Register of Homestead Leases c1886-1898' [actually 1886 to 1906 with additional information to 1906];
Occupation Branch, Department of Lands;
Series CGS 8374;
Balranald - 7/11098.
State Records, Kingswood.

I would like to thank the Staff at State Records Kingswood for providing me with access to the original Homestead Lease records and permitting me to make them available for public access.

To find all the details about these Homestead Leases in the District of Balranald, such as County and Parish, Application number, Size and original Annual Rent, Withdrawals, Non-acceptance, Forfeitures, Reversal of Forfeitures etc. see my previous work from the Government Gazettes via my website: rusheensweb.com.au
or go directly to the information at:

The transfers of Homestead Leases not listed in the Government Gazettes, are found in the Homestead Lease Registers at Kingswood.

The Transfers of Homestead Leases.

While the Government Gazettes were a great source of information concerning the granting of the original Homestead Leases, their location, their size and annual rental, their acceptance or non-acceptance, their forfeitures and sometimes reversal of forfeitures, these Gazettes did not give any information on the transfers of the leases. I have therefore turned to the Registers of Homestead Leases, held at State Records, to find out what happened to these leases in the years between when they were originally granted and when they transferred over into the more secure Western Land Leases in the early 1900s.

What is shown in my transcription of the transfers from the Register of Homestead Leases - Balranald Land District.

- The first year shown here is the year the Homestead Lease was Gazetted along with the name of the original Homestead Lessee. I had thought initially that this would be sufficient information needed to be given. However when I came to checking whether the Homestead Lessee had fulfilled his lease conditions within the required timeframe I found that it was necessary to also include the date from which the lease was granted. In some instances these two dates varied quite considerably [I've highlighted the entries when this took place].

- This is followed by the start of the term of the lease. I have deliberately not given the number of years granted in the original lease because I felt that people would look at that information and assume that their ancestor held the HL for that entire period. The length of actual tenure of each lessee can be seen by looking at the transfer information given from the Register.
- The transfers of the Homestead Leases.

In the Register this information is spread over two large pages. On the first page is the essential information such as name of the person holding the lease, followed by transfers to another person or to the property being mortgaged (in which case it passes into the name of the person or company lending the money). The final entry here is usually the change of the Homestead Lease into a Western Land Lease [WLL], although not all Homestead Lessees applied to go to the WLL system, and in some cases applications to become a WLL were refused.

Additional information is scattered across the rest of the first page and across the second page in the Register. Individual items could in some cases cover a number of years. To show the records in a simple understandable form I have just included the main reference number under which the record was archived, and have slotted the record into the chain of events for that Homestead Lease by the year indicated in that reference number.

Homestead Leases that were granted to the applicant but not accepted by him are not shown in the Register used.

The Register used only shows when a Forfeiture took place if that Forfeiture was not reversed. Date and sometimes the reason are then given. If a Forfeiture is reversed the reversal is given but not the original Forfeiture. Some leases are forfeited and forfeiture reversed many times.

Words such as "direct" or "absolute" indicate that the Homestead Lease has changed hands.

AHL - Additional HL granted by virtue of existing HL.
CSC - Crown Solicitor's Certificate / Correspondence
FL - Fresh Lease under 1889 Crown Land Act - Annual Rental.
HL - Homestead Lease.
m - mortgage.
WLL - Western Land Lease.

1886 was the first year Homestead Leases were Gazetted for the Balranald Land District. The term of these 15 year leases started from 1886.

END OF HOMESTEAD LEASE REGISTER FOR BALRANALD LAND DISTRICT.

1 HOMESTEAD LEASE NOT APPLIED UNDER WESTERN LAND ACT

38 WESTERN LAND LEASES ISSUED TO 31 DECEMBER 1903

My comment: Western Land Leases only started to be issued in 1903.
Rusheen Craig, August 2015.
BOURKE LAND DISTRICT

INDEX TO THE NAMES MENTIONED IN THE HOMESTEAD LEASE REGISTER OF THE LAND DISTRICT OF BOURKE.

RUSHEEN CRAIG, May 2016.

'Register of Homestead Leases c1886-1898.' - Bourke [actually 1885 to 1902 with additional information up to 1908]
Occupation Branch, Department of Lands;
Series: CGS 8374
Container: 7/11099
State Records, Kingswood.

I would like to thank the Staff at State Records for their assistance in accessing these records and for their permission to make the information contained in these records available for public use.

The Homestead Lease Index for the Bourke District lists all of the names that appear in the Homestead Lease Register for the Bourke District, directing you to the number of the Homestead Lease in which this name appears in that Register.

It must be noted that this does NOT MEAN that these people all held a Homestead Lease [HL]. Names of the people who held mortgages over one or more Homestead Leases are included, as are those who looked after the wills of deceased Homestead Lessees. The name might refer to a person being given Grazing Rights over the HL. He might be the holder of an adjoining Pastoral Lease negotiating payment for improvements. It is essential that you look at the details I give from the Register itself to find out the significance of the name in the Index.

If you found from my original listings from the Government Gazettes, of the granting, acceptances and forfeitures of the original Homestead Leases, that a person applied for but did not accept a HL then this name will not appear here in Bourke Homestead Lease Register or Index.

Names in the Index are alphabetical only by the first letter of the surname; this is how they appeared in the Index itself.

Many of the names in the Index are listed only by surname and initial. To aid in the identification of ancestors I have given the full names as they appear in the Register itself. It also helps in the identification of females within the Homestead Lease system along with their marital status e.g. spinster.
Rusheen Craig, January 2016.

All names refer to the Homestead Lease number.

[White James Meadows HL 946 - Indexed as Meadows but Gazetted as White]
HOMESTEAD LEASE TRANSFERS IN THE LAND DISTRICT OF BOURKE.

RUSHEEN CRAIG, May 2016.

'Register of Homestead Leases c1886-1898.' - Bourke [actually 1885 to 1902 with additional information up to 1908]
Occupation Branch, Department of Lands;
Series: CGS 8374
Container: 7/11099
State Records, Kingswood.

I would like to thank the Staff at State Records Kingswood for their assistance in accessing these records and for their permission to make the information contained in these records available for public use.

To find all the details about the original Homestead Leases in the District of Bourke, such as County and Parish, Application number, Size and original Annual Rent, Withdrawals, Non-acceptance, Forfeitures, Reversal of Forfeitures etc. see my previous work from the Government Gazettes via my website:
rusheensweb.com
or go directly to the information at:

The Transfers of Homestead Leases.
While the Government Gazettes were a great source of information concerning the granting of the original Homestead Leases, their location, their size and annual rental, their acceptance or non-acceptance, their forfeitures and sometimes reversal of forfeitures, these Gazettes did not give any information on the transfers of the leases. I have therefore turned to the Registers of Homestead Leases, held at State Records, to find out what happened to these leases in the years between when they were originally granted and when they transferred over into the more secure Western Land Leases in the early 1900s.

What is shown in my transcription of the transfers from the Register of Homestead Leases - Bourke Land District.
- The first year shown here is the year the Homestead Lease was Gazetted along with the name of the original Homestead Lessee. I had thought initially that this would be sufficient information needed to be given. However when I came to checking whether the Homestead Lessee had fulfilled his lease conditions within the required timeframe I found that it was necessary to also include the date from which the lease was granted. In some instances these two dates varied quite considerably [I've highlighted the entry when this took place].

- This is followed by the start of the term of the lease. I have deliberately not given the number of years granted in the original lease because I felt that people would look at that information and assume that their ancestor held the HL for that entire period. The length of actual tenure of each lessee can be seen by looking at the transfer information given from the Register.

- The transfers of the Homestead Leases.
In the Register this information is spread over two large pages. On the first page is the essential information such as name of the person holding the lease, followed by transfers to another person or to the property being mortgaged (in which case it passes into the name of the person or company lending the money). The final entry here is usually the change of the Homestead Lease into a Western Land Lease (WLL), although not all Homestead Lessees applied to go to the WLL system, and in some cases applications to become a WLL were refused.

Additional information is scattered across the rest of the first page and across the second page in the Register. Individual items could in some cases cover a number of years. To show the records in a simple understandable form I have just included the main reference number under which the record was archived, and have slotted the record into the chain of events for that Homestead Lease by the year indicated in that reference number.

Homestead Leases that were granted to the applicant but not accepted by him are not shown in the Register used.

The Register used only shows when a Forfeiture took place if that Forfeiture was not reversed. Date and sometimes the reason are then given. If a Forfeiture is reversed the reversal is given but not the original Forfeiture. Some leases are forfeited and forfeiture reversed many times.

Words such as "direct" or "absolute" indicate that the Homestead Lease has changed hands.

| AHL | Additional Homestead Lease granted by virtue of existing HL. |
| C.S.C. | Crown Solicitor's Certificate or Correspondence |
| FL | Fresh Lease under 1889 Crown Lands Act - Annual Rental. |
| HL | Homestead Lease. |
| m | mortgage. |
| WLL | Western Land Lease. |

1885 was the first year Homestead Leases were Gazetted for the Bourke Land District. The term of these 15 year leases started from 1886.

END OF HOMESTEAD LEASE REGISTER BOURKE LAND DISTRICT
Notation in pencil:
47 Homestead Leases not applied to come under Western Lands Act
114 W. L. Leases issued to 31 December 1903
138 W. L. Leases issued to 27 April 1908.
BREWARRINA LAND DISTRICT

INDEX TO THE NAMES MENTIONED IN THE HOMESTEAD LEASE REGISTER OF THE LAND DISTRICT OF BREWARRINA

RUSHEEN CRAIG, May 2016.

"Register of Homestead Leases c1886-1898." [actually 1885 to 1901 with additional information to 1907]
Occupation Branch, Department of Lands;
Series 8374, Brewarrina.
Container 7-11100.
State Records, Kingswood

I would like to thank the Staff at State Records for their assistance in accessing these records and for their permission to make the information contained in these records available for public use.

The Homestead Lease Index for the Brewarrina District lists all of the names that appear in the Homestead Lease Register for the Brewarrina District, directing you to the number of the Homestead Lease in which this name appears in that Register.

It must be noted that this does NOT MEAN that these people all held a Homestead Lease [HL]. Names of the people who held mortgages over one or more Homestead Leases are included, as are those who looked after the wills of deceased Homestead Lessees. The name might refer to a person being given Grazing Rights over the HL. He might be the holder of an adjoining Pastoral Lease negotiating payment for improvements. It is essential that you look at the details I give from the Register itself to find out the significance of the name in the Index.

If you found from my original listings from the Government Gazettes, of the granting, acceptances and forfeitures of the original Homestead Leases, that a person applied for but did not accept a HL then this name will not appear here in Brewarrina Homestead Lease Register or Index.

Names in the Index are alphabetical only by the first letter of the surname; this is how they appeared in the Index itself.

Many of the names in the Index are listed only by surname and initial. To aid in the identification of ancestors I have given the full names as they appear in the Register itself. It also helps in the identification of females within the Homestead Lease system along with their marital status e.g. spinster.
Rusheen Craig, January 2016.

All names refer to the Homestead Lease number.

"Register of Homestead Leases c1886-1898." [actually 1885 to 1901 with additional information to 1907]
Occupation Branch, Department of Lands;
Series 8374, Brewarrina.
Container 7-11100.
State Records, Kingswood.

I would like to thank the Staff at State Records Kingswood for providing me with access to the original Homestead Lease records and permitting me to make them available for public access.

To find all the details about these Homestead Leases in the District of Brewarrina, such as County and Parish, Application number, Size and original Annual Rent, Withdrawals, Non-acceptance, Forfeitures, Reversal of Forfeitures etc. see my previous work from the Government Gazettes via my website: rusheensweb.com.au
or go directly to the information at:

The Transfers of Homestead Leases.
While the Government Gazettes were a great source of information concerning the granting of the original Homestead Leases, their location, their size and annual rental, their acceptance or non-acceptance, their forfeitures and sometimes reversal of forfeitures, these Gazettes did not give any information on the transfers of the leases. I have therefore turned to the Registers of Homestead Leases, held at State Records, to find out what happened to these leases in the years between when they were originally granted and when they transferred over into the more secure Western Land Leases in the early 1900s.

What is shown in my transcription of the transfers from the Register of Homestead Leases - Brewarrina Land District.
- The first year shown here is the year the Homestead Lease was Gazetted along with the name of the original Homestead Lessee. I had thought initially that this would be sufficient information needed to be given. However when I came to checking whether the Homestead Lessee had fulfilled his lease conditions within the required timeframe I found that it was necessary to also include the date from which the lease was granted. In some instances these two dates varied quite considerably [I've highlighted the entry when this took place].

- This is followed by the start of the term of the lease. I have deliberately not given the number of years granted in the original lease because I felt that people would look at that information and assume that their ancestor held the HL for that entire period. The length of actual tenure of each lessee can be seen by looking at the transfer information given from the Register.

- The transfers of the Homestead Leases.
In the Register this information is spread over two large pages. On the first page is the essential information such as name of the person holding the lease, followed by transfers to another person or to
the property being mortgaged (in which case it passes into the name of the person or company lending the money). The final entry here is usually the change of the Homestead Lease into a Western Land Lease [WLL], although not all Homestead Lessees applied to go to the WLL system, and in some cases applications to become a WLL were refused.

Additional information is scattered across the rest of the first page and across the second page in the Register. Individual items could in some cases cover a number of years. To show the records in a simple understandable form I have just included the main reference number under which the record was archived, and have slotted the record into the chain of events for that Homestead Lease by the year indicated in that reference number.

Homestead Leases that were granted to the applicant but not accepted by him are not shown in the Register used.

The Register used only shows when a Forfeiture took place if that Forfeiture was not reversed. Date and sometimes the reason are then given. If a Forfeiture is reversed the reversal is given but not the original Forfeiture. Some leases are forfeited and forfeiture reversed many times.

Words such as "direct" or "absolute" indicate that the Homestead Lease has changed hands.

C.S.C. - Crown Solicitor's Certificate or Correspondence
FL - Fresh Lease under 1889 Crown Land Act - Annual Rental.
HL - Homestead Lease.
m - mortgage.
WLL - Western Land Lease.

1885 was the first year Homestead Leases were Gazetted for the Brewarrina Land District. The term of these 15 year leases started from 1886.

</tbody>
</table>
* This 15 year term of the lease does not mean that the original lessee held the lease for that time. As you can see from the above, Harden died and the HL passed via his Executors to Ferguson in 1896. For this reason I have only recorded the date from which the HL was granted - not the full term of the lease permitted.

15 Homestead Leases under Western Lands Act
85 Western Lands Leases to 31 Dec 1903

[WLLs only started to be given out in 1903. Rusheen Craig, August 2015]
COBAR LAND DISTRICT

INDEX TO THE NAMES MENTIONED IN THE HOMESTEAD LEASE REGISTER OF THE LAND DISTRICT OF COBAR.

RUSHEEN CRAIG, May 2016.

Register of Homestead Leases - Cobar. 
Occupation Branch, Department of Lands; 
Series: CGS 8374 
Container 7/11101 
State Records NSW, Kingswood. 

I would like to thank the Staff at State Records for their assistance in accessing these records and for their permission to make the information contained in these records available for public use.

The Homestead Lease Index for the Cobar District lists all of the names that appear in the Homestead Lease Register for the Cobar District, directing you to the number of the Homestead Lease in which this name appears in that Register.

It must be noted that this does NOT MEAN that these people all held a Homestead Lease [HL]. Names of the people who held mortgages over one or more Homestead Leases are included, as are those who looked after the wills of deceased Homestead Lessees. The name might refer to a person being given Grazing Rights over the HL. He might be the holder of an adjoining Pastoral Lease negotiating payment for improvements. It is essential that you look at the details I give from the Register itself to find out the significance of the name in the Index.

If you found from my original listings from the Government Gazettes, of the granting, acceptances and forfeitures of the original Homestead Leases, that a person applied for but did not accept a HL then this name will not appear here in Cobar Homestead Lease Register or Index.

Names in the Index are alphabetical only by the first letter of the surname; this is how they appeared in the Index itself.

Many of the names in the Index are listed only by surname and initial. To aid in the identification of ancestors I have given the full names as they appear in the Register itself. It also helps in the identification of females within the Homestead Lease system along with their marital status e.g. spinster.
Rusheen Craig, January 2016.

All names refer to the Homestead Lease Number.

HOMESTEAD LEASE TRANSFERS IN THE REGISTER OF THE LAND DISTRICT OF COBAR.

RUSHEEN CRAIG, May 2016.

Register of Homestead Leases - Cobar. [actually from 1886 to 1901 with additional information to 1904]
Occupation Branch, Department of Lands;
Series: CGS 8374
Container 7/11101
State Records NSW, Kingswood.

I would like to thank the Staff at State Records Kingswood for providing me with access to the original Homestead Lease records and permitting me to make them available for public use.

To find all the details about these Homestead Leases in the District of Cobar, such as County and Parish, Application number, Size and original Annual Rent, Withdrawals, Non-acceptance, Forfeitures, Reversal of Forfeitures etc. see my previous work from the Government Gazettes via my website: rusheensweb.com.au or go directly to the information at:

The Transfers of Homestead Leases.
While the Government Gazettes were a great source of information concerning the granting of the original Homestead Leases, their location, their size and annual rental, their acceptance or non-acceptance, their forfeitures and sometimes reversal of forfeitures, these Gazettes did not give any information on the transfers of the leases. I have therefore turned to the Registers of Homestead Leases, held at State Records, to find out what happened to these leases in the years between when they were originally granted and when they transferred over into the more secure Western Land Leases in the early 1900s.

What is shown in my transcription of the transfers from the Register of Homestead Leases - Cobar Land District.
- The first year shown here is the year the Homestead Lease was Gazetted along with the name of the original Homestead Lessee. I had thought initially that this would be sufficient information needed to be given. However when I came to checking whether the Homestead Lessee had fulfilled his lease conditions within the required timeframe I found that it was necessary to also include the date from which the lease was granted. In some instances these two dates varied quite considerably [I've highlighted the entry when this took place].

- This is followed by the start of the term of the lease. I have deliberately not given the number of years granted in the original lease because I felt that people would look at that information and assume that their ancestor held the HL for that entire period. The length of actual tenure of each lessee can be seen by looking at the transfer information given from the Register.

- The transfers of the Homestead Leases.
In the Register this information is spread over two large pages. On the first page is the essential information such as name of the person holding the lease, followed by transfers to another person or to the property being mortgaged (in which case it passes into the name of the person or company lending the money). The final entry here is usually the change of the Homestead Lease into a Western Land Lease [WLL], although not all Homestead Lessees applied to go to the WLL system, and in some cases applications to become a WLL were refused.

Additional information is scattered across the rest of the first page and across the second page in the Register. Individual items could in some cases cover a number of years. To show the records in a simple understandable form I have just included the main reference number under which the record was archived, and have slotted the record into the chain of events for that Homestead Lease by the year indicated in that reference number.

Homestead Leases that were granted to the applicant but not accepted by him are not shown in the Register used.

The Register used only shows when a Forfeiture took place if that Forfeiture was not reversed. Date and sometimes the reason are then given. If a Forfeiture is reversed the reversal is given but not the original Forfeiture. Some leases are forfeited and forfeiture reversed many times.

Words such as "direct" or "absolute" indicate that the Homestead Lease has changed hands.

1886 was the first year Homestead Leases were Gazetted for the Cobar Land District. The term of these 15 year leases started from 1886.

1886   HL 90   James HERVEY.
Granted from 1 Aug 1886
1890   FL £50-8-6.
1892   Conditions fulfilled Occ 92.1410 [or 92.4410?] 1892   John Clark HERVEY (direct) 92-3153.
1897   £49-1-4 annual rent.
1905   Rent paid to 31 July 1905.
1907   Forfeited. Gazetted 26 June 1907.
Pencil notation: Mount Grenfell, Cobar. [No mention of WLL in Cobar Register]

1886   HL 96   Charles ANYON.
Granted from 1886
1887   Withdrawn under notice of non-acceptance. Gazetted 15 July 1887.

vide Balranald
[Listed in the Government Gazette as Land District Balranald]

END OF REGISTER OF HOMESTEAD LEASES - COBAR LAND DISTRICT.
Notation in pencil:
12 Homestead Leases not applied to come under Western Lands Act
11 Western Land Leases issued to 31 Dec 1903.
My comment: WLLs only started to be distributed in 1903 - Rusheen Craig, July 2015.
HAY NORTH LAND DISTRICT

INDEX TO THE NAMES MENTIONED IN THE HOMESTEAD LEASE REGISTER OF THE LAND DISTRICT OF HAY NORTH.

RUSHEEN CRAIG, May 2016.

:Register of Homestead Leases c1886-1898' [actually 1886 to 1901 with additional information to 1907];
Occupation Branch, Department of Lands;
Series CGS 8374;
Hay North - 7/11102.
State Records, Kingswood.

I would like to thank the Staff at State Records for their assistance in accessing these records and for their permission to make the information contained in these records available for public use.

The Homestead Lease Index for the Hay North District lists all of the names that appear in the Homestead Lease Register for the Hay North District, directing you to the number of the Homestead Lease in which this name appears in that Register.

It must be noted that this does NOT MEAN that these people all held a Homestead Lease [HL]. Names of the people who held mortgages over one or more Homestead Leases are included, as are those who looked after the wills of deceased Homestead Lessees. The name might refer to a person being given Grazing Rights over the HL. He might be the holder of an adjoining Pastoral Lease negotiating payment for improvements. It is essential that you look at the details I give from the Register itself to find out the significance of the name in the Index.

If you found from my original listings from the Government Gazettes, of the granting, acceptances and forfeitures of the original Homestead Leases, that a person applied for but did not accept a HL then this name will not appear here in Hay North Homestead Lease Register or Index.

Names in the Index are alphabetical only by the first letter of the surname; this is how they appeared in the Index itself.

Many of the names in the Index are listed only by surname and initial. To aid in the identification of ancestors I have given the full names as they appear in the Register itself. It also helps in the identification of females within the Homestead Lease system along with their marital status e.g. spinster.
Rusheen Craig, January 2016.

Index refers to the Homestead Lease Number.

Hay North - 7/11102.
State Records, Kingswood.

I would like to thank the Staff at State Records Kingswood for providing me with access to the original Homestead Lease records and permitting me to make them available for public use.

To find all the details about these Homestead Leases in the District of Hay North, such as County and Parish, Application number, Size and original Annual Rent, Withdrawals, Non-acceptance, Forfeitures, Reversal of Forfeitures etc. see my previous work from the Government Gazettes via my website: rusheensweb.com.au
or go directly to the information at: http://homepages.rootsweb.ancestry.com/~surreal/NSWW/Leases/index.html

The Transfers of Homestead Leases.
While the Government Gazettes were a great source of information concerning the granting of the original Homestead Leases, their location, their size and annual rental, their acceptance or non-acceptance, their forfeitures and sometimes reversal of forfeitures, these Gazettes did not give any information on the transfers of the leases. I have therefore turned to the Registers of Homestead Leases, held at State Records, to find out what happened to these leases in the years between when they were originally granted and when they transferred over into the more secure Western Land Leases in the early 1900s.

What is shown in my transcription of the transfers from the Register of Homestead Leases - Hay North Land District.
- The first year shown here is the year the Homestead Lease was Gazetted along with the name of the original Homestead Lessee. I had thought initially that this would be sufficient information needed to be given. However when I came to checking whether the Homestead Lessee had fulfilled his lease conditions within the required timeframe I found that it was necessary to also include the date from which the lease was granted. In some instances these two dates varied quite considerably [I've highlighted the entry when this took place].

- This is followed by the start of the term of the lease. I have deliberately not given the number of years granted in the original lease because I felt that people would look at that information and assume that their ancestor held the HL for that entire period. The length of actual tenure of each lessee can be seen by looking at the transfer information given from the Register.

- The transfers of the Homestead Leases.
In the Register this information is spread over two large pages. On the first page is the essential information such as name of the person holding the lease, followed by transfers to another person or to the property being mortgaged (in which case it passes into the name of the person or company lending
the money). The final entry here is usually the change of the Homestead Lease into a Western Land Lease [WLL], although not all Homestead Lessees applied to go to the WLL system, and in some cases applications to become a WLL were refused.

Additional information is scattered across the rest of the first page and across the second page in the Register. Individual items could in some cases cover a number of years. To show the records in a simple understandable form I have just included the main reference number under which the record was archived, and have slotted the record into the chain of events for that Homestead Lease by the year indicated in that reference number.

Homestead Leases that were granted to the applicant but not accepted by him are not shown in the Register used.

The Register used only shows when a Forfeiture took place if that Forfeiture was not reversed. Date and sometimes the reason are then given. If a Forfeiture is reversed the reversal is given but not the original Forfeiture. Some leases are forfeited and forfeiture reversed many times.

Words such as "direct" or "absolute" indicate that the Homestead Lease has changed hands.

AHL - Additional HL granted by virtue of existing HL.
CSC - Crown Solicitor's Certificate / Correspondence
FL - Fresh Lease under 1889 Crown Land Act - Annual Rental.
HL - Homestead Lease.
m - mortgage.
WLL - Western Land Lease.

1886 was the first year Homestead Leases were Gazetted for the Hay North Land District. The term of these 15 year leases started from 1886.

END OF REGISTER OF HOMESTEAD LEASES - HAY NORTH.
Notation in pencil:
1 Homestead Lease not applied for under Western Land Act
20 Western Land Leases to 31 Dec 1903
My comment: Western Land Leases only started to be distributed in 1903. Rusheen Craig, July 2015.
HILLSTON NORTH LAND DISTRICT

INDEX TO THE NAMES MENTIONED IN THE HOMESTEAD LEASE REGISTER OF THE LAND DISTRICT OF HILLSTON NORTH.

RUSHEEN CRAIG, May 2016.

'Register of Homestead Leases c1886-1898' [actually 1886 to 1901 with additional information to 1907];
Occupation Branch, Department of Lands;
Series CGS 8374;
Hillston North - 7/11103.
State Records, Kingswood.

I would like to thank the Staff at State Records for their assistance in accessing these records and for their permission to make the information contained in these records available for public use.

The Homestead Lease Index for the Hillston North District lists all of the names that appear in the Homestead Lease Register for the Hillston North District, directing you to the number of the Homestead Lease in which this name appears in that Register.

It must be noted that this does NOT MEAN that these people all held a Homestead Lease [HL]. Names of the people who held mortgages over one or more Homestead Leases are included, as are those who looked after the wills of deceased Homestead Lessees. The name might refer to a person being given Grazing Rights over the HL. He might be the holder of an adjoining Pastoral Lease negotiating payment for improvements. It is essential that you look at the details I give from the Register itself to find out the significance of the name in the Index.

If you found from my original listings from the Government Gazettes, of the granting, acceptances and forfeitures of the original Homestead Leases, that a person applied for but did not accept a HL then this name will not appear here in Hillston North Homestead Lease Register or Index.

Names in the Index are alphabetical only by the first letter of the surname; this is how they appeared in the Index itself.

Many of the names in the Index are listed only by surname and initial. To aid in the identification of ancestors I have given the full names as they appear in the Register itself. It also helps in the identification of females within the Homestead Lease system along with their marital status e.g. spinster.
Rusheen Craig, January 2016.

'Register of Homestead Leases c1886-1898' [actually 1886 to 1901 with additional information to 1907];
Occupation Branch, Department of Lands;
Series CGS 8374;
Hillston North - 7/11103.
State Records, Kingswood.

I would like to thank the Staff at State Records Kingswood for providing me with access to the original Homestead Lease records and permitting me to make them available for public access.

To find all the details about these Homestead Leases in the District of Hillston North, such as County and Parish, Application number, Size and original Annual Rent, Withdrawals, Non-acceptance, Forfeitures, Reversal of Forfeitures etc. see my previous work from the Government Gazettes on my website: rusheensweb.com.au
Or go directly to the information at:

The Transfers of Homestead Leases.
While the Government Gazettes were a great source of information concerning the granting of the original Homestead Leases, their location, their size and annual rental, their acceptance or non-acceptance, their forfeitures and sometimes reversal of forfeitures, these Gazettes did not give any information on the transfers of the leases. I have therefore turned to the Registers of Homestead Leases, held at State Records, to find out what happened to these leases in the years between when they were originally granted and when they transferred over into the more secure Western Land Leases in the early 1900s.

What is shown in my transcription of the transfers from the Register of Homestead Leases - Hillston North Land District.
- The first year shown here is the year the Homestead Lease was Gazetted along with the name of the original Homestead Lessee. I had thought initially that this would be sufficient information needed to be given. However when I came to checking whether the Homestead Lessee had fulfilled his lease conditions within the required timeframe I found that it was necessary to also include the date from which the lease was granted. In some instances these two dates varied quite considerably [I've highlighted the entry when this took place].

- This is followed by the start of the term of the lease. I have deliberately not given the number of years granted in the original lease because I felt that people would look at that information and assume that their ancestor held the HL for that entire period. The length of actual tenure of each lessee can be seen by looking at the transfer information given from the Register.

- The transfers of the Homestead Leases.
In the Register this information is spread over two large pages. On the first page is the essential information such as name of the person holding the lease, followed by transfers to another person or to the property being mortgaged (in which case it passes into the name of the person or company lending the money). The final entry here is usually the change of the Homestead Lease into a Western Land Lease [WLL], although not all Homestead Lessees applied to go to the WLL system, and in some cases applications to become a WLL were refused.

Additional information is scattered across the rest of the first page and across the second page in the Register. Individual items could in some cases cover a number of years. To show the records in a simple understandable form I have just included the main reference number under which the record was archived, and have slotted the record into the chain of events for that Homestead Lease by the year indicated in that reference number.

Homestead Leases that were granted to the applicant but not accepted by him are not shown in the Register used.

The Register used only shows when a Forfeiture took place if that Forfeiture was not reversed. Date and sometimes the reason are then given. If a Forfeiture is reversed the reversal is given but not the original Forfeiture. Some leases are forfeited and forfeiture reversed many times.

Words such as "direct" or "absolute" indicate that the Homestead Lease has changed hands.

AHL - Additional HL granted by virtue of existing HL.
CSC - Crown Solicitor's Certificate or Correspondence
FL - Fresh Lease under 1889 Crown Land Act - Annual Rental.
HL - Homestead Lease.
m - mortgage.
WLL - Western Land Lease.

1886 was the first year Homestead Leases were Gazetted for the Hillston North Land District. The term of these 15 year leases started from 1886.

<table>
<thead>
<tr>
<th>Year Gazetted</th>
<th>Homestead Lease Number</th>
<th>Name of Lessee</th>

</tbody>
</table>

* It is dangerous to look at the term of the lease granted and assume that the lessee held the land for that period. You can see from the above that STEWART didn't even accept the HL let alone hold it for 15 years.

WALGETT LAND DISTRICT

INDEX TO THE NAMES MENTIONED IN THE HOMESTEAD LEASE REGISTER OF THE LAND DISTRICT OF WALGETT

RUSHEEN CRAIG, May 2016.

:Register of Homestead Leases c1886-1898' [actually 1886 to 1899 with additional information to 1911]; Occupation Branch, Department of Lands; Series CGS 8374; Walgett - 7/11104. State Records, Kingswood.

I would like to thank the Staff at State Records for their assistance in accessing these records and for their permission to make the information contained in these records available for public use.

The Homestead Lease Index for the Walgett District lists all of the names that appear in the Homestead Lease Register for the Walgett District, directing you to the number of the Homestead Lease in which this name appears in that Register.

It must be noted that this does NOT MEAN that these people all held a Homestead Lease [HL]. Names of the people who held mortgages over one or more Homestead Leases are included, as are those who looked after the wills of deceased Homestead Lessees. The name might refer to a person being given Grazing Rights over the HL. He might be the holder of an adjoining Pastoral Lease negotiating payment for improvements. It is essential that you look at the details I give from the Register itself to find out the significance of the name in the Index.

If you found from my original listings from the Government Gazettes, of the granting, acceptances and forfeitures of the original Homestead Leases, that a person applied for but did not accept a HL then this name will not appear here in Walgett Homestead Lease Register or Index.

Names in the Index are alphabetical only by the first letter of the surname; this is how they appeared in the Index itself.

Many of the names in the Index are listed only by surname and initial. To aid in the identification of ancestors I have given the full names as they appear in the Register itself. It also helps in the identification of females within the Homestead Lease system along with their marital status e.g. spinster.
Rusheen Craig, January 2016.

Index refers to Homestead Lease Number.

'Register of Homestead Leases c1886-1898' [actually 1886 to 1899 with additional information to 1911];
Occupation Branch, Department of Lands;
Series CGS 8374;
Walgett- 7/11104.
State Records, Kingswood.

I would like to thank the Staff at State Records Kingswood for providing me with access to the original Homestead Lease records and permitting me to make them available for public access.

To find all the details about these Homestead Leases in the District of Walgett, such as County and Parish, Application number, Size and original Annual Rent, Withdrawals, Non-acceptance, Forfeitures, Reversal of Forfeitures etc. see my previous work from the Government Gazettes on my website: rusheensweb.com.au
or go directly to the information at:

The Transfers of Homestead Leases.
While the Government Gazettes were a great source of information concerning the granting of the original Homestead Leases, their location, their size and annual rental, their acceptance or non-acceptance, their forfeitures and sometimes reversal of forfeitures, these Gazettes did not give any information on the transfers of the leases. I have therefore turned to the Registers of Homestead Leases, held at State Records, to find out what happened to these leases in the years between when they were originally granted and when they transferred over into the more secure Western Land Leases in the early 1900s.

What is shown in my transcription of the transfers from the Register of Homestead Leases - Walgett Land District.
- The first year shown here is the year the Homestead Lease was Gazetted along with the name of the original Homestead Lessee. I had thought initially that this would be sufficient information needed to be given. However when I came to checking whether the Homestead Lessee had fulfilled his lease conditions within the required timeframe I found that it was necessary to also include the date from which the lease was granted. In some instances these two dates varied quite considerably [I've highlighted the entry when this took place].

- This is followed by the start of the term of the lease. I have deliberately not given the number of years granted in the original lease because I felt that people would look at that information and assume that their ancestor held the HL for that entire period. The length of actual tenure of each lessee can be seen by looking at the transfer information given from the Register.

- The transfers of the Homestead Leases.
In the Register this information is spread over two large pages. On the first page is the essential information such as name of the person holding the lease, followed by transfers to another person or to the property being mortgaged (in which case it passes into the name of the person or company lending the money). The final entry here is usually the change of the Homestead Lease into a Western Land Lease [WLL], although not all Homestead Lessees applied to go to the WLL system, and in some cases applications to become a WLL were refused.

Additional information is scattered across the rest of the first page and across the second page in the Register. Individual items could in some cases cover a number of years. To show the records in a simple understandable form I have just included the main reference number under which the record was archived, and have slotted the record into the chain of events for that Homestead Lease by the year indicated in that reference number.

Homestead Leases that were granted to the applicant but not accepted by him are not shown in the Register used.

The Register used only shows when a Forfeiture took place if that Forfeiture was not reversed. Date and sometimes the reason are then given. If a Forfeiture is reversed the reversal is given but not the original Forfeiture. Some leases are forfeited and forfeiture reversed many times.

Words such as "direct" or "absolute" indicate that the Homestead Lease has changed hands.

AHL - Additional HL granted by virtue of existing HL.
C.S.C - Crown Solicitor's Certificate or Correspondence.
FL - Fresh Lease under 1889 Crown Land Act - Proposed Annual Rental.
HL - Homestead Lease.
m - mortgage.
WLL - Western Land Lease.

1886 was the first year Homestead Leases were Gazetted for the Walgett Land District. The term of these 15 year leases started from 1886.

**Year Gazetted  Homestead Lease Number  Name of Lessee.**

1907  Notation in pencil: Bank of New South Wales (absolutely)* see 07.10045
No WLL listed in Register.
* I question the accuracy of the Bank taking ownership - it would be very unusual; Is this just looking
at the listing of the Bank holding the HL by mortgage?? Need to look at the actual record.

1892  HL 1052 James Collins AMOS
Granted from 18 Feb 1891

END OF REGISTER OF HOMESTEAD LEASES - WALGETT DISTRICT.
Notation in pencil: 12 Homestead Leases not applied for under the Western Lands Act.
Homestead Lease Register - Wentworth c.1886-1898 [actually 1886 to 1901 with additional information to 1901].  
Series: CGS 8374  
Occupation Branch, Department of Lands;  
Container: 7/11105  
State Records Kingswood.

I would like to thank the Staff at State Records for their assistance in accessing these records and for their permission to make the information contained in these records available for public use.

The Homestead Lease Index for the Wentworth District lists all of the names that appear in the Homestead Lease Register for the Wentworth District, directing you to the number of the Homestead Lease in which this name appears in that Register.

It must be noted that this does NOT MEAN that these people all held a Homestead Lease [HL]. Names of the people who held mortgages over one or more Homestead Leases are included, as are those who looked after the wills of deceased Homestead Lessees. The name might refer to a person being given Grazing Rights over the HL. He might be the holder of an adjoining Pastoral Lease negotiating payment for improvements. It is essential that you look at the details I give from the Register itself to find out the significance of the name in the Index.

If you found from my original listings from the Government Gazettes, of the granting, acceptances and forfeitures of the original Homestead Leases, that a person applied for but did not accept a HL then this name will not appear here in Wentworth Homestead Lease Register or Index.

Names in the Index are alphabetical only by the first letter of the surname; this is how they appeared in the Index itself.

Many of the names in the Index are listed only by surname and initial. To aid in the identification of ancestors I have given the full names as they appear in the Register itself. It also helps in the identification of females within the Homestead Lease system along with their marital status e.g. spinster.  
Rusheen Craig, January 2016.

**Index refers to the Homestead Lease Number.**

Homestead Lease Register - Wentworth c.1886-1898 [actually 1886 to 1901 with additional information to 1907].
Series: CGS 8374
Occupation Branch, Department of Lands;
Container: 7/11105
State Records Kingswood.

I would like to thank the Staff at State Records Kingswood for providing me with access to the original Homestead Lease records and permitting me to make them available for public use.

To find all the details about these Homestead Leases in the District of Wentworth, such as County and Parish, Application number, Size and original Annual Rent, Withdrawals, Non-acceptance, Forfeitures, Reversal of Forfeitures etc. see my previous work from the Government Gazettes on my website: rusheensweb.com.au
Or go directly to the information at: http://homepages.rootsweb.ancestry.com/~surreal/NSWW/Leases/index.html

The Transfers of Homestead Leases.
While the Government Gazettes were a great source of information concerning the granting of the original Homestead Leases, their location, their size and annual rental, their acceptance or non-acceptance, their forfeitures and sometimes reversal of forfeitures, these Gazettes did not give any information on the transfers of the leases. I have therefore turned to the Registers of Homestead Leases, held at State Records, to find out what happened to these leases in the years between when they were originally granted and when they transferred over into the more secure Western Land Leases in the early 1900s.

What is shown in my transcription of the transfers from the Register of Homestead Leases - Wentworth Land District.
- The first year shown here is the year the Homestead Lease was Gazetted along with the name of the original Homestead Lessee. I had thought initially that this would be sufficient information needed to be given. However when I came to checking whether the Homestead Lessee had fulfilled his lease conditions within the required timeframe I found that it was necessary to also include the date from which the lease was granted. In some instances these two dates varied quite considerably [I've highlighted the entry when this took place].

- This is followed by the start of the term of the lease. I have deliberately not given the number of years granted in the original lease because I felt that people would look at that information and assume that their ancestor held the HL for that entire period. The length of actual tenure of each lessee can be seen by looking at the transfer information given from the Register.

- The transfers of the Homestead Leases.
In the Register this information is spread over two large pages. On the first page is the essential information such as name of the person holding the lease, followed by transfers to another person or to the property being mortgaged (in which case it passes into the name of the person or company lending the money). The final entry here is usually the change of the Homestead Lease into a Western Land Lease [WLL], although not all Homestead Lessees applied to go to the WLL system, and in some cases applications to become a WLL were refused.

Additional information is scattered across the rest of the first page and across the second page in the Register. Individual items could in some cases cover a number of years. To show the records in a simple understandable form I have just included the main reference number under which the record was archived, and have slotted the record into the chain of events for that Homestead Lease by the year indicated in that reference number.

Homestead Leases that were granted to the applicant but not accepted by him are not shown in the Register used.

The Register used only shows when a Forfeiture took place if that Forfeiture was not reversed. Date and sometimes the reason are then given. If a Forfeiture is reversed the reversal is given but not the original Forfeiture. Some leases are forfeited and forfeiture reversed many times.

Words such as "direct" or "absolute" indicate that the Homestead Lease has changed hands.

**Original Holders of Homestead Leases in the Wentworth District.**

1902 Provisional Rental of £8-10-8. Gazetted 30 Dec 1902.
1903 Rent paid to 31 March 1904 Occ 03.9588
1903 WLL 499. Gazetted 15 Dec 1903. Occ 03.14843.

* The full 15 year term of the lease is always shown in the Register, but I have not quoted it elsewhere because it could lead people to believe that this original lessee held the Homestead Lease for the full term. As you can see from the transfers given above, Byrnes held the lease only from 1887 to 1896 - not 1902 as permitted in the terms of the lease.

** This is Tarangara Homestead Lease taken up by my ancestor. It is on the western side of the Darling River, between Wentworth and Pooncarie. I have taken copies of the file at State Records, Kingswood. A copy has been given to Wentworth Historical Society of which I am a member (even though I live in Sydney)

*** In this case the records concerning the HL transfer spans a period of about 6 months. Sometimes records concerning a particular topic can range over a couple of years. For simplicity of understanding I have always just given the date of the reference following the entry in the Register.
Rusheen Craig, July 2015.
1887   HL 282   Daniel BYRNES.
Granted from 1887; Gazetted 22 March 1887
1887   Name crossed out; Not accepted by BYRNES; Gazetted 4-11-87.

1887   HL 329   Benjamin Henry GRIFFITHS.

 Granted from 27 June 1900  
 1904   WLL 1124.  
 * Additional Homestead Lease by virtue of HL 983.

Pencil Notation at end of the Wentworth Land District Register:  
2 Homestead Leases not applied under the Western Lands Act.  
42 Western Land Leases Gazetted to 31 Dec 1903.

My comment: Western Land Leases only started to be distributed in 1903. Rusheen, July 2015.
WILCANNIA LAND DISTRICT

Index for the Names Mentioned in the Homestead Lease Register for the Land Districts of both Wilcannia and Willyama (Broken Hill area).

RUSHEEN CRAIG, May 2016.

Register of Homestead Leases c1886-1898 [actually 1886 to 1903 with additional information to 1907];
Occupation Branch, Department of Lands;
Series CGS 8374;
Wilcannia 7/11106 (includes Willyama).
State Records, Kingswood.

The Wilcannia and Willyama Homestead Leases appear in the same Register but the details of the transfers are listed separately. However the Index in the front of the Wilcannia Register is for both Land Districts.

I would like to thank the Staff at State Records for their assistance in accessing these records and for their permission to make the information contained in these records available for public use.

The Homestead Lease Index for the Wilcannia and Willyama (Broken Hill area) Districts lists all of the names that appear in the Homestead Lease Register for the Wilcannia and Willyama Districts, directing you to the number of the Homestead Lease in which this name appears in that Register.

It must be noted that this does NOT MEAN that these people all held a Homestead Lease [HL]. Names of the people who held mortgages over one or more Homestead Leases are included, as are those who looked after the wills of deceased Homestead Lessees. The name might refer to a person being given Grazing Rights over the HL. He might be the holder of an adjoining Pastoral Lease negotiating payment for improvements. It is essential that you look at the details I give from the Register itself to find out the significance of the name in the Index.

If you found from my original listings from the Government Gazettes, of the granting, acceptances and forfeitures of the original Homestead Leases, that a person applied for but did not accept a HL then this name will not appear here in Wilcannia and Willyama Homestead Lease Register or Index.

Names in the Index are alphabetical only by the first letter of the surname; this is how they appeared in the Index itself.

Many of the names in the Index are listed only by surname and initial. To aid in the identification of ancestors I have given the full names as they appear in the Register itself. It also helps in the identification of females within the Homestead Lease system along with their marital status e.g. spinster.
Rusheen Craig, January 2016.

INDEX COVERS BOTH WILCANNIA AND WILLYAMA LAND DISTRICTS
So both will have to be searched in the Register for the results of this Index.
Index refers to the Homestead Lease Number.

HOMESTEAD LEASE TRANSFERS IN THE REGISTER OF THE LAND DISTRICT OF WILCANNIA.

RUSHEEN CRAIG,   May 2016.

Register of Homestead Leases c1886-1898 [actually 1886 to 1903 with additional information to 1907];
Occupation Branch, Department of Lands;
Series CGS 8374;
Wilcannia 7/11106 (includes Willyama).
State Records, Kingswood.

In some cases Homestead Leases originally listed in the Wilcannia Land District have later been changed to the Land District of Willyama. Where these changes occurred the details have been noted in the affected HLs.

I would like to thank the Staff at State Records Kingswood for providing me with access to the original Homestead Lease records and permitting me to make them available for public access.

To find all the details about these Homestead Leases in the District of Wilcannia, such as County and Parish, Application number, Size and original Annual Rent, Withdrawals, Non-acceptance, Forfeitures, Reversal of Forfeitures etc. see my previous work from the Government Gazettes on my website: rusheensweb.com.au
Or go directly to the information at: http://homepages.rootsweb.ancestry.com/~surreal/NSWW/Leases/index.html

The Transfers of Homestead Leases.
While the Government Gazettes were a great source of information concerning the granting of the original Homestead Leases, their location, their size and annual rental, their acceptance or non-acceptance, their forfeitures and sometimes reversal of forfeitures, these Gazettes did not give any information on the transfers of the leases. I have therefore turned to the Registers of Homestead Leases,
held at State Records, to find out what happened to these leases in the years between when they were originally granted and when they transferred over into the more secure Western Land Leases in the early 1900s.

**What is shown in my transcription of the transfers from the Register of Homestead Leases - Wilcannia Land District.**

- The first year shown here is the year the Homestead Lease was Gazetted along with the name of the original Homestead Lessee. I had thought initially that this would be sufficient information needed to be given. However when I came to checking whether the Homestead Lessee had fulfilled his lease conditions within the required timeframe I found that it was necessary to also include the date from which the lease was granted. In some instances these two dates varied quite considerably [I've highlighted the entry when this took place].

- This is followed by the start of the term of the lease. I have deliberately not given the number of years granted in the original lease because I felt that people would look at that information and assume that their ancestor held the HL for that entire period. The length of actual tenure of each lessee can be seen by looking at the transfer information given from the Register.

- The transfers of the Homestead Leases.

In the Register this information is spread over two large pages. On the first page is the essential information such as name of the person holding the lease, followed by transfers to another person or to the property being mortgaged (in which case it passes into the name of the person or company lending the money). The final entry here is usually the change of the Homestead Lease into a Western Land Lease (WLL), although not all Homestead Lessees applied to go to the WLL system, and in some cases applications to become a WLL were refused.

Additional information is scattered across the rest of the first page and across the second page in the Register. Individual items could in some cases cover a number of years. To show the records in a simple understandable form I have just included the main reference number under which the record was archived, and have slotted the record into the chain of events for that Homestead Lease by the year indicated in that reference number.

Homestead Leases that were granted to the applicant but not accepted by him are not shown in the Register used.

The Register used only shows when a Forfeiture took place if that Forfeiture was not reversed. Date and sometimes the reason are then given. If a Forfeiture is reversed the reversal is given but not the original Forfeiture. Some leases are forfeited and forfeiture reversed many times.

Words such as "direct" or "absolute" indicate that the Homestead Lease has changed hands.

**Of particular interest:**
Kidman brothers:
HL 230 - Co Fitzgerald, Psh Alto;
HL 252 - Co Yancowinna, Psh Bray.

Maiden family of Menindee Hotel fame:
Co Tandora, Parishes Hume and Titabaira.
Edward Bulwer Lytton Dickens: [Son of the author Charles Dickens]
HL 84 - Co Young, Parishes Coromerry, Netallie, Garland. [Mention of the connection of Edward with Momba's Wanko outstation, and Yanda, and Mount Murchison Station, has been made in the notes on the Mount Murchison Hotel.]

Abbreviations:
AHL - Additional Homestead Lease granted by virtue of existing HL.
CSC - Crown Solicitor's Certificate or Correspondence
FL - Fresh Lease under 1889 Crown Land Act; Annual Rental.
HL - Homestead Lease.
m - mortgage.
WLL - Western Land Lease.

1886 was the first year Homestead Leases were Gazetted for the Wilcannia Land District. The term of these 15 year leases started from 1886.

**Year Gazetted**  **Homestead Lease Number**  **Name of Lessee.**

1887  HL 253  Samuel SWEET.
Granted from 1887
1887  Forfeited; Gazetted 17 June 1887.

**Changed to Land District of Willyama.** See Folio 27*.
* This just refers to where to find it in the Willyama Register.

1887  HL 283  Walter Charles GREENSLADE.
Granted from 1887
1887  Not accepted by Greenslade; Gazetted 4 Nov 1887.

1887  HL 303  Loftus CONNER.
Granted from 1887
Balance of rent, cost of survey paid. No Improvements.
1889  Rent paid to 31 March 1889 Occ 89.3949
1889  Rent reduced on appeal to £19-12-0. Paid to March 1889.
Entry crossed out.

**Changed to Land District of Willyama.** See Folio 28.
[This just refers to where to find it in the Willyama Register]

1887  HL 339  William Nowel MUSGRAVE.
Granted from 1887
1887  Gazetted as withdrawn under notice of non-acceptance 30 Dec 1887.

1887  HL 340  Raimondo PEDROJA.
Granted from 1887
Balance of rent paid, cost of survey paid. No Improvements.
1890  Rent paid to 31 July 1890 Occ 89.13563
Entry crossed out.

**Changed to Land District of Willyama.** See Folio 28.
[This just refers to where to find it in the Willyama Register]

1887   HL 341   George WALKER.  
Granted from 1 Aug 1887  
Entry crossed out.  
1888   Gazetted as not accepted by Walker on 10 Feb 1888.

1887   HL 386   George STRACHAN.  
Granted from 1 Jan 1888  
Balance of rent, cost of survey, value of Improvements paid Occ 88.7685 and 89.6981  
1890   Rent paid to 31 Dec 1889 Occ 90.473  
1892   Conditions fulfilled Occ 92-6707.  
Entry crossed out.  

**Changed to Land District of Willyama.** See Folio 28.  
[This just refers to where to find it in the Willyama Register]

1888   HL 405   Mark James TULLY.  
Granted from 1888  
1888   Gazetted as not accepted 31 July 1888.

1888   HL 406   Jane POWER.  
Granted from 1888  
Cost of survey paid, value of Improvements paid, balance of rent paid.  
1890   Application to be brought under the Crown Land Act of 1899 Occ 90.9690

END OF HOMESTEAD LEASE REGISTER FOR WILCANNIA LAND DISTRICT

[Written in blue pencil]
25 Homestead Leases not applied under Western Lands Act

[Written in ordinary pencil]
23 Western Land Leases gazetted to 31 Dec 1903.

My comment: The Western Land Leases only started to be distributed in 1903.
Rusheen Craig, Oct 2015.
WILLYAMA LAND DISTRICT
[BROKEN HILL AREA TO THE QUEENSLAND BORDER AREA]
NOTE THAT THIS LAND DISTRICT HAS BEEN PLACED IN THE BACK OF THE
WILCANNIA LAND DISTRICT REGISTER. SOME HLS START AS BEING IN WILCANNIA
LAND DISTRICT AND ARE THEN LISTED IN THE NEWLY CREATED WILLYAMA
DISTRICT.

Homestead Lease Index Willyama - Names included in the Wilcannia Index
HL Index Wilcannia.docx
The Homestead Lease Register for the Willyama Land District is to be found in the back section of the Wilcannia Homestead Lease Register, at State Records, Kingswood.

The names of people mentioned in the Willyama are indexed along with the Wilcannia names in the Wilcannia Index.

Register of Homestead Leases c1886-1898 [actually 1886 to 1901, with additional information to 1907];
Occupation Branch, Department of Lands;
Series CGS 8374; Wilcannia 7/11106 (includes Register for Willyama at the back of the book). State Records, Kingswood.

I would like to thank the Staff at State Records Kingswood for their assistance in accessing these records and for their permission to make the information contained in these records available for public use.

To find all the details about the original Homestead Leases in the District of Willyama, such as County and Parish, Application number, Size and original Annual Rent, Withdrawals, Non-acceptance, Forfeitures, Reversal of Forfeitures etc. see my previous work from the Government Gazettes via my website:
rusheensweb.com
or go directly to the information at:

The Transfers of Homestead Leases.
While the Government Gazettes were a great source of information concerning the granting of the original Homestead Leases, their location, their size and annual rental, their acceptance or non-acceptance, their forfeitures and sometimes reversal of forfeitures, these Gazettes did not give any information on the transfers of the leases. I have therefore turned to the Registers of Homestead Leases, held at State Records, to find out what happened to these leases in the years between when they were originally granted and when they transferred over into the more secure Western Land Leases in the early 1900s.

What is shown in my transcription of the transfers from the Register of Homestead Leases - Willyama Land District.
- The first year shown here is the year the Homestead Lease was Gazetted along with the name of the original Homestead Lessee. I had thought initially that this would be sufficient information needed to be given. However when I came to checking whether the Homestead Lessee had fulfilled his lease conditions within the required timeframe I found that it was necessary to also include the date from which the lease was granted. In some instances these two dates varied quite considerably [I've highlighted the entry when this took place].
- This is followed by the start of the term of the lease. I have deliberately not given the number of years granted in the original lease because I felt that people would look at that information and assume that their ancestor held the HL for that entire period. The length of actual tenure of each lessee can be seen by looking at the transfer information given from the Register.

- The transfers of the Homestead Leases.
In the Register this information is spread over two large pages. On the first page is the essential information such as name of the person holding the lease, followed by transfers to another person or to the property being mortgaged (in which case it passes into the name of the person or company lending the money). The final entry here is usually the change of the Homestead Lease into a Western Land Lease [WLL], although not all Homestead Lessees applied to go to the WLL system, and in some cases applications to become a WLL were refused.

Additional information is scattered across the rest of the first page and across the second page in the Register. Individual items could in some cases cover a number of years. To show the records in a simple understandable form I have just included the main reference number under which the record was archived, and have slotted the record into the chain of events for that Homestead Lease by the year indicated in that reference number.

Homestead Leases that were granted to the applicant but not accepted by him are not shown in the Register used.

The Register used only shows when a Forfeiture took place if that Forfeiture was not reversed. Date and sometimes the reason are then given. If a Forfeiture is reversed the reversal is given but not the original Forfeiture. Some leases are forfeited and forfeiture reversed many times.

Words such as "direct" or "absolute" indicate that the Homestead Lease has changed hands.

- AHL - Additional Homestead Lease granted by virtue of existing HL.
- C.S.C. - Crown Solicitor's Certificate or Correspondence
- FL - Fresh Lease under 1889 Crown Lands Act - Annual Rental.
- HL - Homestead Lease.
- m - mortgage.
- WLL - Western Land Lease.

1886 was the first year Homestead Leases were Gazetted for the Willyama Land District. The term of these 15 year leases started from 1886.

AT END OF WILLYAMA REGISTER
30 HOMESTEAD LEASES NOT APPLIED UNDER WESTERN LAND ACT
45 WESTERN LAND LEASES GAZETTED TO 31 DEC 1903
My comment: WLLs only started to be distributed in 1903.
Rusheen Craig, August 2015
MAPS SHOWING THE HOMESTEAD LEASES.

The location of a very large map that showed all the Homestead Leases is not known. The map was copied in 6 sections. This is 4 of those sections.

At long last I have found the maps that show the 10 Land Districts of the Western Division of New South Wales along with the positions of the Homestead Leases within these Land Districts - well at least I have found 4 of the 6 sections of maps that cover the area, 2 of them are "missing." They are contained within the *Western Lands Commission Administrative Maps* Series A3734. My thanks go to Emily and Sarah at State Records who went on a prolonged hunt until they found the maps buried where I would never have been able to find them. Well done ladies!! These maps show the extent of the Homestead Leases in a way that could never fully be explained in words alone.

The Western Division of New South Wales.
Let's start at the beginning. The Crown Lands Act of 1884 divided New South Wales into three Divisions:- Eastern Division, Central Division, and Western Division. The Homestead Leases were granted only in the Western Division.

![Figure 4: Counties in Western Division of NSW.JPG](image)

*Figure 4: Counties in Western Division of NSW.JPG*

Source: *County and Parish Maps of NSW with Index*; Compiled by Alice Jansen, 1991; Map provided by Donna Newton, RAHS Library R912 JAN.
Click [here](#) to go to high resolution map.

The map shows these three divisions and their counties. The Western Division runs from Queensland down to Victoria, sometimes following the county boundaries, but often cutting through counties. The Barwon River delineates the northern section of the eastern boundary, and the Lachlan River the southern section of the eastern boundary.
Take special note of the counties as they will enable you to understand the location of the individual Homestead Leases (HLS) in the following maps based on Land Districts. Note also that the county name might be misleading - the county of Wentworth contains the town of Wentworth, but the county of Young is in the far western section of the Western Division nowhere near the town by that name, and the county of Bourke is in the southern part of the Central Division while the town of Bourke is in the northern part of the Western Division. (The County of Windey on map should read Windeyer.)

**The Western Division - an area as large as England, Ireland, Scotland and Wales combined.**
An idea of the extent of the area of the Western Division is given in this article on the Western Lands Commissioners' inspection tour of the area in 1903. *Barrier Miner* (Broken Hill), 28 Sep 1903, page 3.
Western Lands Commission - An Extensive Official Tour.
As the landlords of the immense territory embraced in the Western Division, the Western Lands Commissioners last Tuesday entered upon the task of inspecting an area of country as large as England, Ireland, Scotland and Wales combined.
The starting point of the tour is from Bourke, for which place Messrs. H. Langwill and R. McDonald left on Monday. The chairman, Mr. C. J. McMasters, started on Tuesday evening to join them. The **present tour will be restricted to that strip** of country embraced within a line running westerly to the South Australian boundary on the south, and the Queensland boundary on the north. Roughly speaking this strip of country is 200 miles long by 80 miles wide*.
One gets some idea of the arduous nature of the work lying before the Commissioners when it is remembered that by the time they reach the extreme north west point of the State they have travelled in a direct line from Sydney further than from John O'Groats to Lands End.
The tour, which will occupy about two months, is being undertaken with the idea of enabling the Commissioners to make themselves familiar with the conditions of the country, preparatory to determining at the end of next year the rents to be charged to the land lessees. The Commissioners will subsequently devote their attentions to another section of the territory.
They are each provided with a buggy and horses and an attendant, and the equipment comprises tents and commissariat outfit. It is estimated that the **buggy journey will be about 1000 miles, and the railway journey a little over the same distance.**
*The North west section of NSW; roughly almost down to Broken Hill, and across almost as far as Wonominta and Langawirra Stations - shown later in District maps. Rusheen Craig, June 2016.

**The Land Districts of Western New South Wales.**
The 1884 Crown Lands Act divided New South Wales into three Divisions. The Western Division (that was to contain all the Homestead Leases) was further divided into **10 Land Districts:**
Balranald
Bourke
Brewarrina
Cobar
Hay North
Hillston North
Walgett North
Wentworth
Wilcannia
Willyama (Broken Hill area up to Queensland border)
Map showing the Land Districts in the Western Division of New South Wales, part of a larger 1910 map of the entire State.

**Figure 5: Land Districts of Western Division**
Click [here](#) to go to high resolution map.

**Map showing properties within these Land Districts.**
Details of the properties within these ten Land Districts were shown on one very large map of the Western Division of NSW (location of map unknown), a copy of this map being divided into six maps - the *Western Lands Commission Administrative Maps* Series A3734. The second and sixth maps from this series are missing from those held at State Records. I have tried to provide details on those missing areas from other maps, but these are from 1945 when certain features could have changed.

Each of these Land Districts has an irregular shaped area. **A Land District is defined on these maps by a colour or a variation on a colour. The bright pink lines do NOT define Land Districts.** Unfortunately the Legend for these maps was on the missing sections so I cannot provide explanation of markings.
The Wentworth, Balranald, Hay North and Hillston North Land Districts.
The south-west corner of New South Wales, bounded in the west by the South Australian border, on the south by the Murray River, Victorian border, and in the east by the Lachlan River, is made up of the Land Districts of Wentworth, Balranald, Hay North and Hillston North.

My Byrnes and related Families in the area.
An interesting area for me.
- In 1840 Thomas White, father of Mrs. Byrnes, was speared in the hip in the Lake Victoria / Rufus River area, while taking stock to Adelaide.
- In the 1880s the family and extended family had hotels in the SW corner and one on the north shore of Lake Victoria.
- The extended family had two Homestead Leases on the Ana Branch near where the two travelling stock routes meet.
- Lower down the Ana Branch extended family lived at Wilpatera.

Overview of some of the Land Districts, Wentworth, Willyama and Wilcannia.
Map shows the western part of the Western Division - from the Queensland border in the north, down with the South Australian border on the east, to the Victorian border in the south. Willyama Land District (blue) stretches right down from the Queensland border until below Broken Hill where it meets the Wentworth Land District (mauve) which goes down to the Victorian border. Alongside Willyama is the Wilcannia Land District (two shades of pink), with the edge of Bourke LD (orange) showing on the right. The greenish area on the bottom right is Balranald LD.

The Brewarrina, and Walgett North Land Districts.
These two Land Districts are in the extreme north-east corner of the Western Division, bound on the east by the Barwon River, and on the north by the Queensland border; Notice that the Land District of Brewarrina also goes down into the County of Clyde. To find the exact location of these Land Districts look at the Counties shown on the map and match them with the counties of Narran and Finch on the Western Division Lands map. Just look at all those Homestead Leases - and wonder why on earth HLs have never been factored into the development of western New South Wales.

Figure 31: Brewarrina, Walgett North LDs.JPG

More details on the Walgett North Land District.

**Figure 34: Walgett LD.JPG**
Click [here](#) to go to high resolution map.

**Bourke, Brewarrina and Walgett North Land Districts.**
Bourke Land District would be on one of the missing sections of the Map Series. To try to provide substitute information I have given here the 1945 map showing some of the northern area of the Western Division showing Administrative Districts - NOT Land Districts.. The District of Bourke is indicated going off on the west, then Brewarrina and Walgett North Land Districts to the east.

**Figure 35: Brewarrina and Walgett LDs.JPG**
Click [here](#) to go to high resolution map.
Bourke Administrative District.
The 1945 map shows the administrative area of Bourke; you can see how the Bourke Land District goes off further to the west. Brewarrina District is to the east, and Cobar District to the south. This was an area that would have been shown on the missing section of the map series.

Figure 36: Bourke Admin District.JPG

HL 1628 BYRNEDALE

An example of information on an individual Homestead Lease. A summary of the 60 pages of information held on this HL at State Records.

Byrnedale was one of my Byrnes Family properties. This is a very brief summary of the 60 pages of information - mostly hand-written letters of my ancestors and forms they have filled in - that I copied from the file. I hope it gives you some idea of the wealth of information on Homestead Leases that can be found at State Records, Kingswood.

BYRNEDALE HL 1628.
Homestead Lease 1628
Land District: Willyama [Willyama Land District records have been included at the back of the Wilcannia Land District Register];
County: Tandora;
Parishes: Herbert and Pamamaroo.
Originally within Kinchega Pastoral Holding No.244.

John Thomas Byrnes 17 Nov 1897 - 23 June 1906.
Garrett Byrnes 23 June 1906 - 4 Feb 1910.

17 Nov 1897 Homestead Lease [HL] application by John Thomas Byrnes.
Existing Improvements:-
7 miles fencing, at £20 per mile, on Glenlyon side;
4 miles fencing on Weinteriga side;
7 miles fencing, at £15 per mile;
One tank or dam about 4000 cubic yards, valued at £100.

17 Nov 1897 Declaration by John Thomas Byrnes.
Of Tin Hut Mail Change via Menindie ...
Born 18 May 1868 at Wentworth, married ...

24 Nov 1897 Caveat by Kinchega Holding against Byrnes being granted the Homestead Lease (HL).
1) Great drought, consequently water in tank included in said application is of great value to Kinchega ...
lives of 5000 sheep at present residing there is jeopardized.
2) The application for HL is not bona fide one ...
   but is made to harass and annoy Kinchega and might be used as a source of extortion against them.

3 Dec 1897 Land Board Memorandum.
No objection to HL.
Tank mentioned in caveat noted.
5 chain road (550 feet) to be reserved along track to Glenlyon.
Map.

16 Dec 1897 Government Gazette notice.
John Thomas Byrnes must appear in court at Broken Hill on 6 Jan 1898 concerning caveat taken out by Kinchega against the granting of the Homestead Lease.
7 Jan 1898  Court Case.
Kinchega claims: -
Byrnes' application (for a 10240 acre triangle) ... would render valueless the remaining 4000 acres ... owing to its isolated and confined position.
The tanks (on Byrnes' HL) supply well the whole of this area and enable the run-holders to feed a large number of sheep there.
Map.

7 Jan 1898  Land Board at Broken Hill.
Deposition by Byrnes: -
I am a married man; the deposit I lodged with my application was made with my own money. I own 400 sheep ... at present running on Erin Homestead Lease (held by his brother Garrett Byrnes). I could not use the area applied for grazing if there were no tanks there. There is very little water in the station tank ... not fit for stock.

Deposition by Hughes for Kinchega Holding against granting the HL.

Deposition by John Thomas Byrnes: -
I didn't consider 10,000 yds. of excavation too much for a HL. I ask the Board to recommend the lease.

Decision of Land Board: -
Homestead Lease be granted.
Caveat dismissed because it was not received in time i.e. within 14 days of the Homestead Lease application.

7 Apr 1898  Inspection for Homestead Lease Appraisement.
21 Miles from Darling River and thence by river to seaboard (cartage £1 per ton, by river £2 per ton).

Average annual rainfall ten and a half inches.
Rock formation - ironstone.
Soil is red sandy nature, stoney in places.
Land is slightly undulating in places; remainder is level.
Land is of a plain character.

Only a few hundred acres timbered. No useful timber on the land, except for fuel.
Belar, gidgrea and turpentine are the scrubs. They are not dense but are useful for shade purposes. There are no edible scrubs.
Chief pastures are saltbush, spear grass, star grass, water grass and herbage of various descriptions.
The whole area will fatten and is not grass seedy and is in a good state at present.

No rivers, lakes, lagoons to provide a natural supply of water.
No area liable to flooding.

Large tank and a small catch on the land. Full of water at present.
Whole area is sufficiently watered by the tanks referred to.
Tank sinking would cost sixpence to seven-pence halfpenny a yard.
A good wire fence would cost about £24 a mile.

Improvements: -
4 miles 7 chains 20 links of wire and rabbit proof netted fence on ... eastern boundary - old fence at £20 a mile (half value) £81-16-0.
5 miles 65 chains 74 links of fencing on south west boundary, new 5 wire fence at £18 a mile (half value) £52-8-0.
3 miles 66 chains 18 links old wire fence on northern boundary at £8 per mile (half value) £15-6-3.
Large tank and silt tank with drains. Owing to the tanks being full of water and having no assistance they could not be measured.
Improvements required:- Fence on the north line requires new posts most of the distance and a new fence is required on the eastern line.

Unimproved the land will not carry stock.
Fully improved the land will carry 1 sheep to 7 acres. The new fence mentioned above would not increase the carrying capacity.

Land is within a rabbit infested district.
Rabbits have not permanently affected the carrying capacity of the land as there are no edible scrubs to destroy. The annual cost of rabbit destruction cannot be estimated.

Signed T. Miller, Menindie, 2 May 1898.
**WESTERN LANDS LEASES.**

From 1903, as a result of the Crown Lands Act of 1901, most of the Pastoral Leases (316 of them having expired in 1900) and the Homestead Leases, along with some other forms of land tenure in the Western Division of New South Wales, were converted into longer Western Lands Leases of up to 40 years.

The name of every holder of a Western Lands Lease is given along with the number of that Western Land Lease [WLL] from the first WLL in 1903 to 1910. However if the Homestead Lease, Pastoral Lease, or other land tenure was mortgaged then the lessee is shown as the person or bank that holds the mortgage over the property. The trick is to look for the Homestead Lease number (or Pastoral lease number or whatever - number) which doesn't change and match this with a WLL. e.g. This means that although you might be searching for someone with a name starting with "S" he might be listed under "A' for the "Australian Land and Finance Company Limited".

Homestead Leases and Additional Homestead Leases held by the same person were combined into one Western Land Lease. The size of the property is given and the annual rental.

http://homepages.rootsweb.ancestry.com/~surreal/NSWW/Leases/index.html#WLL

Homestead Leases, Pastoral Leases, and some other forms of land tenure could be converted into Western Land Leases by the Western Lands Act of 1901.

Homestead Leases and Pastoral Leases along with certain other forms of land tenure in the Western Division of New South Wales could be converted into Western Land Leases under the Western Lands Act of December 1901.

Barrier Miner (Broken Hill), 15 Jan 1902

WESTERN LANDS ACT OF 1901.
Act No. 70, 1901.
An Act to vest the management and control of that portion of New South Wales known as the Western Division in a board, to be called the Western Land Board; to grant extensions of leases in the said division and tenant-right in certain improvements; and for all purposes necessary and incidental thereto. [Assented to 27th December, 1901]

Be it enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of New South Wales in Parliament assembled, and by the authority of the same, as follows:-

PART ONE
Preliminary and general
1. This Act shall come into force on the first day of January, one thousand nine hundred and two, and may be cited as the "Western Lands Act of 1901."

2. The Crown Lands Act of 1884 and all Acts amending same, in so far as they relate to pastoral, homestead, improvement, and scrub leases, leases of inferior lands, and occupation licenses and vacant
lands in the Western Division, are hereby repealed, except where exempted from such repeal under the provisions of the Act; but such repeal shall not of itself -
(1) abate, prejudice, or affect any proceeding, civil or criminal, pending in any court or before arbitrators or any other authority at the commencement of this Act;
(2) affect any application, grant, lease, license, reservation, dedication, proclamation, appointment, or notification lawfully made before the commencement of this Act; or
(3) prejudice or affect any proceeding, matter, or thing lawfully done, or contracted to be done, or commenced or contracted to be done under the authority of any enactment or regulation hereby repealed; or
(4) apply to the disposition or dealing with any lands or interests therein not brought under the provisions of this Act: Provided that all vacant lands and lands the subject of annual lease or occupation license in the Western Division shall not (whether brought under this Act or not) be leased except under the provisions of this Act;
(5) prevent the reservation or dedication, or the revocation wholly or in any part of any reservation or dedication, made, before or after the commencement of this Act of lands in the Western Division under the Crown Lands Acts, or the proclamation of any city, town, or village, or population area, or the definition or notification of suburban lands in the Western Division under such Acts as if this Act had not been passed.
And provided always that, notwithstanding such repeal,
(a) all offences, penalties, and forfeitures committed or incurred before the commencement of this Act may be respectively tried, punished, enforced, and dealt with as if this Act had not been passed;
(b) all rights accrued and obligations incurred or imposed under or by virtue of any of the said repealed enactments shall, subject to any express provisions of this Act in relation thereto, remain unaffected by such repeal.

3. In this Act, unless the context necessarily requires a different meaning, the expressions - "Crown Lands Acts" means the Crown Lands Act of 1884, and all amending Acts.
"Crown Lands" means Crown Lands within the meaning of the Crown Lands Acts, and includes land held under occupation license or annual lease.
"Pastoral Holding" means pastoral holding as defined by the Crown Lands Acts, and the terms "occupation license," "scrub lease," "improvement lease," "homestead lease," and "lease of inferior lands" shall in this Act have the same meanings as they have in such Acts.
"Western Division" means the Western Division as defined by the Crown Lands Act of 1884.

PART TWO
Western Lands Commissioners
4. For the purposes of this Act, there shall be a board of three Commissioners, to be entitled "The Western Land Board of New South Wales."
The Commissioners shall -
(a) be appointed by the Governor, and any Commissioner may be removed for misbehavior or incompetence; and
(b) have perpetual succession and a common seal;
and they shall exercise all the powers and discharge all the duties hereinafter mentioned; and, on and after a date to be proclaimed in the Government Gazette, so far as the Western Division is concerned, for the purpose of giving effect to the provisions of the Crown Lands Acts, such Commissioners sitting in open court may and are hereby empowered to exercise all of the powers conferred upon the Local Lands Boards by the above-mentioned Acts, and for all purposes of the Crown Lands Acts shall be a Local Land Board under the provisions of any Act (other than the Crown Lands Acts) now or hereafter
in force. On or after the date proclaimed as aforesaid the Local Land Boards as now constituted shall come to have jurisdiction in the said Western Division.

5. The Commissioners, one of whom shall be appointed Chief Commissioner and chairman, shall, subject to the provisions thereafter contained, hold office for a term of seven years, and shall be eligible for reappointment, and any vacancy that shall occur shall be filled by the Governor for the unexpired portion of the existing term.

In the absence of any Commissioner the Governor may appoint some person to act as the deputy of such Commissioner during his absence, and very person so appointed shall, while so acting, have the powers and shall perform the duties and be subject to the liabilities of such Commissioner.

6. The following salaries shall be paid to the Commissions, namely -
Chief Commissioner £1500 per annum
Each of the other Commissioners £1000 per annum.
All such salaries are hereby charged upon the Consolidated Revenue Fund, and such Fund, to the extent required for the payment of such salaries, is hereby permanently appropriated.

7. No Commissioner shall, directly or indirectly, be interested in any land in the Western Division, or in any matter which may arise in connection therewith under this Act, and any contravention of this enactment shall render void as well the seat of such Commissioner as any adjudication or appraisement in which he takes part and in which he is personally interested, and before acting each Commissioner shall take the prescribed oath, and any willful violation of this section shall be a misdemeanor.

8. Each Commissioner shall devote the whole of his time and attention to his duties under this Act, and shall not be engaged in any livestock transactions for the sake of gain or any other business.

9. The provisions of section 9 of the Crown Lands Act of 1889 shall (mutatis mutandis) be applicable to any inquiry by the Commissioners, and authority is hereby given to enforce the application of such provisions.

10. The Chief Commissioner shall preside at all meetings of the Commissioners, but in his absence one of them, with the concurrence of the other, shall act as chairman of such meeting.

11. The Governor, on the advice of the Minister, may appoint or employ such officers to carry out the provisions of this Act as may be necessary, and such officers may be removed, or their services dispensed with in like manner, and such salaries and allowances shall be paid to such officers as Parliament shall appropriate for that purpose. Where any Commission or such officer was, immediately before such appointment or employment, in the Public Service and subject to the provisions of the Public Service Act of 1895, such Commissioner or officer, in case he retires from his employment under this Act, and it is thought fit to employ him again in the Public Service, may be employed without examination or probation, and shall be entitled to the same rights as if his employment in such service, before and after his employment under this Act, has been continuous.

12. The Minister, the Commissioners, or any of them, or any person authorised by him or them, may at any time enter upon any Crown Lands within the Western Division for the purpose of giving effect to the provisions of this Act or the Crown Lands Acts.
PART THREE.

13. Any registered holder under the Crown Lands Acts of a pastoral or homestead improvement or scrub lease of inferior lands or occupation license of land in the Western Division may apply, or in the event of any such holdings being mortgaged, then any owner of the equity of redemption in the same may also apply, as prescribed within six months after the commencement of this Act, to bring his lease or license under the provisions of this Act. If such application is made such lease or license shall be dealt with as if this Act had not been passed; and where in the said Crown Lands Acts the words "Local Land Board" occur, the board constituted under section four hereof shall be the Local Land Board referred to. In respect of any application to bring an improvement or scrub lease or lease of inferior lands under this Act the Governor may, before granting such application, impose any new conditions or extend, alter, vary, or annul any present conditions as may be deemed advisable in the public interest.

PART FOUR.

14. On application in the prescribed manner, the Governor may extend the term of any lease or any part thereof up to the thirtieth day of June, one thousand nine hundred and forty three: Provided that -

(a) No extension of any lease held by mortgage on or since the eleventh day of August, one thousand nine hundred, shall be granted unless or until a common agreement shall have been arrived at between the mortgagor, the mortgagee, and the Commissioners as to any adjustment or otherwise of the mortgage debt, and as to the terms and conditions to be entered into by such mortgagor and mortgagee in respect of such debt, and for the purposes of this section of the Commissioners shall be entitled to inspect, or cause to be inspected on their behalf, all or any books of accounts, mortgages, deeds, securities, conveyances, agreements, or any documents or instruments relating to the said mortgage debt or the security therefore.

Should the parties be unable to agree in the manner above-mentioned within 12 months from the date of the application for extension, the matter shall be referred to the Minister, whose decision if accepted shall be final. But in the event of the mortgagee refusing to accept such decision by notice in writing to the Minister in that behalf within one month after such decision is announced he shall be deemed not to have made the application provided for in section thirteen.

(b) The acceptance of an extended lease by any mortgagee and mortgagor shall have the effect of discharging the mortgage debt in connection with such lease or other security worked in conjunction therewith to the extent determined upon in the common agreement referred to, and the mortgages and other instruments by which the repayment of the debt is secured shall have endorsed thereon the particulars of such agreements.

The provisions of this section shall extend to any lease which, although not held by way of mortgage, has been held since 11th August 1900, as security, wholly or in part for any debt.

15. The acceptance of a new lease shall be deemed to have released and discharged the Government from all claims or rights on the part of the lessee to a lease under any of the Crown Lands Acts, and from all claims for compensation whatever.

16. Particulars of all extended and new leases issued in pursuance of this Act shall be laid before both Houses of Parliament within 14 days after the extension of the new or extended lease if Parliament is then in session, and within 14 days after the commencement of the next session if Parliament is not in session.
17. The Governor after report by the Commissioners may withdraw any lands held under lease whenever it may be deemed expedient so to do for the purpose of sale by auction or providing small holdings; and every such withdrawal shall be notified in the Government Gazette and a local newspaper. The lease of land so withdrawn shall not exceed beyond the thirtieth day of June 1943, and shall be dealt with as a new lease under this Act and any regulations made thereunder. The total area to be withdrawn under the exercise of this power shall be in one block and shall not exceed one-eighth of the area held under the original lease held from which the withdrawal is made. The Governor shall, after report from the Commissioners, add to the remainder of the lease such term as may be considered reasonable as compensation for such withdrawal, but in no case shall such term exceed six years. After the exercise of such powers the land so withdrawn shall remain under preferential occupation license to the lessee at a rent to be fixed by the Commissioners until the said land shall be liable to forfeiture by notification in the Government Gazette if such payments are not duly complied with. For the purposes of this section the words "small holdings" shall mean holdings the areas of which shall not exceed 20,480 acres.

PART FIVE.
Terms and conditions of leases.
18. All leases issued or brought under the provisions of this Act shall expire on 30th June 1943, except leases extended in accordance with the provisions of the preceding section. When an extension of lease has been granted under this Act, the lessee shall surrender his present lease* and a new lease shall be issued to him from the date of such surrender, and such lease as well as every new lease shall contain the covenants, reservations, and exemptions set out in Schedule A hereto, or such of the same as the Governor may deem applicable, and shall be subject to any modifications or additions contained in the notification rendering the lands available for lease in the case of new leases, and as may be determined by the Governor in the case of extended leases or those granted in lieu of leases surrendered under the provisions of this Act, and no lease shall convey any authority to carry on mining operations thereon**. Every such lease shall contain a provision to the satisfaction of the Commissioners for the destruction of rabbits***, and any lease shall, in the discretion of the Minister, after report from the Commissioners, be liable to forfeiture for breach of any covenants therein contained.

[* If the Homestead Leases had to surrender their present lease before they could obtain the new Western Lands Lease this would explain why descendants don't find these old leases tucked away in some bottom drawer.

** At least one of the Homestead Leases contained a mining lease; I wonder what happened to it under the new system.

*** The destruction of rabbits had become very much a part of the required conditions of the Homestead Leases system.
Rusheen Craig, May 2016]

PART SIX.
Determination of rentals and license fees.
19. The rentals of all leases issued or brought under the provisions of this Act in the prescribed manner shall be determined by the Commissioners in the manner described in the subsections hereto for the balance of the term of leases current at the date of the commencement of this Act. In the case of new leases extended under the provisions of this Act the rent shall be determined for the periods ending 30th June 1943 -

(a) In the case of existing leases the Commissioners, subject to the provisions of this Act, shall, as aforesaid, determine the rent for the unexpired portion of such leases.
(b) No rental or license fee shall in any case be less than two shillings and sixpence per square mile or part thereof, exclusive of the purchase money, interest or rent for improvements, and in no case shall
the rent or license fee be fixed at a higher rate than seven-pence per sheep on the carrying capacity, estimated on a sheep basis determined by the Commissioners.

(c) The rent so fixed in the case of existing leases and in the case of new leases the rent fixed for the first term shall not on re-appraisement as aforesaid be either increased or decreased more than 25% at the first re-appraisement, and this provision shall apply at each subsequent re-appraisement to the rent last fixed.

(d) The Commissioners shall, within six months, or as soon thereafter as practicable, from the date of application under section 14 of this Act, determine the amount of provisional rental or license fee to be paid in connection with such lease or license, and the rent or fee so determined shall be notified in the Government Gazette, and the amount so notified shall be paid to the Under Secretary for Finance and Trade in lieu of the rent or fee payable for the year next succeeding the year current on the date this Act comes into force, and such rent or fee shall thereafter be paid yearly in advance on the due dates until the end of the year of the lease or license current on 31st December, 1904.

(e) The Commissioners shall, before the end of the year 1904, determine the rent or license fee on each lease or license brought under the provisions of this section, and the rent or fee so determined shall, after notification in the Government Gazette, be payable on the due dates of rents or fees, for leases or licenses current on the 1st January 1905, and thereafter annually until the expiration of the lease or license, current at the date of the passing of this Act. Should the rent so fixed exceed the provisional rent as fixed under the last preceding sub-section, then the lessee or licensee shall pay the difference in the prescribed manner; should the said rent be less than the provisional rent, then the lessee or licensee shall be credited the difference.

20. The Minister may after report from the Commissioners postpone the payment of any rent or other moneys due to the Crown under this Act to such dates as he may determine with or without fine or interest.

21. If during the term of any lease or extension thereof, or during the currency of any occupation license, any public works shall be executed by or on behalf of the Government on or in the vicinity of any lease or license and by reason thereof the value of such lease or license shall be in the opinion of the Minister, after report by the Commissioners, be enhanced, a revaluation of such lease or license or any part or parts thereof shall be made (the provision of the previous section to the contrary notwithstanding), and the amount of increase, if any, so determined and the date from which such increased rent shall be payable shall be notified in the Government Gazette, and the rent or fee so increased shall thereafter be payable yearly until the end of the period of the lease then current.

PART SEVEN.
Disposal of Crown lands available for lease.

23. Before any Crown lands in the Western Division not held under lease shall become available for lease, the Commissioners shall recommend the areas and boundaries of the land to be offered for lease and the rent to be charged therefore, and if there are any improvements on the land they shall fix the amount to be paid therefore, which may be sued for in any court of competent jurisdiction by the Crown or other party entitled to be paid for such improvements.

24. The Minister may, by giving 30 days' notice in the Government Gazette, declare Crown Lands in the Western Division open for lease under the provisions of this Act, and such notification shall contain particulars as to the situation, area, rent, value of improvements, if any, upon such land, and shall also specify a period within which applications for leases may be lodged. Provided that the Minister on the report of the Commissioners may in like manner at any time withdraw such notification, and provided
that applications may be made at any time after the period notified in the Gazette in cases where the land is not under lease or promise of lease.

25. If any lands offered for lease in the manner provided in the previous section shall not be applied for within the period set apart for the receipt of applications, or should the applications be refused, the particulars of such lands may be again notified from time to time on the same terms and conditions as the Minister on the report of the Commissioners may deem desirable.

26. Applications for land notified in accordance with the provisions of the two preceding sections shall be made to the Commissioners on the prescribed form, accompanied by a deposit at the rate of twenty per centum on the amount of the first year's rent, as notified in the Government Gazette; and the Commissioners after inquiry shall recommend a lease to such applicant as they consider most entitled to it.*

All applications received after the period mentioned in section 24 shall be dealt with as having been received at the same time, and if more than one application is received for the same land wholly or in part, the land may be apportioned between the applicants or any of them, and any application may be rejected.

[* Very different to the original Homestead Leases scheme where competing applications were decided by ballot.
Rusheen Craig, May 2016]

27. Upon the issue of any lease under this Act, the name of the lessees, together with the particulars of the area, the rent, and the amount to be paid for improvements, if any, shall be published in the Government Gazette, and all moneys deposited by any unsuccessful application for a lease or an extension of a lease shall be refunded within 21 days from the date of refusal of his application.

28. Within one month after the notification in the Gazette referred to in the previous section the successful applicant shall pay the Under Secretary for Finance and Trade the balance of the first year's rent, and, subject to the provisions contained in section 29 the purchase money for any improvements, at such time and in such manner as the Minister on the report of the Commissioners shall direct, and shall execute the lease within the time and in the manner prescribed, and thereupon he shall be entitled to the issue of a lease, and upon failure to comply with the provisions of this section all moneys lodged in connection with the application shall be forfeited, together with all right to a lease of the lands in question without prejudice in any rights or remedies that might otherwise be enforced against him by the Crown or others by reason of such non-compliance.

PART EIGHT.
Improvements, ownership, and payment therefore.
29. Upon the expiration of any new or extended lease granted under the provisions of this Act, all the improvements thereon shall become the property of the Crown, and all improvements upon the land at the commencement of the said new lease, not being an extension of an existing lease, issued hereafter shall be paid for at the rate specified in the notification in the Government Gazette provided for in section 24 of this Act, together with interest at the rate of five per centum per annum on all accounts overdue, and the purchase money with any accrued interest owing for such improvements shall be a debt due to the Crown or the owner, as the case may be, recoverable in any court of competent jurisdiction.
Provided, nevertheless, that the Minister on the report of the Commissioners may assure or grant tenant-right in the following improvements, viz: - artesian and other wells, tanks and dams, scrubbing, clearing noxious growths, ringbarking, and fencing. No improvements of the class mentioned above, if effected without the consent in writing of the Minister, shall carry tenant-right therein, and the Minister, in giving such consent, shall fix the maximum amount that may be recoverable therefore from any incoming tenant for improvements owned by any person other than the Crown, nor to protect the improvements or interests of any such person.

31. If the improvements are the property of the Crown the Minister may permit the lessee to pay for them by installments including principal and interest thereon at the rate of 5% per annum, to extend over the whole term of the lease or in his discretion to charge rent therefore; and additional covenants for the payments of such installments and for the maintenance, repair, and protection of such improvements shall be inserted in the lease, and whenever such purchase money or interest, or part of either or both become overdue for a period of three months the purchase money and accrued interest remaining unpaid shall become due and payable and may be recovered by the Minister in any court of competent jurisdiction.

PART NINE.

Extension of area.

32. The holder of any conditional purchase, conditional, homestead or other lease, may apply on or before the thirtieth day of June next, on the prescribed form, for an additional area of land to enable him to make a livelihood thereby, provided that no increase of area will be permitted to any person -

(a) Who has become possessed of the land upon which the application is based since 1st January 1901.
(b) Who, in the opinion of the Minister after report by the Commissioners, is in occupation of a sufficient area of land to enable him to maintain his home or make a livelihood thereby.
(c) Who is not in bona fide and exclusive occupation for grazing purposes of the land forming the basis of the application.
(d) Who is the owner of lands elsewhere, which, taken singly or in conjunction with the lands held by him in the Western Division, are sufficient to enable him to maintain his home or make a livelihood thereby.

33. It shall be competent for the Minister after report by the Commissioners to allot an additional area of land to the applicant for an extended area in any part of the Western Division, notwithstanding the fact that the area so allotted does not adjoin any other lands held by him. Provided that any available Crown Lands adjoining, or wholly within ten miles of any lands held by him in that division, must first be exhausted before the applicant shall be entitled to acquire land elsewhere. Any area added under the provisions of this section shall be subject to such terms and conditions, including payment for improvements, as the Minister after report by the Commissioners may determine.

34. It shall be competent for the holder referred to in section 32, with the consent of the Minister, after report by the Commissioners, to acquire and hold - the provisions of the Crown Acts to the contrary notwithstanding - in his own name one or more homestead leases, and notwithstanding that the term of residence has not been completed on such homestead leases.

35. Notwithstanding anything to the contrary in the existing Crown Lands Acts, the holder of any homestead lease who has complied with the conditions of residence thereon may apply for and acquire, by way of conditional purchase, conditional lease, settlement or homestead selection, lands in the Eastern or Central Divisions of the State.
PART TEN.

Regulations by the Governor.

36. Whenever in this Act the expression "prescribed" is used in connection with any matter, and whenever in this Act "regulations" are referred to, the Governor may frame regulations for the purpose of giving effect to the matters which may be prescribed or in relation to which the regulations are referred to.

And the Governor may generally make regulations for the purpose of carrying this Act into effect, and may in those regulations provide for the enforcement thereof by penalties not exceeding in any case £10. Such regulations upon being published in the Gazette shall be valid in law. A copy of every such regulation shall be laid before both Houses of Parliament within 14 days from the publication thereof, if Parliament be then in session, or otherwise within 14 days after the commencement of the next ensuing session.

SCHEDULES.

SCHEDULE A.

Covenants, reservations, and exceptions referred to in section 18 :-

(a) To pay rent annually in advance.
(b) To take within a specified time, such steps and measures to destroy rabbits, dogs, and other vermin as the Commissioners may from time to time direct, and to keep the lease free of vermin during the currency of the lease to the satisfaction of such Commissioners.
(c) To destroy such noxious weeds as the Commissioners may from time to time direct.
(d) Except for the purpose of building, fencing or firewood, not to destroy or to permit the destruction of any timber on the lease without the written consent of the Commissioners.
(e) Not to obstruct or interfere with any reserves, roads, or tracks, or the use thereof by any person.
(f) To foster and cultivate such edible shrubs and plants, and take such steps in this respect as the Minister may from time to time direct.
(g) To furnish such returns or statements as the Commissioners may from time to time require in connection with any lease, license, or freeholds or conditional purchases in the Western Division, or worked in conjunction with any lease or license within the Western Division.
(h) To furnish such returns or statements as the Commissioners may from time to time require in connection with any sheep or large stock, cost of improvements, working expenses, or any other matter relative to any holding in the Western Division, or to any of the matters herein mentioned in connection with any property worked in conjunction with any lease or license in the Western Division.
(i) To permit the Commissioners and all persons authorised by the Minister or the Commissioners to enter and view the whole or any part of the lease or buildings or other improvements thereon.
(j) To keep in reasonable repair all improvements on the lease.
(k) Reservations in favor of the Crown of all minerals, metals, gems, precious stones, coal, and mineral oils, together with all rights necessary for ingress, egress, search, prosecution, and removal, and all incidental rights and powers.
(l) The unrestricted right to proclaim travelling stock, camping and other reserves. The unrestricted right to withdraw any land for the purpose of roads or travelling stock, camping or other reserves.
(m) The unrestricted right for the Minister, the Commissioners, or any persons authorised by him or them to enter upon and examine such lands and the improvements made thereon.
(n) The right, if the rent or license fee be not paid on the due date, to impose a penalty, not exceeding 10% per annum on the amount unpaid.
(o) A provision that if rent shall be in arrears for more than six months after due date, or if there has been a breach or nonperformance of any of the lessee's covenants or conditions the Minister shall cancel the lease.
(p) Provisions for resumption of lands for mining purposes, townships, or any public purpose under the provisions of the Crown Lands Acts, and for compensation for resumption.
(q) Reservations in favor of the Crown necessary or proper for giving effect to any Act or regulation for the time being in force.

SCHEDULE B.

Form of Oath.
I, A. B., Commissioner appointed under the Western Lands Act of 1901, do hereby swear that I am not, and shall not during my term of office under such Act be directly or indirectly interested in any land in the Western Division in any matter which may arise in connection therewith under this Act, and that I will well and truly, and without fear or favor, perform the duties of my office of such Commissioner.
THE REGULATIONS OF THAT ACT.

Homestead Leases and Pastoral Leases along with certain other forms of land tenure in the Western Division of New South Wales could be converted into Western Land Leases under the Western Lands Act of December 1901.

Western Lands Act Regulations.

RUSHEEN CRAIG, May 2016.

Government Gazette of the State of New South Wales
24 January 1902 [Issue No.70 (Supplement)], Page 607.

Department of Lands,
Sydney, 1st January, 1902.

WESTERN LANDS ACT REGULATIONS.
It is hereby notified, for public information, that His Excellency the Lieutenant-Governor, with the advice of the Executive Council, has, in pursuance of the Western Lands Act of 1901, made the Regulations hereinafter set forth, for the purpose of carrying into full effect the said Act.
W. P. CRICK.

The Commissioners.
1. Every Commissioner appointed under the provisions of the Western Lands Act shall, before entering upon the duties of his office, take the oath prescribed in Schedule B of that Act before a Judge of the Supreme Court.

Seal
2. The seal of the Western Lands Commissioners shall have a device and impression of the Royal Crown, and encircling same shall be the inscription, "The Seal of the Western Lands Commissioners, New South Wales."

To whom applications, &c., are to be addressed.
3. Whenever by the Western Lands Act or these regulations, any application, notice, document, or communication is directed to be sent or forwarded to the Minister, the same shall be addressed to the Minister for Lands, Western Lands Board Office, Sydney.

Public office hours.
4. The office of the Western Land Board shall be open to the public on all days, not being Saturday, Sunday, or Public Holidays, between the hours of 10 a.m. and 4 p.m.

Application to bring a lease or license under the Act.
5. An application under sections 13 and 14 of the Western Lands Act to bring a lease or license under that Act shall be made on Form 1, and shall be accompanied by a fee of £1 or a receipt showing that such fee has been lodged with the State Treasurer or any Crown Lands Agent, and shall be lodged at the Western Land Board Office, Sydney, on or before the 30th day of June, 1902. Where application is made by the registered holder of the lease or license, and such registered holder holds by way of
mortgage or other security, he shall forward a copy of the application, or notice thereof, within 28 days from the date of such application, to the mortgagor or person holding the equity of redemption of such lease or license. Where application is made by the holder of the equity of redemption of the lease or license, he shall forward a copy of the application, or notice thereof, within 28 days from the date of such application, to the mortgagee of such lease or license. Before finally dealing with any such application the Commissioners shall be satisfied that both the holder of the equity of redemption and the mortgagee are made aware of the existence of the application, but failure of either party to forward a copy of the application or notice as herein required shall not necessarily invalidate the application. Before forwarding the application the applicant shall make the declaration attached thereto.

Application to lease Crown Lands.
6. An application under section 26 of the Western Lands Act to lease Crown Lands shall be made on Form 2, and shall be accompanied by a deposit at the rate of 20& on the amount of the first year's rent, as notified in the Government Gazette.

Application for extension of area or to hold one or more homestead leases.
7. An application under section 32 and 34 of the Western Lands Act for extension of area or for permission to acquire and hold in his own name one or more homestead leases shall be made on Form 3, and shall be accompanied by a fee of £1, or a receipt showing that such a fee has been lodged with the State Treasurer or any Crown Lands Agent. Before forwarding the application the applicant shall make the declaration attached thereto.

Additional information may be demanded.
8. In connection with any application under section 24, 25, 26, 32, or 34 of the Western Lands Act, the Commissioners may demand any additional information they may consider necessary, and may also hold such inquiry as may be deemed advisable.

Approval of application to be notified in Gazette.
9. The approval of an application shall be notified in the Government Gazette; and the applicant shall pay to the State Treasurer such sum for survey as may be specified, within the period and in the manner prescribed in such notification.

Certificate that condition of residence on Homestead Lease has been complied with.
10. Any holder of a homestead lease may apply on Form 4 for a certificate that the condition of residence on such lease has been complied with, and the Minister, on being satisfied that such condition has been complied with, may issue a certificate to that effect.

Applications to effect and acquire tenant-right in improvements.
11. Applications for consent to effect improvements and to acquire tenant-right therein shall be made on Form 5.

Board Meetings, Notices, &c.
12. Meetings of the Board shall be held at such times and at such places as the Commissioners shall appoint.

13. Particulars of all transactions at any meeting of the Commissioners shall be recorded in a minute-book to be kept for that purpose.
14. Notice of the time and place appointed for any proceeding before the Commissioners, and of the
nature of the proceedings, shall be given to all parties concerned therein in Form 6, and such notice,
together with any subpoena or summons on Form 8, or any other document, may be issued by any
Commissioner, or, under the direction of the Commissioners, by the Secretary or other authorised
officer. Forms 6 and 7 shall bear a fac-simile imprint of the Commissioner’s seal.

15. Any such notice, subpoena, summons, or other document may either be served personally upon
the person to whom the notice is intended to be given, or be left at such person’s usual or last known
place of abode or of business, or be sent by post addressed to such person at any place.

16. If a person to whom any such notice, subpoena, or summons is to be given is absent from New
South Wales, or his place of abode or of business is not known or cannot be found, the Commissioners
may give such directions for substituted service on any other person, or for the substitution for service
of notice by advertisement in the Gazette, as may in their opinion be best suited to the circumstances of
the case; and on such directions being carried out, notice shall be deemed to have been given.

17. Not less than 14 days' notice of the time and place appointed for any proceeding before the
Commissioners shall, as far as possible, and except as hereafter provided, be given to all parties known
to be concerned.

18. If at the time and place appointed it shall appear that any party concerned has been overlooked in
the giving of notices, or that a notice, subpoena, or summons, intended to be given to or served on any
party has not been given or served, the Commissioners may order notice to be given for some future
day, although the same will be less than 14 days from the actual giving of such notice or from the date
of such order, and may in the meantime adjourn the proceeding.

19. If after notice of the time and place of any proceeding has been given to any party concerned he
shall fail to be present the Commissioners may proceed in his absence, and may adjudicate as fully and
effectively as if such party had appeared in pursuance of such notice; but the Commissioners shall use
every exertion to ascertain the true facts of the case.

20. The Commissioners may adjourn the further consideration of any case at any stage of the
proceedings to a specified date without being bound to issue fresh notices to any of the parties
concerned, or they may adjourn sine die such consideration.

21. In any case in which a party other than the Minister desires to be heard by an attorney or agent,
not being a barrister or solicitor of the Supreme Court of New South Wales retained for the purpose, an
instrument in writing, duly appointed such attorney or agent and defining the limits, if any, of his
authority, to bind such party in respect of the giving of consents and the making of submissions and
compromises, shall be filed with the papers in the case.

Inspection and Inquiry.
22. The Commissioners may at any time cause an inspection to be made in order to ascertain whether
the conditions, covenants, and reservations, in connection with any lease issued or brought under the
provisions of the Western Lands Act, have been, or are not being observed, the Commissioners may
hold an inquiry in open court, and the finding or recommendation of such Commissioners shall be
forwarded for the consideration of the Minister.
THE ENACTMENT OF THE 1901 ACT.

I have not done a study of the effects of the Act of 1901. I had thought that it would have been welcomed by all, but after doing a short survey on our so wonderful Trove (thank you so much to the team who make this possible) I was surprised by some of the reactions. I hope that others will be able to use the information on HLs and WLLs that I have provided to tell us all what happened.

Homestead Leases and Pastoral Leases along with certain other forms of land tenure in the Western Division of New South Wales could be converted into Western Land Leases under the Western Lands Act of December 1901.

The Enactment of the Western Lands Act of 1901.

The Western Lands Act was passed in December of 1901 and came into force on the 1st January 1902, but it was not until 1903 that the Western Land Leases were issued.

This is just a few reports of what happened as a result of the Western Lands Act of 1901 - it is not meant as a full representation of how the Act was received.

Jan 1902  Effigy of W. P. Crick burnt [to protest new Land Bill].
A largely-attended meeting of homestead lessees and others was held at the Darling Hotel [Pooncarie, about halfway between Wentworth and Menindie], to further protest against some provisions of the new Land Bill. The meeting unanimously expressed the opinion that the bill was dead against the settlers. The alienation of only one eighth of the pastoral holdings was totally inadequate to supply the wants of new applicants for land, and further extensions were required by the present lessees. The extension of tenure for 42 years was considered most unjust.

At the close of the meeting a number of women, the wives of homestead lessees, selectors and working men of the district, decided that the effigy of William Patrick Crick, Minister of Lands, be tarred and feathered and burned as a protest against the Minister's actions in "depriving the rising generation of their birthright by bringing forward such provisions."

The motion was duly put into effect before a large number of people.
The Mercury (Hobart), 24 Jan 1902.

Dec 1902  1136 Homestead Leases apply to become Western Land Leases by December 1902
The Western Land Commissioners have completed the work of determining the provisional rental for the whole of the Pastoral Leases and Occupation Licences, with a few exceptions, and for several hundred Homestead Leases.
Out of 309 Pastoral Holdings in the Western Division of New South Wales, applications were made to bring 298 under the Western Lands Act, and out of 1311 Homestead Leases 1136 applications were made*.
All lessees were invited to fill in comprehensive returns. The result shows appalling losses in stock and an extremely low carrying capacity at the present time. The revenue derivable under the provisional rental** will be much less than the rental now derived, and especially is this the case in the far outlying districts. It is expected that the provisional rental will be notified in the Government Gazette next week.
The Age (Melbourne, 2 Dec 1902).
Under the system a Homestead Lease and the Additional Homestead Lease held by the same person were combined to become one Western Land Lease. There were at least 130 Additional Homestead Leases, so 1136 applications could represent 1266 Homestead Leases and Additional Homestead Lease applications (depending on when those Additional Homestead Leases were granted). This could then equate to out of 1311 Homestead Leases 1266 HL and AHL applications were made. Note also that further applications were made and granted at a later date.

** The provisional rentals were so different to the actual rentals charged when the Western Land Leases were granted that I have not recorded them here. They can be seen at the Government Gazette of New South Wales (Sydney), Tue 25 Aug 1903 [Issue No.440] Page 6265 http://trove.nla.gov.au/newspaper/article/221038051?searchTerm=%22Western%20Lands%20Lease%22&searchLimits=exactPhrase=Western+Lands+Lease|||anyWords|||notWords|||requestHandler|||dateFrom=1903-01-01|||dateTo=1903-12-31|||sortby=dateAsc and then compared with the rentals that were required when the Western Land Leases were actually issued (WLL rentals shown on my website).
Rusheen Craig, April 2016.

Homestead Lessees unhappy about the Act.
Australian Town and Country Journal (Sydney), 25 Jan 1902.
The Western Lands Act of 1901 was not well received by the Homestead Lessees. A largely-attended meeting of homestead lessees and others was held at View Point to consider the Western Lands Act. Those present were unanimous in declaring that the bill, while in favor of large pastoralists, was dead against the small settlers, inasmuch as the alienation of only an eighth of the pastoral holdings was totally inadequate to supply the wants of new applicants for land, to say nothing of making provision for the extension of the area to those already in possession of leases.

The locking up of the balance of the land for the lengthy term of forty-two years was also considered most unjust, and the meeting was further of opinion that the member for the district should have placed the case of the homestead lessee more forcibly before the House.

Confusion over the terms of the Act.
A Legislative Maze.
Barrier Miner (Broken Hill), 18 Feb 1902.

All the capacity of the three capable gentlemen who have been appointed Western Land Commissioners will be called into use before they officially determine the meaning of all the provisions of the Act which they have to administer. There is grave doubt as to the meaning of even its leading provisions.

One authority, for instance, asserts that there are no such things as resumed areas now [This was half the land on runs on pastoral holdings that had to be offered as homestead leases. Rusheen Craig 2016] - that we have gone back, in one respect, to the state of things existing 40 years ago, that there is no country now open to selection, and that all that can be thrown open on any station is one-eighth the area of "the original lease." What "the original lease" is nobody knows for certain - nobody knows whether it is the first lease that was granted, or the lease that was granted after the runs were divided into leasehold [pastoral leases held] and resumed areas [available for homestead leases.] If it is in fact only
one-eighth of any holding may be taken, and that the resumed area is not available, then there was reason in the recent outburst of the selectors of Darling Point.

What the Act means we certainly are not sure about; but Parliament certainly never intended to lock up the resumed areas. If the matter is left where it is there must be expensive litigation in order to determine the meaning of the law; and even then we shall not positively get the intentions of the Parliament. Far better, therefore, in view of the prevailing doubt, to promptly make the matter plain by an amended bill. What people interested in the matter want to know definitely is; What is the meaning of "original lease" in section 17, and what portion of a holding can be taken from it?

Our own reading of the Act is that the resumed areas are not affected, except that before they can be acquired the Commissioners must first gazette the portions that may be acquired, and that save as to the provision resumed areas remain open for selection independently of and in addition to any eighth of a [pastoral] leasehold area which may also be withdrawn and made available. Of course under section 23 and subsequent sections the Commissioners may render any resumed area available for close settlement by granting a lease of it to the pastoral lessee. It is, in fact, most likely that the Commissioners will freely grant such leases for limited terms; this will be in lieu of the attachments which have been made occasionally under the old law.

The position as it appears to us is like this :-
No area is absolutely available for selection in this division until 30 days notice has been given regarding it (sections 23 and 24). The boundaries of the land and the rent required will be notified at the same time. The Commissioners may in this way make land available out of the resumed areas without giving compensation to the station holders; but if they think that there is better land on the leasehold area they may withdraw up to an eighth of that in one block by giving time-compensation as to the balance. (This reading is disputed, it is only fair to say again.) Those portions of the resumed areas which the Commissioners may judge are not likely to be required for selection they may lease to the pastoral lessee. Portions of the resumed area not thus dealt with will be open for selection, though only after the commissioners have classified and gazetted them.

It is competent, however, for any lessee to remain outside the Act. "If no such application [to bring a lease or license under the provisions of the Act is made, such lease or license shall be dealt with as if this Act had not been passed." The only difference will be that the Western Lands Commissioners instead of the present Land Boards will deal with matters affecting the holding; but they will deal with them not under the Western Lands Acts, but under the old Acts.

If a pastoral tenant prefers the conditions of his present lease, he may retain them. If he does he may keep his leasehold area intact, though he will be liable to lose his resumed area. If, however, he has got the latter attached, he will not be liable to lose it except on six months' notice. But, of course, if he keeps under the old Act, nor will he be able to more or less force his mortgagee to terms - "more or less," we say; because apparently the mortgagee can hold out indefinitely if he wants to under the new Act.

The Minister in Explanation (on two points)
Barrier Miner (Broken Hill), 6 Mar 1902.
Two of the main questions Mr. Crick would like to explain:
"There seems to be an idea," he said, "that if a person makes application to bring his holding under the Act he will be bound to accept such lease as the Commissioners may agree to give him. But this is not so. The landowner may not be satisfied with the terms of the lease which after reports from their
officers the Commissioners may agree to offer; and in that case the holder will be at liberty to withdraw
application until he can see his way to formally accept the new lease.

The next point is this: A lease contains certain provisions that the rent must be paid annually and in
advance. Many landholders think that if they were afterwards to abandon their holdings they would
still be liable to pay rent to the end of the period to which the lease was issued. No such obligation will
exist. The regulations as now drawn provide that a man can give a year's notice of his intention to
abandon his holding, and on doing so can leave it under the conditions which prevailed prior to the
passing of the Act."

Mr. Crick welcomed at Wentworth.
Barrier Miner (Broken Hill), 1 May 1902
Wentworth, Wednesday evening.
The Ministerial party, comprising Messrs. Crick, Williams, Scobie, McMasters, and others, arrived
here last night. The party was met four miles out by about 30 buggyloads of people and escorted into
town. When it arrived in the square the band played "Auld Lang Syne" in honor of Mr. Crick, who is
an old townsman and a native of Wentworth. The mayor, Mr. Bowring, presented Mr. Crick with an
illuminated address.

... Today Mr. Crick received a deputation from the homestead lessees and pastoralists concerning the
new Lands Bill. He lucidly explained the provisions of the measure, and at the end was accorded votes
of thanks and confidence in his administration. Many local matters were also brought before him, and
the deputation received most favorable replies.

Nov 1902 Amendments to the Western Lands Act
Barrier Miner, 5 Nov 1902.
Sydney, Wednesday.
A number of new and amended regulations have been gazetted under the Western Lands Act. They
deal principally with leases and transfers. It is provided, among other things, that upon the issue of a
lease a fee of 30s., together with £1 chargeable thereon as stamp duty, shall be paid by the lessee to the
secretary at the office of the Western Lands Board. A fee of £2 is payable on every transfer of a license.

Dec 1902 Applications and Provisional Rentals.
Barrier Miner (Broken Hill), 6 Dec 1902.
Out of 309 Pastoral Holdings in the Western Division applications were made to bring 298 under the
Western Lands Act; and out of the 1311 Homestead Leases 1136 applications were made.*

The work of fixing the provisional rental has been heavy. All lessees were invited to fill in
comprehensive returns on a form prepared by the Commissioners, and the invitations were largely
responded to. The results, of course, show appalling losses in stock, and an extremely low carrying
capacity at the present time. With these returns, and the evidence given before the land board at
previous appraisements, the Commissioners have determined the provisional rental.**

The Act provides for a further and final appraisement being made before the end of 1904 to cover the
first period - approximately about 17 years in Pastoral Leases, and varying from 17 years to about 27
years in Homestead Leases.

On this further appraisement being made there will be an adjustment of the provisional rental. If it is
too high there will be a refund by the Crown to the lessee. If it is too low, the lessee will be called upon
to pay the deficiency. The aim of the Commissioners has been to determine a provisional rental which will not need adjustment, but this, of course, in view of the very long period governed by the first appraisement, is not an easy matter.

It may be mentioned that the revenue derivable under the provisional rental will be considerably less than the rental now obtained. Especially is this the case in the far out-lying districts.

[* From the records of the date of granting of a Western Land Lease I would suggest that some applications for Homestead Leases to be converted into Western Lands Leases were made at a later date.

** When doing the individual rentals for each of the Western Land Leases I found that the provisional rentals were so different to the actual rentals that I did not give these provisional rentals - just the rentals that were actually charged when the Western Land Leases were issued from 1903. Rusheen Craig, May 2016.]

December 1902 Letter from an unhappy Homestead Lessee.
Barrier Miner (Broken Hill), 8 Dec 1902.
The Western Land Act.
Sir - "Western Tenant" is on a par with all his fellow western lessees - sorely perplexed at the way we western lessees are treated by the Lands Department and under the new Act. Instead of improving our situation it has worsened it. This Act has been about two years in construction; and though it has been passed a year everything is locked up. A person cannot take up any land, cannot get a lease of his present holding, neither can he get a transfer if he requires it.

What does the Minister mean? We western tenants fail to grasp the situation at all. As far as I can see the Minister gave us this new Act as a last bullet; and it was aimed fairly straight into the bargain, though, anyhow, it wouldn't take much to finish us western tenants, after this abnormal drought has been biting us savagely for the last seven or eight years.

Good land laws would certainly help us battle against adversity; but rotten laws and worse administration will hunt all us westerners away.

I, like a lot more, am leaving this wretched desert next year.
I am, &c.,
Western Lessee.

December 1902 Why the Western Land Leases hadn't been issued.
Many of the applicants were wondering why their drafts and counterpart leases under the Western Lands Act had not been delivered. The answer they were given was that it was necessary for all parties concerned that careful searches should be made in the Registrar-General's office and other offices of records to ascertain the exact condition of each case with regard to mortgage and non-mortgage cases before any lease was issued.
Riverina Recorder (Balranald, Moulamein, NSW), 31 Dec 1902.

1903 Western Land Leases still not issued.
Barrier Miner (Broken Hill), 7 May 1903.
By 7th May 1903 the Minister for Lands had still not been able to deal with the applications made by Western lessees to come under the Western Lands Act of 1901, although it was thought that this was imminent.

In many cases the common agreement between the mortgagor, the mortgagee, and the Commissioners had not been reached. If this was not done before the end of June the applicants will be out of court and their applications refused. Those who desire to avail themselves of the provisions of the Act were advised to lodge their common agreement with the Commissioners without delay.

1903 Mr. Crick thought he had done well.
Barrier Miner (Broken Hill), 21 Aug 1903.
The Assembly.
... On the Crown Lands Act Amendment Bill second reading.
Mr. Crick (Lands), in a lengthy address, replied to the criticisms on the bill. When the Western Lands Act was before the House, reports, he said, were published that he had been burnt in effigy. He went to that part of the country where he had been burnt, for it gave him pleasure that a great number of people should roast him. He did not consider himself, but during that long journey to the West only one hand was held up against the Act. The people in the West had been so long thirsty that when they found a person who would shout liberally for them, they wanted him to stay longer than he did. (Laughter) The Western Lands Act had practically achieved its object. It had done all legislation it possibly could to ameliorate the condition of the West. Legislation, however, was of no use until the West got rain. That the Act had exceeded the anticipation of those who were its warmest supporters, no doubt was due to the capacity of three gentlemen who administered it. If the positions were again to be filled the Government could not do better than to reappoint them.

The second reading was agreed to.

1904 The Western Lands Act and the Homestead Lessees.
Barrier Miner (Broken Hill), 26 May 1904.
It would be a little short of marvelous to find an Act which gave satisfaction to all parties, and the passing of the Western Lands Act has, it seems, has not brought the realization of that marvel any nearer. Both Homestead Lessees and owners of Pastoral Holdings have from time to time recorded their complaints regarding the workings of the Act, so that it is probable that when the members of the Western Land Board pay their promised visit to the Barrier next month they will find much to engage their close attention and inquiry.

A Homestead Lessee who was in Broken Hill the other day entered into conversation with a "Miner" reporter concerning the shortcomings of the Act from a small holder's point of view, and strongly urged the necessary amendment so as to bring the new law in its practical application more in line with the intentions of the legislature. The gentleman in question appeared to be very thoroughly dissatisfied with the workings of the Act, alleging that any Homestead Lessee coming in it has benefited thereby.

"We have," he continued, "surrendered our own lease and the right to our own improvements erected prior to 1901, and in exchange for what are we offered? Apparently something sufficiently substantial. We are given the right to apply for an extension of area and a reduction in rent; besides having edible shrubs and timber reserved on our holdings. These are really the benefits which the Legislature supposes we are going to derive from the Act.
"But how does it work out? A man applies for an extension of 20,000 or 30,000 acres - the general thing up to the present* - but in most cases the applicant has been met with a grant of from 5000 to about 16,000 acres. And these applications to come under the Act had to be made before June 30, 1901, otherwise the small holder will be shut out altogether from getting an extension at all. I am aware of applications being made for an extension on attached areas which have been refused. In some cases where the applicant was able to show that the land applied for was available, reconsideration of the case was promised."

The lessee proceeded to point out that where a serious difficulty crept in was that within 100 miles of Broken Hill the land was all attached areas, the resumed areas
[* I didn't come across any requests for the addition of so much land in anything in the Homestead Lease Registers. , nor do I think it would have been allowed under the old system. Rusheen Craig, May 2016]

1905 Western Lands.
The Braidwood Dispatch and Mining Journal, 4 Jan 1905.
In accordance with the provisions of the law, the Western Land Commissioners have re-apprised the rentals of lands in that division of the State.

There are about 80,000,000 acres of land in the division, of which the Commissioners have dealt with 50,000,000. this area covering the lands provisionally held under pastoral lease or occupation license.

Under the Act there are 261 western lands leases and 131 occupation licenses. The areas vary from 10,000 to 1,081,422 acres; the rentals vary from £2 annually to £1596. Two-thirds of the leases are held by mortgage companies and banks.

The aggregate rentals under the old Crown Lands Acts were £136,000 per annum. This was provisionally reduced, on the appointment of the board three years ago, to £102,000. The present reduction brings the total rentals down to £51,000, which represents the lifting of a big load from the shoulders of the occupants.

The Minister for Lands, Mr. Ashton, says :- "From the point of view of the Government the loss of revenue is a very serious one, but it may be hoped that one result of the generous treatment of the Crown lessees represented by the new assessment will be the infusion of life in the Western Division to a degree that has been conspicuous by its absence for many years past. The alternative of reducing the rentals was wholesome abandonment of the country."
